Gist . . . of the News

HAVRE, Mont., Oct. 16—(AP)—Rep. Wesley D'Ewart (R-Mont.) said he had been informed an 18-year-old Marine private, "was sent into combat and killed after only 54 hours training" after being called to active duty.

The information, he said last night, came in a petition from residents of Fairfield, Mont., the youth's hometown. The petitioners asked an explanation and requested assurance reservists would be given better training.

The petitioners identified the dead youth as Pfc. Gene Lease of Fairfield.

LONDON, Oct. 16—(AP)—A British Air Ministry official said today United Nations planes have put 1,059 North Korean tanks out of action.

Aidan Crawley, parliamentary undersecretary for air, told newsmen that 540 of the tanks had been utterly destroyed.

MONTE CARLO, Oct. 16—(AP)—Soviet Russia asked the International Red Cross today to promote the outlawing of atomic bombs.

Russian delegate Boris Pachkov submitted a resolution to the 21st meeting of the board of governors of The League of Red Cross Societies calling on the Red Cross to work for "peaceful ideals and the prohibition of atomic weapon."

Delegations from Red Cross societies of 57 nations agreed to discuss the resolution later this week.

NEW YORK, Oct. 16—(AP)—The World Medical Association said today the new internal security act has apparently held up 23 foreign delegates who had planned to attend an international medical meeting here.

Dr. Louis Bauer, secretary general of the association, said the medical men probably were caught in the mass cancellation of visas last week.

Illi-Dell Visits Campus

A group of University of Illinois students, known as Illi-Dell, visited the Ohio State chapter of Alpha Gamma Sigma, agricultural fraternity, over the week end.

Parking Situation Causes Comment From Observers

Varied opinions are flying around campus on the parking situation. Students, faculty, and employees, and off-campus observers have spoken their minds on the subject.

Bob Thomas, Eng-4, believes that cars should be banned from the campus. He cites the congestion caused by the Icebreaker Dance publicity car as a reason.

Dick Motts, Com-2, thinks the present plan is doing the right thing. That is, having student lots on the fringes of the campus and parking for disabled vets, faculty, and employees of the University near the Oval.

Francis Cunningham, Ag-Ed-4, states that he believes the plan isn't fair to the students. The opinion of a faculty member is that the parking situation is bad everywhere.

An un-named University employee is in favor of the policy, "disabled GI's and students first."

Three off-campus girls (one from Bowling Green University and two from the University of Cincinnati) think that it doesn't seem fair to

The new members of the Ohio Union Board of Overseers have just completed an orientation of their duties and are ready to plan Candlelight Inn, the Kaffee Klatsch, and other Union activities. From left is Richard Von Kaenel, L-1; Barbara Guy, Ed-3; John Spence, Com-3; Roland Fox, Com-3; and Barbara Moore, A-3. Standing left to right are Gordon Bricker, Com-4, and James Hilborn, Engr. 4.

Rubinstein To Appear In Concert

Artur Rubinstein, distinguished pianist, will appear here Jan. 24, as one of the guest artists in the Hast-Amend Civic Concert Series. The series, which begins Oct. 27, is being presented at Memorial Hall.

Mr. Rubinstein, who has been heard by more people than any other living pianist, began his career in his teens, acquiring a fabulous reputation throughout Europe before his American debut in 1906.

The Hast-Amend series opens with James Melton, American tenor, Friday, Oct. 27, followed by the opera, La Boheme; Isaac Stern, brilliant American violinist; the dePaur Infantry Chorus, and the Ballet Theatre, America's great ballet company.

Season tickets are on sale at Heaton's Music Store.

Woman Granted Voice In Ohio Union Government

University Trustees Approve Appointment Of Two Campus Coeds To Board Of Overseers

For the first time in 40 years, women students will have a voice in the government of the Ohio Union.

The Ohio Union Board of Overseers, the governing body of the Union, is now composed of Barbara Guy, Ed-3; Barbara Moore, A-2; Gordon Bricker, Com-4; Roland Fox, Com-3; James W. Hilborn, Engr-4; Richard Von Kaenel, L-1; and John Spence, Com-3.

The coeducational Board was approved by action of the Board of Trustees last April, after a recommendation of the old Board of Overseers which made a study of other college Unions.

The purpose of the Overseers is the direction of the affairs of the building and to govern the activities of members, guests, and organizations using the building. It may suspend Union membership, deny the privileges of the building, and impose fines to maintain discipline.

Other members of the Board of Overseers include Vice-Presidents Bland L. Stradley and Jacob B. Taylor; Brooke Allo-

way, '36; Charles A. Kuntz, University Comptroller; Carl E. Steeb, Secretary of the Board of Trustees; and Prof. Donald Kays of the Animal Husbandry Dept.

Ex-officio members of the Overseers will be Frederick Stecker, Ohio Union Director, and Paul H. Elleman, Director of the Physical Plant.

Foreign Student Says . . .

Only Pro-Communists May Attend Slovakian Colleges

By Edward Green

"It's swell to be in America," said curly-haired, blue-eyed Dominik Kvietok, a Slovakian studying at Ohio State. "The people here are so much friendlier than they are in Europe. I like it."

Kvietok left his own country in 1945 after three years at the University of Bratislava and went to Austria. In 1946 he went to Germany where he studied at the University of Munich for a year.

For the next three years Kvietok was secretary of the Central Slovak Social Committee, an organization to help Slavic refugees. During this time he also worked for the YMCA and the International Refugee Organization.

He came to America from Germany last May. This is his first

Republicans First To Use New Ruling

Republican candidates for state offices are the first to take advantage of the Ohio State Board of Trustees' action to give political parties one day to hold meetings on the campus.

Candidates who will appear on the campus for the first time Thursday from 4 to 5 p. m. in University Hall Chapel include:

Sen. Robert A. Taft, and Congressman John M. Vorys, both candidates for re-election.

Candidates for State Legislature who will appear on the program are Horace Tropp, attorney at Westerville and professor at Otterbein College, Cline Roberts, chosen man of the year by the Columbus Junior Chamber of Commerce, and William O'Neil, of Marietta, candidate for Attorney-General.

O'Neil at the age 29 was Speaker of the House and is the youngest man ever to run for the state legislature.

The meeting is being sponsored by the "Taft for Senator" campus committee.

The Trustees' action allows each of the political parties the names of whose candidates appear on the official ballot at the coming election, to hold a meeting on the campus on a day prior to the day of election.

The chairman of each political party shall be wholly responsible for the arrangements of the programs, the selection of speakers and the details of the meetings.

The new ruling of the board followed a resolution of the Student Senate in April. The resolution stated that, "The Trustees modify the rule pertaining to political speakers so as to enable the student body to hear and participate in free and objective and full discussion of all issues and thus become better educated and better citizens."

The action allows the University to provide space and other facilities for such meetings but the University has no control or responsibility for them.

Ice Revue At Coliseum

"Holiday On Ice of 1951," two and a half hour ice revue which is again making its annual tour of the United States and Latin-America, returned to the Ohio State Fairgrounds Coliseum on Saturday, Oct. 14, to play nightly through Monday, Oct. 23, with matinees on Sunday, Oct. 15 and Oct. 22.

Tickets are now on sale at Heaton's Music Store, 50 N. High St.

make students park so far from the buildings.

A campus policeman expressed the opinion that the situation is worse this year than last. He said that parking spaces downtown are becoming as hard to get as those on campus.

Paul Elleman, of the Service Dept., says of the situation, "We are trying to take care of it as best we can."

Besides the five new parking areas under construction (behind Arps Hall, south of Campbell Hall, rear of the Naval Armory, near Mendenhall Lab, and south of the Library) he states that the Stadium lot has been increased by 200 spaces and will later be enlarged

Fraternity Mothers At Purdue

There were some nice ladies who lived at OSU. They had so many children, they didn't know what to do. They solved all their problems, and our problems too, by spending two weeks at dear old Purdue!

Five fraternity and sorority housemothers spent 14 days at Purdue's school for housemothers this Summer. They were Mrs. Bradshaw, Acacia; Mrs. Lambert, Sigma Alpha Epsilon; Mrs. Hart, Kappa Alpha Theta; Mrs. Lybarger, Delta Zeta; and Mrs. Coughman, Alpha Chi Omega.

The program included instructions on meal planning, student counseling and other problems common to housemothers.

"There really isn't much difference between the two," Kvietok answered when he was asked to compare the school systems here and in his homeland.

Slovakian children go to public schools four or five years. Then they enter the Gymnasium for eight. Gymnasium would compare to our high school plus about two

J-V's Down Wittenberg Tigers After Trailing Most Of Game

By Reed Trask

Ohio State's rugged Junior Varsity football team outlasted the Wittenberg Varsity at Springfield, Saturday night to ring up their initial win of the campaign, 20-14, in a thriller that had 4,000 Dad's Night partisans on the edge of their seats throughout.

Wittenberg's Tigers led the Junior Bucks most of the evening until pile-driving fullback Roger Moritz pounded over from the six with seven minutes remaining in the game.

This last rush to paydirt had started from midfield and was featured by two long gains by the fancy stepping wingback, Earle Gentile.

Gambill Top Rusher

Steadiest groundgainer of the evening, however, was right half David Gambill, who slammed his way for 131 yards of the total 313 rushing yardage compiled.

Jay-Vee Coach George Staten has rounded his squad into a solid, hard-hitting unit since their opening loss to Pittsburgh's Juniors, 16-7. Fumbles continued to plague the Bucks, however, as they bobbled seven times, five being recovered by the opposition.

State scored first in the opening minutes of the contest when big John Manyak, defensive end, snagged a Wittenberg flat pass on the Tigers' 43 and scampered the distance untouched.

Quarterback Richard Arledge missed on his placement try, but converted on his next two attempts.

Before the first quarter ended, Wittenberg bounced back to take the lead as Tiger halfback Bill Varble swept around State's right end and rambled 79 yards to score. Wittenberg converted, and held a 7-6 advantage at the half.

John Manyak, sophomore end, got the Junior Varsity off to a flying start Saturday at Springfield when he grabbed a Lutheran pass early in the first period and dashed 43 yards to the final stripe. It proved the margin of victory as the Bucks edged Wittenberg 20-14.

tenberg converted, and held a 7-6 advantage at the half.

Coach Tom Ness's determined Tigers drove to another TD on a 29-yard pass play, coming all the way from their own 12 with the second half kickoff.

Scarlet Rolls

It was here that the Buckeyes went into high gear. Moritz, who had 110 yards from scrimmage, led an 82-yard march for the Bucks.

second touchdown.

Gambill went the final 29 yards on a nifty cut back. He was aided by a beautiful key block by sophomore end Jim John.

With the Bucks leading 20-14, and time running out, Wittenberg very nearly pulled the contest out of the fire on a sleeper pass play that went all the way to the Jay-Vee 15, but was nullified by a Tiger clipping penalty.

Staten was well pleased with the overall play of his charges, and he is optimistic over the squad's chances this Friday when the Junior Bucks play host to Purdue's Jay-Vees.

Browns Rally In Second Half To Top Cards

CLEVELAND, Oct. 16—(AP)—The Cleveland Browns came from behind and beat the Chicago Cardinals, 34-24, on a rally and a change of pass patterns, says Coach Paul Brown.

The coach couldn't explain the rally except to note that the Cards had been carrying on some "conversations" across the scrimmage line when they were leading his team.

But he knew all about the pass pattern change. Cardinal guarding, he explained, was "very tough" against Brown receivers running towards the sidelines here Sunday. So he had his ends start crossing

Buckeye Rooters, Team Enjoy Trip To Indiana

By Thad Gardner, Lantern Sports Editor

Indiana established itself firmly as one of Ohio State's favorite opponents by their fine all-around hospitality at Bloomington, Saturday. The Hoosiers fell to the Bucks for the 20th time in 32 meetings, 26-14.

On the field they were good enough to keep the Scarlet on its toes throughout but yet not score a victory. The afternoon was exciting but not nerve racking like the SMU affair. They didn't drop lead like Pitt.

The spectators enjoyed many rare privileges. First the trip was very scenic, especially to those who travelled route 46. Buck fans cruised around the town like a parade of GI's in a conquered city both before and after the game.

Parking was not a grave problem as it was possible to get within a few blocks of the stadium instead of a few miles. The arena itself was quaint with no posts to bother you. Many 3A ticket holders received the shock of sitting between the goal lines. Ohio State rooters

Walter Klevay, Halfback

One of the stars of Saturday's Indiana game was the speedy ball carrier from Independence who put the Buckeyes back into the game with a spectacular 93 yard run back of a Hoosier kick-off in the second quarter.

Summary of Scoring, Indiana—D'Achille passed to Don Luft in end zone from four-yard line. D'Achille's placement was good (7-0). Eleven minutes of second period to go. D'Achille bucked over from one foot out and the second touchdown with 2:20 to go in game. (26-14.)

Ohio State—Walt Klevay took kickoff from seven-yard line and ran for a TD. Vic Janowicz's placement was perfect (7-7) with 10 minutes 40 seconds to go in second quarter. Janowicz passed eight yards to Tony Curcillo in final seconds of first half. Point try no good. Chuck Gandee crashed through the middle from the three. Only two minutes to go in third quarter. Janowicz's kick good (20-7). Skip Doyle passed to Ray Hamilton with seven minutes left in game. Conversion bad (26-7).

Dick Zink Wins Lantern Football Prediction Duel

By Jim Mee, Contest Editor

In the closest contest in the history of the LANTERN prediction Dick Zink made off with the first prize, Earl Grimm took second, and Lester Stout garnered third. The big squeeze was not in the first and second place spots, but in the third.

Stout had nine of the twelve correct as did close to twenty other entrants, but he was only one point off of the score of the Ohio State-Indiana game, picking the Bucks to win 27-14 rather than 26-14.

Zink and Grimm both had ten out of twelve with Zink picking the score 28-13 and Grimm 21-13. The winner missed on the Purdue-Miami tilt while Grimm miscued on the North Carolina-Wake Forest game as well as Purdue-Miami.

The Miami upset of Purdue ruined most of the ballots from being perfect, but three contestants picked the Hurricanes to down the Boilermakers. Although the Gold and Black brought the Notre Dame 39 game win streak to a screeching halt, Coach Stu Holcomb could not get his charges up for the Miami fracas.

Another spoiler for contestants, as well as sports staff experts, was the 14-13 win by Oklahoma over the Longhorns of Texas. A seven point underdog before the game, Bud Wilkinson's Sooners turned back the Orange and White and

extended their win streak to 24 straight.

This week a new ballot gives LANTERN readers another chance to try and predict the winners of the major games of the week, and maybe out-fox Old Man Upset.

Winners in last week's contest can pick up their prizes at the LANTERN business office, 213 Journalism Building.

Browns Recover In Second Half And Beat Cards

(Continued from Page Two)

behind the center of the Card line and had Quarterback Otto Graham start pitching up the middle of the field.

That and some rugged defensive line play netted the Browns 24 points in the third and fourth quarters, more than making up the 14 markers by which Chicago had been leading.

The win shoved the Browns ahead of the New York Giants in the National Football League's American Conference standings. The Giants, who beat Cleveland two weeks ago but lost to Pittsburgh Sunday, will meet the Browns Sunday in New York. Cleveland has won four and lost one. The Giants have won three and lost one.

Passes from Graham to Dante Lavelli produced the two touchdowns which tied the Browns with the Cards in the fourth quarter and the defensive line indirectly set up the 18-yard field goal by Lou Groza which put Cleveland ahead to stay.

Ezzard Charles' Foe May Be Bill Weinberg

NEW YORK, Oct. 16—(AP)—Whether Heavyweight Champion Ezzard Charles will meet Bill Weinberg of New York in a Nov. 28 title bout in Cincinnati remained problematical today.

It appeared to be a question of getting permission from the Cincinnati Boxing Commission to close such a match, and the decision may not come before a special meeting of that body, probably on Wednesday.

College Grads Desired In Journalism Field

Aspiring scribblers take heed.

You don't have to have a sheepskin to follow the trail of the type-writer ticklers but it sure helps. According to Virginia Thomas, narrator on the Columbus Employment Bureau's radio show "Career Time" managing editors are giving more and more preference to college graduates.

A journalist should combine an education in an accredited school of journalism with a liberal background in economic and social science courses. Two Ohio schools, Ohio State and Ohio University, have been approved by the American Council on Education for Journalism.

The number of students graduating from journalism schools has increased since the last war, according to the Employment Bureau's survey. There are, however, a large number of related fields, such as advertising and public relations, which provide an ideal out-

let for journalism graduates.

The field of spot news coverage is still dominated by the male, according to Miss Thomas, however, the weaker sex has taken over the society and women's pages.

Wages for reporting are rated as moderately good by the bureau. The average starting wage ranges from \$35 to \$45 per week, while an experienced reporter

may earn \$60 to \$125 per week.

"Career Time," which discussed a career in journalism last Wednesday, is a 15-minute radio show sponsored by the Columbus Employment Center. The show is broadcast every Wednesday at 5 p. m. over WOSU. Each week a different career is discussed and the results of surveys taken by the Employment Bureau are reviewed.

Damon Runyon Cancer Fund To Get Proceeds

A national drive to raise funds for the Damon Runyon Cancer Research Fund is being sponsored by the Fraternal Order of Eagles throughout the United States and Canada. More than 1800 lodges will promote barn dances during the month of October and the entire proceeds are to be turned over to the national chairman Walter Winchell.

Eagles of Columbus and University members are sponsoring a barn dance in Memorial Hall on Wednesday, Oct. 18. Four well-known orchestras will furnish the music for both round and square dances.

Chairman Judge William C. Bryant announces that the county commissioners have donated the use of Memorial Hall. Stage crews and city employees have also donated their services, making it a 100 per cent benefit.

Tickets are \$1.00 a couple and can be purchased at South Side, Aguilera and Columbus 297 Aerie Offices, and at the Neil House, Deshler-Wallick, New Virginia, Fort Hayes and Chittenden Hotels.

Last year Ohio State received \$35,000 for cancer research.

Blast From The South

In leafing through the exchange issues at the office, we came across an editorial in the Crimson White, the student newspaper at the University of Alabama, which particularly troubled us.

It concerned Negro admission to Southern universities. This editorial, on Oct. 10, was evidently intended to clarify its stand in a previous editorial.

It said, "The Supreme Court has upheld Negroes' claims for admission to a number of other Southern universities. They would undoubtedly rule the same way if the situation ever came up here. (Alabama).

"When it does, Negroes will have to be admitted.

"When they are, there's no use drowning ourselves or transferring to Auburn.

"We did not mean or say we favored the entrance of Negroes. We certainly do not.

"We are not in favor of abolishing segregation, nor do we believe it necessary. Negroes could be segregated in classrooms just as they are on buses.

We wish Negroes would stay away. However, we don't believe they will. And the university will go on existing with them around."

We cite this as an example of how bigoted and prejudiced the editor of a college paper can become.

No real solution to the racial discrimination problem can ever come while there remain people with attitudes like this in positions of influence.

The supposedly light touch about "drowning or transferring to Auburn" in relation to a very serious problem particularly gets our dander up.

With Negroes performing very creditably in Korea, and with an award for distinguished efforts for world peace going to a Negro, Dr. Ralph Bunche, we think that they deserve every right to an education.

We don't particularly think they'd want to go to a school like the University of Alabama, if this sort of attitude is prevalent there.

Why can't the South realize that just because a man's skin is another color, it doesn't necessarily follow that he is inferior in any way to us?

We're more happy than ever to be going to Ohio State, after reading an editorial like that.

Why Not Originality?

We noticed with interest the story on the front page of Thursday's LANTERN, to the effect that the Council of Men's Organizations has resolved to sponsor bigger and better football rallies.

Dave Campbell, chairman of the rally committee, said that the failure of the rallies was not the fault of a few individuals or organizations, but the fault of every Ohio State student.

That would be fine, if every Ohio State student knew about them.

We content that publicity has been sorely lacking. How can you attend a rally when you don't know it's being held?

The five-step plan COMO advocates is all right as far as it goes, but it fails to take into consideration one of the basic reasons for poor support—lack of variety.

Many students complain of the "same old thing" and "just standing around." Why not do something original to make students want to come to rallies, rather than regard them as a necessary evil or chore?

Also, we'd like to hear, in connection with the letter from a student on this page today, a definite statement from COMO about the attendance trophy.

Editor's Mail Bag . . .

Editor, the LANTERN:

In the Thursday, October 12, issue of the LANTERN, there was an article concerning the football rallies.

It states that in a meeting at Page Hall Wednesday night, the COMO drew up and unanimously approved a five-point plan designed to encourage students to attend football rallies.

The fourth point was, "giving a trophy to the organization having the greatest representation at the football rallies." To this statement I would like to take issue.

In 1949, the COMO placed such a trophy in competition. It was a trophy to be awarded to the organization with the largest attendance at the rallies. This trophy, if won three years in a row by the same organization, was to become permanent property of that organization. This trophy is in competition for all independent and organized organizations.

For the last two years, the Buckeye Club of the Stadium dorm has won the trophy. The COMO evidently doesn't remember its trophy or else it doesn't want to because an independent organization and not a fraternity has won it.

I would like to suggest that the

LANTERN investigate this trophy and let the students at Ohio State know about it. It is about time that recognition should be shown to those who deserve it, regardless if they are independent or fraternities and sororities.

John L. Patterson, Engr-2, Stadium Dorms.

(Editor's Note—The Lantern will definitely investigate this complaining, and see just how COMO, the Council of Men's Organizations, plans to handle the awarding of such a trophy. This should be cleared up before any definite plans are made.)

Political Roundup . . .

What They're Saying

(From Associated Press)

Governor Lausche

The governor says he has taken away what he termed "special privileges from gamblers, strip mine operators and those who operated overloaded trucks on Ohio highways."

Don Ebright

Speaking in Galion, Ebright said Gov. Lausche has "turned a deaf ear" to Ohio schools. He cited Lausche's veto of a school appropriations bill in 1945, during the governor's first term and added:

"Ohio must meet its school problems. We don't want the federal government taking over our schools."

Joe Ferguson

"I'd like to ask my opponent if he thinks it's a good move to try to appease the Kremlin. And I would like to know if Taft thinks the chance the Stassen letter gave the Russians for a big propaganda blast was good politics or good patriotism."

Ferguson asserted that the best way to deal "with the aggressors in the Kremlin and elsewhere is through regular diplomatic channels."

The Democratic senatorial candidate also set down his own foreign policy. He said he believes in a "firm policy—one that is enforced by our regular and official authorities—one that can meet crises when they arrive—just as the President met the Red attack on South Korea."

Senator Taft

"The PAC has taken over the Democratic Party in Michigan and many other states. They have taken over my opponent, and are organizing his campaign.

"I see no Democratic Party action in this campaign. All the billboards, literature and other similar activity have been taken over by the PAC."

Finally Finds Out Who Has Wake Island; Not Navy, Not Interior Dept., But CAA

By James Marlow

WASHINGTON, Oct. 16—(AP)—We finally woke somebody up about Wake Island. Took some banging on the door, though.

All we wanted to do was find who had charge of it. Navy? Interior Department? Who? Finally found out. You'd never guess.

You know Wake Island. Out in the Pacific. Place where President Truman and General MacArthur, it's rumored, met.

The U. S. owns it. Took it from Spain in 1898. Just a dot in the ocean: about 2,000 miles from Tokyo, 4,300 from San Francisco.

Was a Navy coaling station one time: 4½ miles long, 2½ miles wide. Pan-American Airways set up an airfield there in 1935.

It really got on the map and into the news on Dec. 8, 1941 when the Japanese attacked it, one day after attacking Pearl Harbor.

Remember it? Brigadier General (then Major) James P. S. Devereux and a handful of Marines defended it 14 days before they had to surrender.

Then this week, after President Truman said he'd meet MacArthur some place in the Pacific, we heard it rumored that the "some place will be Wake."

My office heard about it. We called one of our men at the Navy Department and asked him if the Navy has charge of Wake.

He checked and called back and said "nope," that the Navy people thought that maybe the Interior Department has charge of Wake.

We called our man at the Interior Department. He checked there

and called back. "Nope," he said. The Interior people seemed to think Navy had it.

But Navy had said no. Then somebody got the bright idea maybe the CAA has charge of it.

(That's the Civil Aeronautics Administration which is one of the main bosses over American Airlines, where they stop and fly.)

We knew some planes use Wake, commercial planes, that is. So we asked our man at CAA to see if CAA has charge of Wake. He checked.

Nope, he reported back. He said the CAA people thought it belonged to the Navy.

At this point we began to get worried. Here was a piece of American real estate, but even though the lots there might not be worth as much as in downtown Washington, we figured it ought to have a landlord some place.

We didn't know where to go next but the next day our CAA man reported:

CAA people remembered they have charge of Wake, after all. Seems the Navy turned it over to CAA in January, 1949.

And CAA employs a manager who is also a U. S. Deputy Marshal, a title and position which make him Chief of Police on the island, too.

All that was left there after the war were a concrete airport control tower and a 5,600-foot coral runway for planes.

The CAA rebuilt this into a 7,000-foot hard-surfaced strip, with a 1,400-foot coral extension. And now it's quite a busy place for planes.

Yes, but what kind of hotel accommodations for the President and General MacArthur if they meet there?

So far as he knows, a CAA man told me, there are only five quonset huts on the place.

Then he was asked what arrangements were being made for the meeting of the two important men.

"When we learned about the meeting, we gave instructions to set up a radio-teletype hookup."

Since the CAA man said the arrangements were being made, it seems certain that the President and the general are going to meet at Wake after all, although no one has said so officially.

In case you're wondering what Brigadier General Devereux is doing now, he's running for Congress on the Republican ticket in Maryland.

Train Hits Cow, It's Cow's Fault

LITTLE ROCK, Ark.—(UP)—It's the animal's fault if it gets hit by a train in Arkansas.

A recent decision of the Arkansas supreme court was that a railroad engineer cannot be ruled negligent if a train kills an animal on the tracks.

A further ruling was that the blast of a train whistle is sufficient warning for animals to get out of the way of a train.

Museum Shows Colonial Fabrics In October Show

A collection of Scalamandre textiles is on display this month at the Ohio State Archaeological and Historical Museum.

Part of the "Historic Reproduction and Contemporary Textiles" exhibit, the textiles, shown in five-yard lengths, are reproductions of fabrics representative of the colonial period. There are original fabrics that were used in Jefferson's home at Monticello, and in Pennsylvania Manor, the home of William Penn. The fabrics consist of heavy brocade, taffetas, and linen damask.

The collection has been used in 27 historical restorations in this country.

Franco Scalamandre, of the Scalamandre Museum of Textiles in New York, is responsible for this exhibit.

Foreign Students Will See Hills, Old Man's Cave

Old Man's Cave and Southern Ohio will be the mecca of a YMCA-YWCA trip for international students Saturday.

Gene Hofer, Ed-2, and Beryl Covill, H-Ec-4, co-chairmen, invite anyone interested to register at either "Y" office.

The group will leave the Ohio Union at 9 a. m. A small charge is being made to cover transportation and lunch.

Indian Dancers Added To Guest Artist Series

Sujata and Asoka, widely renowned dancers of India, will appear at University Hall Chapel in Ohio State's 1950-51 Guest Artist Series.

The School of Music announced that addition of the Indian dancers, who will appear Jan. 10 and 11, completes the schedule for the current Series.*

The Don Cossacks, originally scheduled for the January dates, have cancelled their appearance.

The entire schedule now includes:

Oct. 18 and 19—The Guilett String Quartet; Nov. 15 and 16—Tropicana Dance Company; December 6 and 7—Patricia Travers, violinist; Jan. 10 and 11—Sujata and Asoka; Feb. 7 and 8—The New Lyric Stage; Mar. 7 and 8—Leonard Hungerford, Australian pianist, and Apr. 11 and 12—Doraine and Ellis, singing team.

Sujata and Asoka are recognized throughout India as authentic exponents of their art. They have been official dancers of the Courts of Indore, Cochin, Dharwar and Karpurthala, and have danced before Nehru, head of the new Indian Government.

Sujata was born in Bombay, met her husband, a native European, while they were dancing at Mussoori. They appeared jointly in India after their marriage, then brought their art to the West, appearing first in Paris, then in Montreal and New York. They are currently touring the United States and Canada.

Students may obtain season tickets for the entire Guest Artist Series for \$4 by registering for Music 550 at the School of Music, 105 Hughes Hall. Registration will continue through Wednesday.

Weddings Announced

Norma James, daughter of Mr. and Mrs. William E. James, of Columbus, was married Aug. 11 to Jerold D. Karsher, son of Mr. and Mrs. Glenn Karsher, of Columbus.

She is employed by radio station WHKC. Karsher is a cum laude graduate of Ohio State, where he was a member of Kappa Phi Kappa. He is now a physics teacher at North High School.

Snow-Cochran

Marilynn June Snow, daughter of Mr. and Mrs. Earl A. Snow, of Delaware, was married to Jack E. Cochran, son of Mr. and Mrs. B. F. Cochran, of Columbus, on Sept. 17.

She attended Ohio State and was graduated from Ohio Wesleyan University. She was a member of Chi Omega sorority. Cochran, who is affiliated with Beta Theta Pi fraternity, was graduated from Ohio State.

Autumnal Mist

Patrician grey reflects an international flavor in the costume chosen by radio actress Diana ("Big Town") Kemble for Autumn. Her softly tailored suit by Omar Kiam adopts a collar cue from the Chinese; her Mago Hayes original hat is a decorative version of an oversized Scottie cap, with tri-shade grey grosgrain band and large ostrich pom pom.

Embassy Club To Hear Music Of Other Lands

Music of other countries will be featured when the Embassy Club meets at 7:30 p. m. Tuesday at the George Wells Knight International House, 104 E. 15th Ave.

Jane Anderson, H-Ec-4, president, announced that this first meeting of the quarter will honor the international students new on campus.

Membership in the club is open to anyone interested in the culture and affairs of other countries.

Members are asked to bring phonograph records of foreign music, if they have any, to the meeting.

Floral Group Sells Mums At Games

The sale of mums at Ohio State football games is a regular Fall project of the Floriculture Forum. Every night preceding a game, members meet in the greenhouse to tie ribbons and prepare the mums for the following day.

Saturday noon, groups of three to four students are stationed at various spots near the Stadium with large containers full of the big and colorful mums.

The proceeds from these sales are used in many ways. Each year the Floriculture Forum presents the department of floriculture with a gift or piece of equipment which will be used by faculty and students alike. A large portion of the proceeds is used in the Spring floriculture banquet, and silver and gold keys are purchased for presentation to students who participate in a required number of football games selling the mums.

Language Club Will Hold Dinner

Nothing but French will be spoken at the French Club dinner in Pomerene Refectory at 6:30 p. m. Tuesday.

Group singing of French songs will comprise the program.

Goldenrod is claimed by more states as their official flower than any other American plant.

Clinic Plans In Progress For GI Village Tots

Mothers of the GI Village are looking-forward to the founding of a Well-Child Clinic in the Village soon.

The Village Council and the Village Protestant Church have agreed to sponsor the project. These two groups will pay the doctor's fee.

Lingerie News

Shoulder interest in the current fashion picture enters the lingerie field in a boudoir jacket selected by radio actress Marian ("Aunt Jenny") Burnett from a collection of Stella Fagin designs. Plus the beauty added by puff sleeves, there's a practical note of comfortable ease in the fitted lace yoke over delicate maize tone Duplex San Chu crepe.

* Tentative plans call for the clinic to be in session two days a month. The hours and dates will be chosen by the doctor when he is selected.

The County Board of Health will provide two public health nurses each day the clinic is open. It will also furnish smallpox vaccine, tetanus, diphtheria, and whooping cough shots, and the usual clinical necessities.

The Well-Child Clinic is for examination, immunization, and advice only. Infants up to one year will go each month. Their formulas will be changed when necessary, their immunizations given, and a complete physical examination will be given each time.

Children from one year to two will go every three months and have a complete checkup and immunizations if necessary. Children from two years to six will go every six months for their complete physical examinations. If any child is found to have a disorder, he will be referred to the family physician for correction.

These plans will be a reality as soon as Joseph A. Park, dean of men, signs his approval.

Born With Tooth

CHICAGO — (UP)—Mrs. Julia Coughlin, 25, gave birth to a daughter with a well-formed molar in the middle of her lower jaw. The doctor removed it the next day to enable her to receive a normal milk diet.

Midinette

Profile cloche of black felt, trimmed with pink hatter's plush, introduced by radio actress Louise ("Stars Over Hollywood") Arthur, reflects the shining mood of hats to accompany simple afternoon dresses. Dime-sized jet sequins were used by designer DeViller of Hollywood to stress the bow and head band which extends in turban fashion from raised brim.

To Greet New Student Wives At Reception

Dames, the organization for wives of Ohio State students, will hold a reception at 8 p. m. Tuesday in Pomerene Hall, to which every student wife is invited.

Dames is a national organization, and can be found on more than 53 college campuses throughout the country. Membership includes a subscription to the semi-monthly newspaper, the Dollar Stretcher.

Meetings are held on the first and third Tuesday of each month. The program for the coming year will include a preview of new hair styles, a benefit bridge, initiation of new members, and a book review by Prof. Wilson Dumble.

The organization is divided into seven interest groups: child study, bridge, music, drama, arts and crafts, needlecraft, and modern living.

Not all of the events are for wives alone, however. Special coffee hours, with guest speakers, parties, and picnics will highlight the year.

Kappa Phi Holds Tea

Kappa Phi, Methodist girls' club, held its annual Rose Tea Sunday afternoon at the Indianola Student Center. New members were welcomed into the group.

Lack Of Stag Women Saves Ice, Cracks Theme

Lights were low, music was soft, and some ice was broken at the Icebreaker Dance Saturday night. It would be hard to say just how much ice was broken, because the men far outnumbered the women, and who can break ice without the help of a girl?

The dance, held in the Men's Gym, was attended by about 700 persons. Most of those attending came in couples, but there was the inevitable stag line. The lack of single girls was appalling. There just weren't enough of them. Surprisingly enough, a few of the girls who were there were seen refusing offers to dance.

Tommy Dale's orchestra was at its melodic best. The maestro mixed his program to include all the popular numbers, and many of the old favorites. One of his best arrangements featured the four

saxophones on "Early Autumn." It sounded very much like Woody Herman's famous recording.

Highlight of the evening's entertainment was Joe Marino who presented a too short program during intermission. His singing, accompanied by his ukulele, was very good. Joe's program included an impersonation of Danny Kaye. He even impersonated the "ga-dit-ga-giddle" which is hard enough to write, much less sing.

The decorations for the YM-YW sponsored dance were simple, but consistent with the theme.

Good Luck Backfires

CHARLOTTE, Mich.—(UP)—Ben Lake's good luck was bad luck, too. Lake, 78, won a new auto in a drawing before he learned that owning the car would make him ineligible for old age benefits. Now he must sell the car and live off the proceeds before his pension can be restored.

500 Attend Conference For Speech Education

One of the nation's foremost authorities on Korean affairs, Dr. Robert T. Oliver of Pennsylvania State College, discussed "Korea's History—Its Significance for America" Saturday noon at the Deshler-Wallick Hotel.

He spoke to some 500 of the state's speech teachers at a luncheon meeting of the third annual Ohio Conference for Speech Education.

Now head of the speech department at Penn State, Dr. Oliver formerly was manager of the Washington bureau of the Korean Pacific Press and counsellor of the Korean Commission.

He is the author of the recently published book, "Why War Came in Korea," and of the first history of Korea to be written by an American, published in 1944.

Dr. Oliver served on the faculty of the University of Seoul in 1946 and in 1948 was with the Asia Institute.

At a general session of the conference, scheduled for 10:45 a. m., Dr. J. O. Perrine, assistant vice-president of American Telephone and Telegraph Co., discussed "Telephony's Objective Study of Speech."

Throughout the day, sectional meetings were held on debate, drama and interpretation, speech and hearing therapy, public address, radio and television, creative dramatics, and discussion.

Four organizations co-operated in sponsorship of the conference. They were the Ohio Association of Speech and Hearing Therapists, the

Ohio Association of Secondary Teachers of Speech, the Ohio Association of College Teachers of Speech and the Ohio High School Speech League.

Dr. Paul A. Carmack, director of the High School Speech League, was chairman of the conference committee.

Yu Ting To Address Physics Journal Club

The Physics Journal Club will meet at 4 p. m. Tuesday, Oct. 17, in Room 212, Mendenhall Lab. Mr. Yu Ting, Grad, will speak on the Lamb-Retherford Shift in the Fine Structure of Hydrogen.

This experiment was a crucial one for the theory of the electron. Its results have prompted much of the recent outstanding work that has been done on the theory of elementary particles.

Student Gives Views Of Slovakia

years of college. After graduation from Gymnasium, a student may go on to the university, where Kvietok studied for three years. After four years at that school, one will receive a master's degree.

"The university isn't the same now that my country is communist," said Kvietok. He defended his countrymen, though. "You must realize," he pointed out, "that only 10 per cent of the Slovaks are really communists."

Although Kvietok has never been in communist Slovakia, he learned about the situation in the schools through countrymen of his during the three years he was secretary of the Central Slovak Social Committee.

"Only communists may teach at our university," said Kvietok. Often, he added, the man who is best qualified for the position is not permitted, for political reasons, to teach. As a result of this, the standards of education are lowered.

Students, also, must be Communist party members or pro-Communist before they are permitted to study at the university.

A prospective student is interviewed by a communist university official. If the official decides the student is pro-communist, he will enroll the boy in the university.

Many anti-communist Slovaks wish to study at the university. Therefore, they will lie to the interviewer, convincing him that they are communists. If they are successful they may enter school.

"However, faith is not in the vocabulary of communists. They trust nobody. Spies, under the guise of students, circulate among the boys to find out their true beliefs."

Sometimes a spy may discover that a student is not really a communist—that he merely pretends he is. That student is immediately rushed off to a labor camp.

"You can see why I like America," Kvietok concluded. "Here I can study anything I want to—at any time."

Kvietok is a commerce student with a major in foreign trade. When he is graduated from Ohio State he plans to make his career here in the United States.

Kvietok is living at Theta Chi fraternity house. "It's wonderful to live with these men," he said. "Fraternalities really have the right name. Everyone here is just like a brother to me."

Cornerstone Laid For Newman Hall

—Courtesy Columbus Citizen.

Bishop Michael J. Ready of the Columbus Diocese, presides at the ceremonies for the laying of the cornerstone for the new addition of the Newman Club. Bishop Ready conducted what he called a simple, but what he wished to be a fruitful ceremony. Bishop Ready has been the Bishop of Columbus since Nov. 1944, and was listed in the 1950-51 "Who's Who."

Newmanites Dedicate New Hall

Ceremonies for the laying the cornerstone of the new Newman Hall for Catholic students at Ohio State were conducted Thursday. Bishop Michael J. Ready presided at the ceremony which he called "simple, but which I hope will be very fruitful, for we have asked the blessing of God."

Students, faculty members, alumni, and members of the Newman Mothers' Club and of the Knights of Columbus, including the Fourth Degree members, witnessed the ceremony.

State officers of the Knights of Columbus and Grand Knights of 140 councils joined members of 23 Italian-American societies and also attended the affair.

The new hall will combine two brick buildings at 1944 and 1948 Iuka Ave. There will be an L-shaped addition in the rear for a chapel and social hall with a capacity of 550 persons. There will be 20 rooms, with the work to be completed next April.

Too Good To Retire

CHICAGO—(UP)—Commissioner Michael J. Corrigan had to drop John L. Fenn, chief of the fire prevention bureau, as a member of the fire department because he had reached his 63rd birthday, the automatic retiring age. But Corrigan immediately hired him as a civilian at his salary of \$6,186 a year, explaining that "he's too valuable a man to lose."

A horsepower represents the power required to lift 33,000 pounds one foot in one minute, or 550 pounds one foot in one second.

250 more.

Elleman mentioned also that a lot east of Baker Hall on 12th Ave. will be completed by Spring. This area will be for students using the new Ohio Union. Elleman commented that a large number of visitors to the University increase the parking problem.

Available parking areas include: (1) Parking lot west of Baker, (2) South side of 12th Ave. from High to Baker Hall, (3) Both sides of College Road from the south corner of Hagerty to 12th Ave., (4) Lot north of the Armory, (5) East of Stadium, but not on the roads leading to it, and (6) Lot south of Military Science Building.

Here is a short summary of the parking laws and penalties: 1. Student parking outside permitted areas, crosswalk parking, in front of signs prohibiting parking, blocking a driveway, on wrong side of street, within 30 feet of a stop sign, and parking along painted curbs, all of which are \$1 offenses. 2. The jackpot offense is a \$3 fine for parking within ten feet of a fire hydrant.

The first five offenses are fined \$1, the sixth \$2, the seventh \$5, the eighth \$10, and \$25 for nine or more offenses.
