T. HILBERT CONNELL CHOSEN ASSISTANT ATHLETIC DIRECTOR

Ward Appointed New Intramural Head and Harley Added to Football Coaching Staff.

Salary Increases Approximating 25 Percent Are Granted to All Department Members.

Selection of Grant Ward as head of the department of intramural athletics, the appointment of T. Hilbert Connell, Ag-4, as an assistant to Athletic Director St. John, and an approximate increase of 25 percent in salaries for all members of the department of physical education were announcements made by the athletic board Thursday. Charles W. Harley was also officially employed as assistant football coach.

The appointment of Grant Ward as intramural head has been considered by the board for some time. Because of the increasing interest in intramurals, the board believes this branch of athletics should be under the supervision of a special head.

This year George M. Trautman has directed intramural activities. Trautman is basketball coach and assistant baseball coach, which duties occupy the greater portion of his time. Ward has been Varsity football line coach, which work kept him busy only in the fall. He is now employed as all-year coach and will take charge of intramurals September 1. It is understood that Ward has accepted the position.

An appointment of an assistant to the athletic director has also been considered by the board for some time. Because of his familiarity with the athletic department through his work as secretary of the Boost Ohio Committee, Connell was selected as the best qualified man for this position. He is president of the senior class and a member of Sphinx. Connell said Friday he was not prepared to state whether he would accept the position.

BOOST OHIO ANNOUNCES PROGRAM FOR BIG SIX

Visitors Will Be Entertained With Skits by Strollers, Band Concert and University Sing.

Official announcement has been made by the Boost Ohio Committee of its plans for the entertainment of the high-school visitors who will attend the eighteenth annual Big Six track and field meet, to be held Friday and Saturday, May 21 and 22.

Up to date, 14 high-schools have entered teams in the meet. It is expected that several more teams will be entered in the next few days. Most of the colleges will send full teams this year which will insure greater competition in the meet.

The second annual interscholastic tennis tournament will be held on the University courts in connection with the track meet.

Active and alumni members of Strollers will present two one-act skits for the visitors, in the Chapel Saturday at 7 p. m. The plays to be given are entitled "Food" and "Phipps." Friday evening the visitors will have an opportunity to attend the University sing and band concert which will be held at the spring. Following the sing, there will be a bonfire of freshman caps, and a campus movie.

MORRILL ATTENDS CONVENTION

Secretary of Alumni Association Is at Ann Arbor Meeting.

J. Lewis Morrill, secretary of the Ohio State University Association, is at Ann Arbor, Mich., attending a three-day conference of the National Intercollegiate Association of Alumni Secretaries and Editors. These annual conventions were inaugurated by Herbert S. ("Dave") Warwick '06 when he was Ohio State alumni secretary, and the first one convened in Columbus in 1913.

During Mr. Morrill's absence the alumni office will be supervised by Miss Katherine Grant, assistant secretary of the association.

CONCERT PROGRAM INCLUDES JAZZ AS WELL AS CLASSICS

King Ragtime will not be forgotten on the program of the Men's Glee Club at its annual home concert in the Chapel Saturday at 8:15 p. m. While formal numbers will predominate more than in former years, there will be a ragtime medley directed by Frederick J. Zint, and a pot-pourri of syncopated tunes by the string sextet.

Over 600 tickets had been sold by Thursday night, and it is thought that the usual last-minute rush will result in a capacity house. Good seats may still be had at Hennick's and the Jolly Gargoyle, at 75 and 50 cents.

Ten girls from the Girls' Glee Club will be ushers, following the tradition whereby one glee club supplies the ushers for the other's concert.

A possibility for the last few days in May is an Eastern trip, to include concerts in Pittsburgh, Washington and Philadelphia. Present plans are too indefinite for any formal announcement.

LIMIT TICKETS TO 1500 FOR MAY BREAKFAST

Program of Music and Talks and a Sumptuous Spread Promised for Morning of May 25.

Tickets for the May breakfast to be instituted by the Woman's Athletic Association in the hollow Tuesday, May 25, are limited to 1500. Three servings will be made, tables being set at 7:15, 8 and 8:30 a. m. The program, which will consist of music and talks by prominent active and alumni students, is to be arranged by Christine Grant, A-E-4, and Clara Ranck, Ed-4.

All organizations are requested to back the project, which is expected to be an annual tradition of the University. Many of them have already stated their willingness, including Boost Ohio, Keystone and a number of sororities and fraternities, which have declared they would not serve breakfast on that morning. The faculty members and their wives and children are also invited to attend.

Letters will be sent out to the various organizations, asking them to send in the number of tickets desired and the time they want to be served. All requests must be sent to Elsie Hinkle, A-4, at the Gymnasium, by Friday, May 21.

The price of the breakfast will be 35 cents. The menu will consist of oranges, bacon and eggs, radishes, rolls and coffee, and will be under the supervision of Edward S. Drake of Ohio Union.

Margaret Williams, president of the Woman's Athletic Association, is general chairman, and heads of committees are: Clare Schooler, decorations; Elsie Hinkle, tickets; Minnette Fritts Proctor, faculty; Fern Sharpe, Boost Ohio; Ruth Davis, dishes and silverware; Stella Gerhardt and Ruth Hudson, tables and field; Mildred Smith and Esther Schrider, menu and caterer; Mary Titus, serving, and Gladys Eno, publicity.

There will be a general meeting of all committees Tuesday at 5 p. m., in the Gymnasium.

HORDE OF FROSH ANXIOUS TO TRIM SOPHOMORE TEAM

More than 70 freshmen turned out at the final tryout for the annual tug of war to be held at Mirror Lake Friday at 5 p. m. Thirty men were chosen to compose the freshman team, together with five alternates. Henry B. Young, A-1, has been chosen captain, and according to Director Cobb will lead his classmates to victory in spite of past history.

However, Henry C. Ohlson, coach of the sophomore team, is of the opinion that unless some accident should befall several of his huskies, the second-year men will have little difficulty in compelling the yearlings to take to the cool waters of Mirror Lake and to thus add one more scalp to his belt before he leaves the University.

The sophomore team met Friday at 3:45 p. m. to select its captain. The tug of war is to be held under the auspices of Men's Student Council and under a committee headed by Ferdinand G. Holtkamp, CJ-4. The committee has obtained Dr. John W. Wilce to fire the starting pistol, while Dr. John H. Nichols will probably act as timekeeper.

TO STOP CHEATING BY PREVENTIVES IS FACULTY PLAN

Report of Committee Advocates Alternate Examination Questions and Suspension of Cheaters

Publication of Names Asked as Part of Penalty—Student Court Idea Not Favored.

A report drawn up by the faculty committee on cheating in examinations will be discussed and put up for approval at the next meeting of the faculty. Professors Charles F. Kelley, William E. Henderson, and Joseph S. Myers, comprise the faculty committee which has this matter in charge and collaborated in the authorship of the report which deals in detail with the causes and conditions and prevention of cheating prevalent upon the campus.

Realizing that part of the blame can be laid on the lax methods of conducting examinations on the part of the instructors, the report strongly urges that a uniform system be adopted by the faculty. A preventive system is offered as the best plan to avoid cheating. Besides imposing severe punishment on offenders the committee urges that conditions be such as to make dishonesty as difficult as possible. Alternate seating is one way to prevent copying and when quarters are too crowded to make that possible it is suggested that two sets of questions be made. Then when two identically-answered examination papers appear there is positive proof of cheating and also in that case that both parties are equally guilty.

Following the custom of the legal courts, the punishment will be made to fit the crime. Consequently, suspension is proposed for cheaters. The plan of having a student court to try accused students was left out of the faculty committee report. It is believed that students would be unwilling to serve on a court of that nature especially in the case of passing judgment on a personal friend or acquaintance. To avoid the embarrassment and reluctance that would inevitably ensue, the committee prefers that administrative officers of the university should act in such cases. If a student is found guilty of cheating he has the right of appeal to the president and it is believed that is sufficient safeguard to the rights of the student.

The matter of publication of names of all cases of cheating is also urged by the committee.

OHIO SCIENTISTS MEET HERE

Program Opened Friday Morning by President F. C. Blake.

Ohio State University scientists will address the Ohio Academy of Science at its thirtieth annual meeting here Friday and Saturday. Besides the Ohio State speakers, 18 other members will address the assembly.

The meeting was called to order by President F. C. Blake of the department of physics, Friday at 11 a. m., in the Botany and Zoology Building. The preliminary business meeting was followed by a luncheon at Ohio Union. Following the afternoon program a dinner will be held in Ohio Union. Immediately after the dinner, and in the same place, there will be an address by President F. C. Blake on the "Einstein Theory of Relativity and Gravitation."

Following the address there will be a meeting in the Botany and Zoology Building, for which demonstrators are asked to be present.

ASK MAY FETE GIRLS TO MEET

Every participant in the May Fete is asked to attend a meeting Saturday, May 22, at 8:30 a. m. in the Home Economics Auditorium. Miss Dorsey Fisher, coach of May Fete, is anxious that the entire cast be present and urges the girls to plan at once to attend.

ILLNESS CANCELS BANQUET

The annual banquet of the Acacia Fraternity, which was to have been held at the Chittenden Hotel Saturday evening, has been cancelled on account of the illness of Dr. William Humphrey, an active member.

OUTLINE ORGANIZATION FOR UNIVERSITY BAND

Plans to Be Perfected and Tentative Constitution Drawn Up at Meeting in Armory Tuesday.

Tentative organization of the new University concert band will be perfected at a meeting in the Armory Tuesday at 7 p. m. Men's Student Council is backing the project and has outlined a plan of organization by which the band will consist of from 60 to 100 pieces.

Instruments will be furnished by the members. Eligibility rules similar to those of other campus activities will apply, and a president, vice-president, secretary, treasurer, librarian, and student director will be elected by the band members for the following year. Tryouts will be conducted by the director of the band, whose name will be announced later.

At the Tuesday meeting a constitution will be drawn up for ratification by the members and submitted to President Thompson for his approval. The constitution will take up matters relating to dues, membership, rehearsals, rules of participation, and will provide for a board of directors.

Meanwhile, a petition is being circulated by Men's Student Council. Practically all members of the present Military Band have attached their signatures and an effort is being made to obtain the names of presidents of all campus organizations, men prominent in campus affairs and deans of all the colleges.

No immediate effort will be made to obtain uniforms. The petition is now undergoing consideration at faculty meetings. Professors George W. Rightmire and Alonzo H. Tuttle are especially interested in the project. Harry Reese, L-1; James C. Steffan, E-2; Galen F. Oman, E-4; J. C. Caruthers, E-3, and Philip W. Porter, A-2, comprise Men's Student Council's committee on band organization.

DEAN VIVIAN ADDRESSES COUNTY Y.M.C.A. WORKERS

Dean Alfred Vivian of the College of Agriculture was one of the principal speakers at the conference of county Y. M. C. A. secretaries and county club leaders held at Ohio Union Wednesday and Thursday.

Other speakers were Professor H. C. Ramsower, director of agricultural extension; Clive McGuire, state secretary of the Y. M. C. A. county work; Miss Jones, district Y. W. C. A. secretary, and C. W. Cookson, Franklin County superintendent of schools. The conference was for the purpose of inspiring, instructing and interesting those present in rural community work.

NEW ELIGIBILITY RULES MADE BY TEACHERS' ASSOCIATION

Since the recent change in eligibility requirements of the American Association of University Professors, many more members of the Teachers' League are now eligible for membership in the former organization. By the new ruling, the teaching experience required has been reduced to three years, thus admitting many of the newer faculty members, according to the announcement made at the regular meeting of the Teachers' League Wednesday.

A partial report was also given by the committee appointed to analyze the system used in granting higher salaries to teachers. After the formal discussion, it was decided that the league mark the close of the year by a picnic at Camp Johnson, Saturday, May 29.

GREEK SOCIETIES DISCIPLINED FOR VIOLATING REGULATIONS

MIDWEEK DANCERS CALLED TO APPEAR BEFORE PRESIDENT

Mystic Chain and Blue Dragon Officers Must Answer for Violations of Rules.

Two Interfraternity and Intersorority Organizations Checked Up by Faculty.

Officers of Mystic Chain, men's interfraternity organization, and Blue Dragon, women's intersorority organization, will be called to appear before the President of the University for discipline, as the result of faculty action taken Thursday.

The two organizations have not been officially recognized by the faculty, but have been conducting themselves as regular fraternities with rituals and membership lists. One of the charges is that each has given midweek dances in violation of faculty ruling. The action was taken in conjunction with the barring of members of Delta Gamma Sorority from all student activities for one year for infringement of faculty initiation rules.

Will Excuse Classes
The faculty granted a petition from Woman's Student Council that all classes after 4 p. m. on May 28 be dismissed for the May Fete. Participants in the fete will also be excused from all 3 p. m. classes. Those women who take part in the woman's track meet will also be excused from 3 p. m. classes.

Military credit up to and including eight hours will be granted to those students who were in college at the time of their enlistment in some branch of the service. The exact number of hours will be fixed by an executive committee of each college. The credit will be blanket credit and as such will be applied in the senior year. The registrar is to prepare early each semester, for publication in The Lantern and in the Ohio State University Monthly, a scholastic standing for each fraternity and sorority of the previous semester.

Organizations Recognized
Alpha Chi Alpha, a local society, was granted the right to become a chapter of Delta Sigma Phi, a national fraternity. Sigma Alpha Mu, another national fraternity, was recognized, and a chapter of the Beta Society was given official standing. Besides these three organizations, recognition was granted to the Epicurean Boarding Club of 2036 North High Street.

The members of Sigma Alpha Mu are: Ben Ratner, M. C. Minitsky, M. D. Frank, I. Baumberger, M. Deitchman, J. E. Topper, Roy Pastor, W. Livingston, M. E. Eckstein, A. Greenspun, D. Baden, J. Shimansky, M. Linder, B. H. Zwick, S. Tamarkin.

The members of Alpha Chi Alpha are: George W. Sower, Reo D. Burgoon, Harley F. Sheaffer, Harold G. Albeny, James L. Doran, J. E. Eppley, Maurice S. Tressler, H. E. Fast, Chester F. Griebbling, Lester E. Neff, Harry W. Ackerman, Guy F. Jackson, Wesley L. Ackerman, Howard N. Casper, Daniel W. Shonting, Wilford S. Janson.

PLACE FOR PICNIC IS CHANGED

Cold weather caused a change in the place of the picnic to be held by the University Woman's Club. The picnic was to have been held at the spring, but due to prevailing inclement weather it will take place in the Armory Saturday at 5:30 p. m.

COPY DUE FOR NEXT SUN-DIAL

All copy for the Boost Ohio number of the Sun-Dial is due Tuesday, May 17. The number will be dedicated to the senior class and will appear May 31.

FACULTY PUNISHES DELTA GAMMA FOR BREAKING RULES

Members of Sorority Barred from Campus Activities for Year for Illegal Initiation.

Admittance of Former Student Violates Faculty Law—Prominent Girls Barred from Office.

For the first time in several years a direct penalty has been imposed by the faculty for fracture of the faculty initiation rules. Members of Delta Gamma Sorority at Ohio State University have been barred from participation in student activities for the rest of this year and during the entire year 1920-1921.

This punishment is placed upon the group of students for the initiation of a girl who was not a student in the University at the time of the initiation—an absolute violation of faculty rules governing initiation. The misdeed was committed early in February when Ramona Deakney, formerly of Columbus but now of New Orleans, was initiated while here on a visit.

The rule barring the sorority from any campus activities was adopted by the faculty Thursday afternoon after the report of investigation by the faculty committee on woman's Greek-letter societies—Miss Olive Jones and Dean Elisabeth Conrad—had been submitted. The penalty becomes effective at once.

In consequence of the ruling, several vacancies in student activities are automatically created and several members of the sorority are immediately affected. Among these are Mary G. Hedges, Ag-4, president of Woman's Student Council, member of Mortar Board and Phi Upsilon Omicron; Thelma Paquette, A-3, member of Strollers, Woman's Student Council and Browning; Jane Mitchell, Ed-3, member of Chimes; Helen Hopkins, A-2, Y. W. C. A. social subchairman and May Fete costumes committee, and Elizabeth Leach, A-1, freshman Y. W. C. A. Cabinet.

The vice-president of Woman's Student Council, Henrietta Wahlenmaier, Ag-4, will assume the duties of the presidency for the remainder of the year.

Epsilon chapter of Delta Gamma was established at Ohio State University, March 17, 1911. The membership at present includes 22 actives and five pledges.

RECOVERING FROM OPERATION

Miss Edith D. Cockins, university registrar, returned to her home at 1348 Neil Avenue, Thursday morning, having undergone a successful operation for goitre at Grant Hospital.

ONE FEARFUL WEEK ERE PEANUT CAPS ARE TOSSED IN FIRE

Only another week of fear for freshmen!

It's hard luck that freshmen are being thrown into Mirror Lake right up to the last minute for not wearing the "peanut" cap. Recently the water has been a little chilly and it is now understood why a freshman was heard complaining about the cold weather. The poet would have hit the mark had he said, "In spring a young man's thoughts often turn to Mirror Lake." Since the first performance of Bucket and Dipper the number of "peanuts" on the campus have greatly increased. The cold-water dip is evidently not popular.

But cheer up! Only another week and all fears will be over, for the freshmen are going to celebrate Friday night, May 21, by building a big bonfire at Mirror Lake and burning their "so-much-loved caps." It is well that the event comes soon, for it is time for straws.

HONORS

Honors have been flying this way and that for the past two weeks. Honors of a great variety have been given to deserving men and women. Still more honors will be given to them from now on until the final exercises of commencement shall have concluded this—one of the greatest years in the history of the University.

It has become a custom in student affairs to honor those men and women who, during their college career, have given the most to campus activities. Some are talented to do certain things, others are just good, hard workers, but both make good and earn a place for themselves in the records of their school history. It is to these men and women that the honors are given.

The recent selections made by such organizations as Phi Beta Kappa, Bucket and Dipper, Sphinx, Sigma Delta Chi and others of equal importance, honor the new members for their progress and achievement along their respective lines. Yet there are many students who were not chosen to membership in any of these honorary organizations who worked just as hard, perhaps harder, but lacked some of the individual qualities that went to make for the good of the other fellow.

Those chosen should feel their honor, but should feel it in a way that would bring hard work and greater achievement and not turn them into idlers, as is sometimes the case. The honors so placed are representative of the student body as a whole, without which the honored ones would not have been able to gain their place of distinction.

The University is proud of every one of its favored men and women. Likewise the student body as a whole and individually feels a pride in them and speaks well of all those so chosen. It thus behooves every one of those selected few to render greater service, become a better friend of all classes of men and women and, above all, to become better men or women within themselves.

POSSIBILITIES

Within another week Ohio State will again be engaged in the biggest annual classic field event of the State of Ohio—the Big Six. For 17 seasons this meet has been contested on Ohio Field, originally by the so-called "Big Six" and in the later years by a larger number of the colleges of Ohio. All but two of the earlier meets held have been victories for Ohio State's team.

Present "dope" gives the Buckeyes a wide margin to work on in the coming eighteenth annual meet. This is good news and is quite a contrast to the condition of affairs as they stood one year ago. Shortage of track material and the lack of time to properly develop men put the Buckeyes in a doubtful state of affairs before the meet. Fortunately for Ohio State, the meet came its way, but by such a narrow margin that the result was in doubt until the final event—the relay.

Figuring that there is such an excellent opportunity to carry away honors again this year is not the result of enthusiasm on the part of sporting writers and fans themselves, but a judgment based upon the results of meets already held with some of the competing schools. The superiority of Buckeye athletes has been demonstrated against some of the best tracksters in other Ohio colleges.

Ohio State athletes will strive to set records, will endeavor to win honors for their University and at the same time make their own names secure in the records of the University. Other athletes will be trying to do the same for their college. The events will be hotly contested. They will be intensely interesting. All Ohio will be

watching Ohio Field that day for some broken records or at least many of the present marks equalled in speed or distance.

LIFE-PRESERVERS

It seems like preaching all the time, but there are lots of us who need to be preached to continually to keep us on the "straight and narrow" in our studies. Time is rapidly growing short for that report to be in, or for that timely review to make up for lots of loafing, or was it too much campus activity which put you behind in your assignments?

With only two weeks of school remaining until the onrushing examinations are upon us and have us in the swift tide, it is up to each and every one of Ohio State's students to don the life-preserver and prepare to combat the tide to a successful victory.

Much work can be made up in these two weeks, provided one is not too far behind. It isn't advisable for anyone to put it off too long, for you may wake up in the near future with examinations staring you in the face and have no weapon with which to meet the hated foe. With due preparation, they should be overcome as easily as a well-trained athlete will win in his battle against time or distance.

If it would be as hard to get the presidents of the fraternities to attend Panhellenic meetings as it is to get the present representatives to attend, we would suggest that freshmen be sent. They would have to go!

These are the days when the campus celebrity is seen with his hands in his pockets, proudly holding open his coat to display the newly acquired pin or key, as the case may be.

Speaking of the graces of the seasons, we hardly knew that any of them this year had had enough admirable characteristics to be worthy of the compliment "grace."

Some claim that you can't get by on the campus without a "pull," but really the only time and place that this is true is at the annual tug of war across Mirror Lake.

It is sincerely hoped that Boost Ohio was able to get a word in edgewise in its meeting Friday with the woman's organizations.

While the Phi Beta Kappas and their kind are enjoying the May Fete, the rest of us will be worrying about our June fate.

Many of us are like "Babe" Ruth with his bat: it takes us a long time to get started, but watch our dust when we do!

We predict lots of "glee" in the Chapel Saturday night.

Training College Men for Business

The Graduate School of Business Administration of Harvard University offers a two-year course to college graduates. The course is designed to give a broad fundamental training for business together with specialization in those fields in which the student is most interested.

College men, looking to business as a career, feel the lack of adequate preparation which enables them to deal effectively either with general business problems or with the problems in their own special fields. The Harvard Business School aims to fill this need.

Special emphasis is placed upon the application of business theory to actual business problems. For this purpose the "problem method" of instruction is used. The Boston territory affords an excellent business laboratory.

Courses offered: Accounting, Business Law, Banking and Finance, Marketing, Advertising, Industrial Management, Employment Management, Business Statistics, Foreign Trade, Transportation, Insurance, Lumbering, Income Taxation, Office Organization, Printing and Publishing.

Completion of the two-year course leads to the degree of Master of Business Administration.

ILLINOIS NINE COMING FOR LAST HOME GAME

With the Scarlet and Gray baseballers away on their first trip of the season, the eyes of all fans are being turned to the coming fray with Illinois on Monday, the last game of the year to be played at home. The Illini present one of the strongest lineups of any of the Big Ten aggregations, having lost but one game—that to Iowa after 13 innings.

Captain Ryan, ranking among the best hurlers in the Western Conference, will do the mound work for the Illini. Heikes will be held in reserve by the Orange and Blue coach to go

in against the Buckeyes if needed. McCurdy, a veteran receiver, will work behind the bat, with Kopp as alternate.

At the beginning of the season Ingerson was playing first, English second, Mee short and Kissinger third, but after the defeat by Iowa a shake-up was made in the lineup and Kopp was placed on first. Crossley, outfielder, was brought in to second. In the garden, Reichle has been working in right, Crangle in left, and Johnson, who was out of the game for a short time with an injured ankle, is in center.

Kime and Huffman will probably form the Ohio State battery against Illinois. Cotter has slowly been getting his arm into shape and may get a chance to work.

NET MEN FACE REAL TEST

With the postponement of the tennis match scheduled with Kenyon, Scarlet and Gray tennis men will spend an idle week-end. Two real tests of the home court men's skill are booked for next week, when Illinois and Chicago invade the Buckeyes' territory

for matches on Monday, May 17, and Saturday, May 22, respectively.

MUST TAKE PART IN MEET

All men who elected track work are required to enter some track event in the intramural meet, entries to be made at the Gymnasium office. Competition will count as final examination in gym work. Also any man who has elected tennis will not be given credit unless he presents his tennis ticket.

IN THIS BIG

FORCED SALE!

We Have Simply GOT to Have Our
Original Investment Out of Our
Big Stocks—All Thought of Profits
Has Been Thrown to the Winds

It is not our policy to hold sales. We believe in selling at the closest possible margin every day in the year, and, to hold down the prices, we bought, bought, bought. Last month's weather slowed up business, and now we find ourselves in a predicament, where we simply must have CASH. We'd like to hold the clothes, because they're going higher this fall, but we MUST HAVE MONEY, and our only alternative is this sale. Profits have been forgotten. We're satisfied to get the cost out of our stocks.

YOU GRADUATES

When you consider that our regular prices are one-third less than other stores and that we have cut them an additional \$5.25 to \$12.25, then you will realize your chance to save real money on Commencement Day togs.

Lazarus

Men Can Get Lazarus
Suits in the Sale as
Low as \$27.50

This sale is serving men in a definite and worthwhile way.

It is enabling them to get Lazarus spring suits—to choose from among big, representative assortments, hundreds and hundreds, in all the good styles and materials for spring.

It is enabling them to make big and genuine savings, for every suit is priced much under what it usually could be sold for.

Besides the remarkably low price of \$27.50, there are five other less-than-regular prices:

\$34.50 \$39.50 \$48.50
\$53.50 \$57.50

Choice for every man, at each price—high-school students, short, tall, stout, slim and "average" men—spring styles and conservative suits.
