New Technology Open Forum, Thursday, June 22, from 1:30-3 p.m. in the Thompson Library, Room 210: Is there a new technology you'd like the Libraries to consider implementing? A technology that would help you better serve our users, or that would allow you to perform your job more efficiently? Then please plan on attending the Libraries' New Technology Advisory Group's "Open Forum." This brainstorming session will help the New Tech Group determine which technologies we should be investigating, and which ones should have top priority in being researched and implemented. We want as much input as we can get from the Libraries' faculty and staff, so bring your suggestions. Questions? Contact Scott Foster, <mailto:foster.80@osu.edu>.

"Building Community by Welcoming Diversity," Thursday, July 6, 8:30 a.m. - 4:30 p.m., Science & Engineering Library, Room 090: This full-day, interactive participatory workshop designed to promote awareness and increase sensitivity to the many similarities and differences among groups and individuals in our society. The workshop helps participants to:

- * Celebrate their similarities and differences;
- * Identify the misinformation that they have learned about other groups;
- * Recognize the internalized negative feelings and behaviors that they direct towards members of their own groups;
- * Claim pride in their own group identities;
- * Learn about the personal impact of discrimination through the telling of stories, and
- * Gain empowerment by learning concrete tools for effectively interrupting prejudicial remarks, jokes, slurs and behaviors.

The workshop is being facilitated by Patrick Hall, Michelle Jacobson and Shakeer Abdullah, the university's representatives to the National Coalition Building Institute. There is no charge for the session, but registration is required so we have a count for the catered lunch being provided at the session. There will also be a continental breakfast from 8:30-9 a.m. For additional information, or to register for the program, please contact Eleanor Block <mailto:block.3@osu.edu> or 7-6769. Please register no later than Friday, June 30. Presented by the OSU Diversity Committee.
