

Line Is Long, Weather Cold, Tickets Gone

Hundreds of students and faculty members were disappointed Wednesday when the demand for basketball tickets far exceeded the supply.

Oscar L. Thomas, director of ticket sales, said all tickets were gone except about 200 withheld for students entering Ohio State in the Winter Quarter.

A large line had formed when the ticket office opened at 9 a. m., and the ticket supply was exhausted by 4:30 p. m. Eight to ten thousand tickets were distributed and students were turned away. The line, at one time, extended more than 150 yards. Students built small fires to keep

warm as they waited in line.

Faculty members exchanged their tickets at the Administration Building. The supply there ran out at noon.

Some members of the Tower Club sent men in relays to maintain their place in line. Each student spent an hour in line with all the men's ticket books and fee cards. Carl Kreitzer, Engr-2, the first in the relay, estimated that he moved about 30 feet during his hour in line.

Leonard Puhalla, Com-4, gave up after a short while in line. He said, "I wouldn't stand in that line to see Michigan play Notre Dame."

Raymond Higgins, Ag-4, com-

mented on the large number of class cuts made by students trying to get tickets.

Harold Weygandt, Ag-1, said, "I went out at 8 and got my tickets after 2 p. m."

Alan Steele, Com-3, had been waiting six hours. He was almost to the outer door of the ticket office. "The campus police who were here should have kept people from cutting into line ahead of those who were waiting," he said.

"I had to stand in line behind dozens of students who had more than their own tickets. Some looked as if they had 25 or 30. I would have liked to have one line for the

single book holders and another for the ones who accept books (scalpers)," commented R. R. Croy, Ag-3. His hands were so cold he had difficulty signing his name. He had stood in line four hours and still had a long way to go.

The line consisted of small islands of discontent, with students huddling about the fires trying to escape the chill.

Marvin D. Boyer, Engr-2, had been in line four hours. "Why couldn't the tickets from the football books be used, with no reserved seats?" he asked.

A chair from the Stadium smoked with its last embers. Merle Starr, Ag-2, crowded near it as he

said, "The system they had last year was much better. Anyone who really wants to see a basketball game will get there early enough to get a seat."

Most of the students in line were indignant at those who had brought large numbers of tickets to exchange.

Ann Kraig, Ed-2, said, "They should limit the number of tickets each person could exchange."

Elizabeth Van Meter, Twilight School, said, "Mr. Thomas had a good idea, but next year, if repeated, make everyone get his own tickets."

Students To Decide On Refund

Senate Gives Campus Say On Unused Part Of Senior Ticket Books

Students will be given a chance to say whether graduating seniors should receive a refund for the unused part of their athletic books, the Student Senate decided Thursday night.

Discussion on the matter was tabled when Senators indicated that they should ask the students they represent for their opinions on the question.

Nancy Ann Krieg, A-2, told the Senate that the NSA regional convention to be held here Saturday and Sunday, will afford the first opportunities for our delegates to discuss directly with other delegates problems pertaining to education and student welfare. It will constitute the first real step in bringing the NSA to Ohio State students, she said.

Senators expressed both pro and con opinions concerning the refund to graduating seniors a portion of the unused athletic book.

John R. Daniels, Medicine, said, "I don't think it would break up the athletic department if they refunded \$2.50 to a few hundred graduating seniors. I recommend a refund."

(Editor's Note: A complete editorial review of the basketball ticket situation, along with several letters to the editor on the same subject, will appear on page four of the LANTERN on Monday.)

Sundial Staff To Meet

The advertising staff of the Sundial will meet in Room 25, Ohio Union, at 5 p. m. Tuesday. Any student interested in this activity may attend.

Swim Ticket Distribution Big Problem

Plans for the distribution of tickets for home swimming meets have not been worked out by the ticket committee, Richard C. Larkins, director of athletics, said today.

"As stated previously, we will try to provide the best solution to the problem of student seating. We believe that the transfer of tickets is the best way to be fair with all," he said.

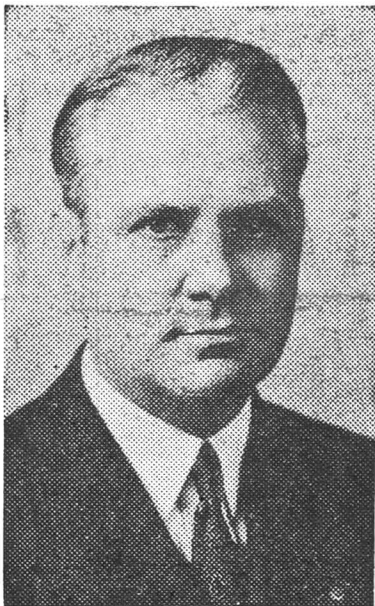

Mr. Larkins pointed out that it was the first year with the ticket book system; and consequently, the department is having difficulty providing acceptable service for ticket seekers.

The distribution of tickets for swimming meets will be one of the greatest problems to be met thus far for the Natatorium will seat only 2,000 and there are some 24,000 ticket holders.

Meets are scheduled with Wisconsin, Iowa, and Purdue. Another meet scheduled here with Indiana on March 15 has been cancelled because of a shift in the conference schedules.

Further information on tickets for the meets will be announced by the athletic office.

New Trustee

Senator Bricker Named Trustee; Atkinson Retires

U. S. Senator John W. Bricker was appointed a member of the Board of Trustees Thursday by Governor Herbert, pending confirmation by the Ohio Senate when it reconvenes Monday in special session.

Senator Bricker is a member of the class of 1916. He was quoted Thursday morning, after hearing rumors of an appointment, as saying that he would be very glad to accept the job because of an "abiding interest in the matter."

Senator Bricker will replace Herbert S. Atkinson, a member of the board for more than 23 years and past chairman three times. Senator Bricker's seven-year term will expire in May, 1955.

Mr. Atkinson's term expired last May, but the retiring member continued to serve, pending the selection of a successor.

Taylor Says Books Open; No Requests So Far

The "storm" still hangs over the Stadium dormitories. Members of the dorms are still "smarting" from the increase in the room and board rates.

Criticisms by the Stadium tenants were directed at additional rate increases and living conditions in the dormitories.

Dec. 9 Is Final Date For Filing Seniors' Grades

Report cards for seniors who are candidates for degree at the Autumn Quarter convocation have been sent to the department offices. The grades of seniors should be filed in the registrar's office by 12 noon, Thursday, Dec. 9.

Under the rules of the University Faculty each instructor may arrange for the time and mode of examination in accordance with his best judgment.

Instructors are requested not to put their report cards in the campus mail on Thursday, but to bring them or send them to the registrar's office.

By action of the Faculty Council the grade summarization sheets, which have been used for the last four quarters, are now discontinued.

Communists Try Scaring Berliners

BERLIN, Dec. 3—(AP)—Communists launched a last-minute scare campaign today to try to keep Berliners from voting Sunday.

Their newspapers asserted, without foundation, that the U. S. might withdraw from Berlin by Spring and Washington might recall Gen. Lucius D. Clay, the U. S. military governor.

The Russians recognized a Communist rump government "as the only legal" regime for Berlin and pledged it support.

The dissatisfaction involved the quality and quantity of food and the withholding of statistics on kitchen expenses.

Frank J. Sacher, Com-4, said, "We have been given a distribution of room expenses. However, University officials refuse to make available a 'breakdown' of statistics on the operating costs of the kitchen. This withholding of figures is contrary to present-day business practices."

In a special interview with a Lantern reporter this morning Jacob B. Taylor, University business manager, said: "The statistics as to the operation of the dormitories are available to anybody who wishes to see them." Mr. Taylor said that to his knowledge no member of the Stadium dorms had petitioned or had requested statistical information from the business office, in regard to Stadium dormitory finances.

Harold Warvel, Grad, former Tower Club president, assailed the quality of food served in the Stadium dining room. Warvel said that the quality is inferior in comparison to the price of the food.

Wallace V. Campbell, Ag-4, registered his complaint in the following manner: "The cost of living in the Stadium dormitories is higher than in private homes and certain other University dormitories, considering the lack of privacy."

As many as 36 men have been quartered in one room in the Stadium dorms, residents said.

According to Charley F. Miller, assistant comptroller of the University, the rate increase was the (Continued on Page Eight)

Nationalists Quit Suchow To Aid Trapped 12th Army

NANKING, Dec. 3—(AP)—Chinese Communist capture of Suchow was confirmed today by government military sources. They said evacuation of the big nationalist base 211 miles northwest of Nanking was completed at noon Wednesday.

Three government army groups totalling 250,000 men pulled out of Suchow in an effort to relieve the trapped 12th Army group to the south, in the Suhsien sector.

Military sources reported the Communists entered Suchow only to find huge supply depots destroyed. Ammunition and gasoline dumps were blown up. Air observers said smoke pillars reached 8,000 feet above Suchow.

Those sources said the Suchow army groups would have to fight through a 30-mile belt to make contact with the troops trapped at Suhsien and about 60 miles to reach the Sixth and Eighth Nationalist Army groups which have formed a defense line on the Hwai River, 100

miles northwest of Nanking.

Meanwhile, seven Red columns totalling about 100,000 men eased their assault on the Hwai River line. They were reported to have moved north (evidently to help stop the Suchow garrison) and left only a small holding force opposite the Hwai River armies.

Government quarters reported that the 20th Army of about 35,000 men had been ordered from the Paichungsi Central China command to bolster the Nanking garrison.

Earlier today, the government indicated it would make a fighting retreat to mountainous South China if the Reds overrun the Nanking area.

U. S. Crackdown Faces Basketball Scalpers; Revenue Bureau Will Check On Resales

Anyone caught reselling basketball tickets, regardless of price, will have the Federal Bureau of Internal Revenue to deal with. This warning was sounded today by Oscar L. Thomas, director of ticket sales.

The students and faculty paid the full federal tax on their season football tickets. But if they resell the "free" basketball tickets, another revenue tax will be due, Mr. Thomas said. The revenue law says that no one may sell tickets unless he is licensed as a ticket broker.

The Columbus Bureau of In-

ternal Revenue recently issued the following information: "The sale of tickets without having registered with the Bureau of Internal Revenue as a ticket broker is a violation of the Internal Revenue regulations and code and is punishable by fines and other penalties. The bureau has agreed to co-operate with the University in combating the illegal sale of the tickets."

University police will work with city police and Internal Revenue agents to prevent the resale of tickets.

Mr. Thomas said that the "\$1" price was placed on the tickets so that any not taken up by students or faculty could be separated and sold. In that case, the tax due on each ticket will be 17 cents.

Of the 6,500 tickets available for each home game, 5,600 have been given to students and faculty, with not more than 800 available for outside sale, according to Mr. Thomas.

Not more than 100 tickets will be given to the squad, state officials, or members of the Board of Trustees for any game, he added.

Arts College To Examine Requisites

Majority Of Students Admitted Last Year Lacked Requirements

Entrance requirements for the College of Arts and Sciences may undergo some changes, come Winter Quarter. More than half of the students admitted last year failed to meet all the entrance requirements.

A faculty, appointed earlier this quarter by Acting Dean Frederick W. Heimberger, may advance recommendations which must be acted upon by the faculty board of the college to become effective.

Dean Heimberger said the committee is studying "both the purposes to be served by entrance requirements and the practice of the college with respect to later fulfillment of these requirements."

Foreign language and biological science requirements were most lacking among incoming students last Autumn, according to the Annual Report of the Registrar and University Examiner.

This report concludes that some question might be raised concerning the validity of these requirements for admission. Some specific effort might be made to prepare those who wish to come to the University, the Annual Report suggests.

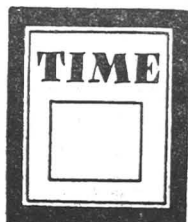

Dr. James F. Fullington, chairman of the department of English, heads the committee investigating the entrance question for the College of Arts and Sciences.

Committee members are Dr. Harvey C. Mansfield, chairman of the department of political science; Dr. Jorgen M. Birkeland, chairman of the department of bacteriology; Dr. Franklin H. Knower, department of speech; Dr. Alfred B. Garrett, department of chemistry; Howard L. Hamilton, secretary of the College of Arts and Sciences; and Junior Dean William S. Guthrie, of the College of Arts and Sciences.

Allied Powers Appoint Bennett To Post In Japan

Dr. John W. Bennett, assistant professor in sociology and anthropology, has been appointed associate chief of the division of civil information with the Supreme Commander of the Allied Powers in Japan.

He has been granted a one-year leave from the department of sociology and will leave early in February for Tokyo.

In his new position Dr. Bennett will plan and execute various types of social and socio-psychological research ranging from public opinion and attitude surveys to community studies. The research will serve as a guide to reconstruction and educational policies to be followed in Japan.

National Independent Students' Assn. To Hold Regional Convention Saturday

Delegates from six states and four universities will attend the National Independent Students' Association regional convention here Saturday.

One hundred forty-eight delegates will represent Delaware, Virginia, West Virginia, Pennsylvania,

Maryland, and Ohio. Delegates from Michigan, Indiana, Purdue, and Cornell will also attend.

The convention will be officially opened by Vice-President Harlan H. Hatcher with an address in the Pomerene Refectory at 12:15 p. m. Saturday.

A highlight of the convention will be a special 15-minute panel discussion over WOSU at 1:15 p. m. Saturday. Dr. I. Keith Tyler, coordinator of Ohio State radio activities, will act as moderator. Three outstanding delegates will be chosen tonight to complete the panel. They will discuss the independent's place on a college campus.

The program for the convention will include a registration of the delegates tonight and Saturday morning, followed by an opening meeting from 9:30 to 10 a. m. Saturday.

Discussion groups will meet during the day. They will be on membership, finance; social activities,

campus politics, program and publicity. Why there should be independent organizations will be the underlying theme for all the discussion groups.

A business meeting to plan for next year's convention will be held from 5 to 5:30 p. m. Saturday. A banquet to be held at 6:30 p. m. will be followed by a dance at Neil Hall.

The convention will be sponsored by campus independent groups, Civitas and Pleiades, with George M. Donnelly and Carol A. Craddock as co-chairmen.

7,200 years of college... and still learning

THE Bell Telephone Laboratories is known as a leader in communications engineering. On its staff are 1,622 engineers and scientists with college degrees. Among them they have 7,200 years of college training... and they are still learning.

They study many things. How to speed your voice across the street or around the world. How to keep your voice natural in tone and volume. How to make central office equipment capable of switching your call even faster. How to produce in laboratories the materials which are hard to get in their natural form—quartz, for instance. How to conserve the scarce metals which go into wire and cable, by making one circuit carry many conversations.

From such studies they learn how to make your service better and better, and keep its cost low.

BELL TELEPHONE SYSTEM

Buckeyes To Meet Butler In Opener Saturday

Raidiger Doubtful Starter Against Strong Bulldogs

By Don Mathews

The powerful Butler Bulldogs will provide the opposition when the Buckeye cagers pry the lid off the 1948-49 season at the Fairgrounds Coliseum at 8 p. m. Saturday.

The Bucks will be trying for their first win over Paul Hinkle's quintet since they copped the first game in this

brief series in 1940. Since then they have lost four straight to the Bulldogs, two in 1941, and one each during the past two seasons.

As far as the personnel is concerned, this will be a repetition of last year's contest, as only one player will be missing from each squad. The only Buck absentee is towering Neil Johnston, who is now in professional baseball, and the only member of the victorious Bulldog five who will not be in Saturday's game is Forward Jerry Cranny.

Butler won last season 57-47 largely on the basis of its field goal accuracy. In that game the cagers sank 25 of 63 tries and had the game well under control after the late minutes of the first half.

This year's Bulldog men haven't shown any weakness in this department; in fact, they connected for almost a .500 average in a 72-45 romp over their alumni last Monday.

The Bucks' problem is not made any easier by the possibility that their peppery 6-ft. 4-in. center, Bob Raidiger, may not be able to start the game. He has missed a couple of practices this week because of a sore tendon in his leg. However, he was present at Thursday's workout, and Coach Tippy Dye hopes to have him ready.

If the number one pivot man is

not available, the starting assignment will go to Mario Giacomelli, the center from last year's J-V squad. The rest of the lineup will be the same that started most of the games last season.

The steady playmaker, Bob Donham will start at one forward spot and will get the acting captain assignment. At the other will be Dick Schnittker, who set a new scoring record for the Bucks and was picked on several of the 1947-48 All-Big Nine quintets.

The starting guards will be Gene Brown, whom Dye calls the most improved player on the squad, and the stocky speedster, Bob Burkholder.

Coach Hinkle will undoubtedly start 6-ft. 6-in. John Barrowcliff at center for the Bulldogs. The guards will be Jim Doyle, who is being mentioned by the Butler publicity releases as a possible All-American, and Captain Charlie Maas. Ralph O'Brien, one of three brothers on the team, will be at forward with either Bill Shepherd, who also subs at center, or Bob Evans.

The Bulldogs play at Illinois tonight before making the trip here. The Ohio State J-V team will tangle with the Butler Junior Varsity in a preliminary game starting at 6 p. m.

ROBERT RAIDIGER
Ohio State Center

Illini Tests Butler Five Tonight

CHICAGO, Dec. 3—(AP)—Illinois opens the Big Nine's week-end program of basketball competition with non-conference teams in Champaign tonight when the Illini entertain Butler. It will be the season's opener for both squads.

Both the Illini and the Bulldogs from Indianapolis will present an all-veteran lineup. It will be the 13th meeting between the two schools, with Butler holding a 7 to 5 edge in the series.

Tomorrow, seven Western Conference teams will meet non-league opponents. Michigan, defending Big Nine champion, will play host to Michigan State; Western Michigan goes to Northwestern; Ohio State entertains Butler; Western Illinois travels to Minnesota; DePauw is at Indiana; Colorado College invades Iowa; and Marquette goes to Madison to play Wisconsin.

On Sunday, Michigan meets Toledo at Ann Arbor. Purdue swings into action on Monday with a game with Detroit at Lafayette.

Texas has over 17,000 miles of main railroad lines, 30,000 miles of bus and truck lines and 180,000 miles of roads.

J-V Cagers To Face Butler In Varsity Preliminary

The Junior Varsity cagers will attempt to even a series of games with Butler, when they meet the Hoosier five at 6 p. m., Saturday, in the Coliseum, in the preliminary to the varsity game.

In the 1946-47 campaign, Butler handed the Bucks their only setback in 12 games, 49-48.

The Bulldogs' winning points were scored in the final second of play. Last season, a two-game series was split, with Butler winning the opener, 49-47, in an overtime, and the Bucks copping the return game, 59-52. The loss to Butler last year was one of two defeats suffered by the Jay-Vees.

For the opening game, Coach Jack Graf will probably start Dick Kraker and Jack Lewis at the forward posts; Sam Warner at center, and Jack Sweeney, Ed Bohoslav, guards.

The Jay-Vees will return to the hardwood again Monday evening when they meet the Buck Varsity reserves in the Coliseum as a preliminary to the Ohio State-Marquette varsity clash.

The 1947-48 Junior Varsity squad won six of the eight games they played, losing only to Michigan in addition to the defeat at the hands of the Bulldogs.

Several members of last year's squad are currently with the varsity. These include Forward Chuck Worthley, who led the team's scoring with 100 points in eight games; Mario Giacomelli, the second high scorer who is now the first line sub for Center Bob Raidiger; Jimmy Hague, the scrappy guard; and his regular running mate last year, Chet Paulus.

Indians Obtain Papish In Trade

CHICAGO, Dec. 3—(AP)—The Chicago White Sox have traded Pitcher Frank Papish to Cleveland for two Indian hurlers, Ernest Groth and Bob Kuzava.

Papish, 32-year-old left-hander, had been regarded as a potential White Sox star for the past two seasons. However, he won only two and lost eight last season because of ailments.

Last season, both Groth and Kuzava pitched for Baltimore in the International League. Groth compiled a 12-12 record and Kuzava had 9-16. Groth is a righthander and Kuzava is a southpaw.

Europe, U. S. Plan Tours For Amateur Athletes

NEW YORK, Dec. 3—(AP)—The United States and Europe are planning a sort of "lend lease" program calling for exchange of athletic visits.

Under the setup, America's leading amateur stars make a tour of continental centers and Europe's best do their stunts in the U. S.

Encouragement of the exchange was discussed by the amateur athletic union's foreign relations committee last night. The AAU is holding its 60th annual convention here.

While the athletic fathers were talking over the plan, steps were being taken for the first of the exhibitions. It was announced that Mrs. Fanny Blankers-Koen, the Dutch housewife who was the feminine star of the 1948 Olympics in London, would compete in a number of indoor events in this country in January.

Mrs. Blankers-Koen won the women's 100- and 200-meter runs, the 80-meter hurdles and ran anchor on the winning 400-meter relay team in the games.

Addressing a luncheon meeting of the AAU's 31 National Committees yesterday, James A. Rhodes, national president, urged greater participation by the United States in international sports affairs.

"We must attend the international meetings," he declared. "After all, we are the largest amateur sports body in the world but when it comes to diplomacy and

diplomatic relations we are the smallest.

"Too often we depend on business men who happen to be traveling in Europe to represent us. We should show more leadership and send delegates of our own selection at our own expense."

The Columbus, Ohio, mayor said it appeared to him that the International Amateur Athletic Federation was controlled within a radius of 150 and 200 miles from Paris.

"This is our own fault," he added.

NSA Conclave: Local Activity Should Result

We have referred to the National Students Association in several editorials recently.

Our main points have been: (1) That the Student Senate was lax early this quarter in not appointing a local chairman for NSA activities, and (2) that when a chairman was appointed he should as quickly as possible begin to work on plans enabling Ohio State to benefit in NSA activities.

The first point was cleared up. Willis K. Link was appointed local chairman, and he assured us that plans would get underway as soon as possible. We hope this will be the case, and point number two will also be realized.

Saturday the Ohio Region of NSA will convene on the campus. Nancy E. Yerges, Student Senate vice-president, is regional chairman of NSA, and will preside at the conclave.

"Spike" Link, as local chairman, will also be present.

We trust he will benefit from his contact with students from other Ohio colleges and universities.

His job should begin to take definite shape this week end at the convention, and we feel sure that his efforts next quarter should be implemented by some of the ideas he receives tomorrow.

We think it is important to all Ohio State students, who, through their representatives, the Student Senate, are members of the NSA, that

NSA projects for the good of the campus are begun as rapidly as possible.

As the largest university in the Ohio Region, our delegation to the conclave tomorrow should lead the way.

We hope that by the time of the next regional conclave, Ohio State will be able to point with pride to the accomplishments of "Spike" Link and his committee.

We hope we can say then that some of the plans for progressive student government, exemplified by the Buffalo student purchase card plan, will have been tried at Ohio State.

Campus Mayhem

After watching campus drivers and pedestrians challenge each other to do their worst in the way of mayhem, we are still wondering why the University enrollment has never been decreased by traffic deaths.

National Safety Council figures show that during 1947 the largest number (32 per cent) of fatal accidents involved vehicles striking pedestrians.

If students are typical pedestrians, and we presume they are, then this figure does not surprise us.

Last year the Lantern waged a campaign to

have more traffic lights installed on High Street. The object was to protect the students from city traffic.

It would seem that an educational campaign should have been waged among pedestrians at the same time since students still jay walk across High Street.

The same disregard for life and limb is found on campus as students dash in front of cars in an effort to make class on time or just because they aren't watching.

Pedestrians are not solely to blame. Watching student drivers use the Oval as a race track, we can see why drivers between 18 and 24 are involved in more accidents than any other group in proportion to the driving done.

Every 27 seconds someone is injured in a traffic accident in the United States. Every 16 minutes someone dies as a result of a traffic accident.

We launch campaigns to combat such killers as tuberculosis and cancer. Nearly everyone participates wholeheartedly to make these campaigns a success.

We spend money to save lives. Why don't we spend a little time, a little patience, in driving carefully so that some fellow being can enjoy life longer?

There is no better place to start such a campaign than in our own backyard — here on the campus.

Campus Opinion

By Raylyn Crabbe and Alberta Elkins

Inflation, Aid To Asia And Labor Rated 'Most Important' In Poll

Five hundred students were asked last week to name what they thought are the most important issues confronting the next Congress. Their collective answers ranked inflation, Marshall Plan aid for Asia, and labor legislation, respectively, as the top three problems before the country.

These interviewees were selected at random in groups proportionately representing the colleges. Questions and results follow:

In your opinion:

1. What issue confronting the next Congress is the most important?

Labor legislation16%
Civil Rights 9%
Marshall Plan for Asia.....22%
Housing 7%
Inflation30%
Lend Lease 2%
Social legislation 2%
Other (Name) 5%
Undecided 7%

2. Which of these should be considered first?

Labor legislation14%
Civil Rights 6%
Marshall Plan for Asia21%
Housing11%
Inflation28%
Lend Lease 2%
Social legislation 2%
Other (Name) 5%
Undecided11%

No assumption was made that the most important issue should be considered first. Percentages remained approximately the same for

the two questions, however, with interest in housing rising slightly but not significantly.

Respondents who wrote in their own issues agreed almost unanimously that the primary concern of Congress should be a re-vamping of foreign policy to afford a better understanding between United States and Russia.

In the answer to Question 1, labor legislation received the highest vote, 25%, in the College of Commerce, the lowest, 7%, in the College of Law.

The Marshall Plan for Asia was high, 40%, in the College of Engineering, and low, 6%, in the College of Law. The inflation issue was considered most important in the College of Law, 56%, and least important in the College of Agriculture, 24%.

High School Senior Is Papa

SPRINGFIELD, Mass.—(UP)—Frank Rivers, 21-year-old war veteran who is a senior at Technical High School, came in one morning and passed out the cigars. His wife had given birth to a son.

'Red' Dean

The Very Rev. Hewlett Johnson, the "Red" dean of Canterbury, is shown with Rev. John Howard Melish, right, rector of the Church of Holy Trinity, Brooklyn. The Dean is on a lecture tour.

What They're Saying...

"For the most part, whenever colleges have become more liberal and wise in their selection of students, other than those who are white and gentile, they have done so not because of a zeal for fair play and democracy but because they were forced to by the pressure of organized and unorganized opinion upon their public relations policy . . . This is a tragic lack in the moral conscience of the American educator."—Dr. Harold Taylor, president, Sarah Lawrence College.

"There is solid evidence, all over the country, that the American people have made up their minds that atomic energy is their business."—David Lilienthal, chairman, Atomic Energy Commission.

Loon Gets Hooked

FORT WAYNE, Ind.—(UP)—Cliff Miller has a fish-bird story to tell. While fishing for pike on Dallas Lake, Miller hooked on to a good one. After a 20-minute battle, he began to take in line and brought up a full-grown loon.

Students Grade Faculty At Loyola University

The age old habit of the teacher rating the student is about to undergo a change.

Professor Howard Wilson of the Loyola University has devised a new teacher appraisal scale that is used by the students anonymously at the end of the semester to grade the teacher on twenty different* qualities.

He says the purpose of his new teacher appraisal scale is not for the student to get even with the teacher but rather to

allow the teachers to see themselves as their students see them so that they can concentrate on their deficiencies and thereby become more effective teachers.

OHIO STATE GRADUATING ENGINEERS!

Boeing Airplane Company is expanding its Wichita, Kansas, Division facilities and organization preparatory to production of the Boeing B-47 Stratojet, the U. S. Air Force's newest and fastest jet bomber.

Rated in the 600-mile-per-hour class and comparable in size to the famed Boeing B-29, the Boeing B-47 has swept-back wings and tail surfaces and is powered by six jet engines. Additional emergency power is supplied by eighteen JATO (jet assist take off) rockets in the sides of the fuselage.

Long-range requirements for design engineers to participate in the Stratojet program—as well as in other major projects assigned to Boeing-Wichita—must be filled from the current classes of graduating engineers.

For those who plan to make aviation engineering their chosen profession, Boeing offers you the opportunity of starting your careers in an organization which leads the field in the design and development of ultra-modern high-speed military and commercial aircraft.

Boeing-Wichita engineering personnel representatives have arranged with Miss Lilyan Bradshaw, Placement Director, to conduct interviews at Ohio State University on Monday and Tuesday, December 6 and 7. Ohio State graduating engineers are invited to meet with these representatives. Further details are available at Miss Bradshaw's office.

With the Greeks . . .

By Mimi Goldfine

After a brief respite for Thanksgiving, the Greeks have returned to campus with renewed vigor and inspiration. That, of course, means plenty of parties and dances for the week end.

It's formal time again! Donning their prettiest gowns will be the Kappa Kappa Gammas* for a dance at the Seneca and the Pi Phis who'll spend the evening at the Columbus Riding Academy.

The ZTAs will have a Christmas formal at the Fort Hayes. The chap-erones will have a chance to pick a Holly King and the lucky man will receive a gold cup. Dancing at the Beechwold will be the Phi Mus.

Not to be outdone by the sororities, some of the fraternities have also planned formals. At the Columbus Country Club will be the

Deltas while the Pi KAs take over the Virginia Hotel.

The Teke Christmas formal will be held at the Fort Hayes Officer's Club. The Phi Kappa pledges have chosen the Worthington Club and the Theta Chis will go to the Knights of Columbus Hall.

Trying their luck on roller skates at Smith's Rink are the Phi Sig Deltas. Costume parties are in store for the Lambda Chi Alphas and the Chi Phis. For the SAMs it's a spook party.

Saturday is Blackfoot Day for the ATOs and Sigma Nus. The traditional rivalries and merriment will be climaxed by a party at Oak Park.

Shipwrecked on a desert island, only this time at 103 Fifteenth Ave. will be the AChiOs and their dates.

The ADPi formal takes place tomorrow evening. It is to be held at the Dresher-Wallick. A few blocks away the DUs will also be enjoying a formal dance. The fraternity will hold forth at the Fort Hayes.

The University Golf Course Country Club will be the scene of the Kappa Delta Rho formal. It's a dinner-dance for the Acacias at the LeVeque-Lincoln-Tower. Black ties and stiff shirts will be in order for the SAE formal at the Beechwold while the Chi Os take their dates to a dance at the Columbus Riding Academy.

Pre-Christmas celebrations have been planned by the Chi Phis, Triangles and Theta Kappa Phis. Meanwhile the Alpha Zetas go out to the Elton Hall Grange for a butcher's dinner and farm dance.

Lower Slobovia, complete with snow and ice, has come to the campus. This time it's at the Alpha Rho Chi house. The party will be the real life counterpart of the famous comic strip.

"Make mine Seventeen," says campus Junior

Seventeen Cosmetics are first choice of campus lovelies everywhere. They depend on these fine quality cosmetics for skin care, for glamorous makeup. And well they may! For Seventeen Cosmetics are free as possible of allergy-causing ingredients . . . are priced to fit, oh so smoothly, into campus budgets.

OFFICIAL BULLETIN

THE OHIO STATE UNIVERSITY

This BULLETIN will be the official medium for all authorized announcements. Faculty and students—especially officials of all organizations—are requested to look to the Bulletin for information. University officials and executives will be guided by the Bulletin in preparing for meetings. In the interest of efficiency and to avoid conflicts the following announcement is made: No meetings or functions of any sort will be permitted or provided for either on the campus or in the University Buildings unless authorized and announced in the Daily Bulletin. The University assumes no responsibility for unauthorized or unannounced meetings. Notices should be at the President's office not later than noon for the day following.

Screen Testing

By Alberta James

A Chase Over The Western Desert
That Leaves You With A Big Thirst

The phrase "They went thataway, pardner" should be sufficient to announce the arrival of another Hollywood super western.

This tidy little epic showing at the University Theater is titled "Four Faces West." It stars Joel McCrea and Frances Dee as the hero and heroine, respectively.

McCrea makes a small withdrawal from a bank at the point of a gun and there's where the chase begins. Charles Bickford is the sheriff who gets hot on McCrea's trail.

Our hero stops in his desperate bid for the border long enough to save the lives of a Mexican family and send an SOS to the posse for help. All's well that ends well though, and the theatergoer is left with no doubt in his mind that our hero and heroine will live happily ever after.

McCrea and Miss Dee are adequate in their roles and Charles Bickford gives an outstanding performance as the sheriff. Joseph Calleia is good as a friend of McCrea's.

ern fans who like music with your shootin', there's a double bill at the Alhambra this Saturday that fills the bill. Monte Hale and the Riders of the Purple Sage get top billing in the main feature.

A timely tip for you opera lovers is the picture now showing at the World Theater. It's the film version of Donizetti's "L'Elisir d'Amore" now titled "This Wine of Love." The story is in Italian with English sub-titles. Milton Cross acts as narrator.

Basketball Tickets Sold Out

(Continued from Page One)

at the University for more than 20 years was among those who didn't get tickets.

He said, "When we bought the books we were told we would get basketball and swimming tickets. We haven't received either. At 2 p. m. I tried to exchange for my tickets. I was told they were all gone. It had been announced that tickets would be available until 11:30 a. m. Saturday.

"I paid \$3 extra for tickets to sports besides football. Now I won't even get to see one basketball game. I've gone regularly to basketball games for many years."

Interfraternity Council Elects Hagely As Head

James M. Hagely, V-Med-3, was elected president of the Professional Interfraternity Council at its meeting Thursday night. Hagely is a representative of Alpha Psi.

Allen A. Rolfe, Dent-3, representing Delta Sigma Delta, was named vice-president. Both officers are to serve for the coming year.

The annual Council banquet to be held in February will be under the supervision of William C. Davis, Dent-2, who will be assisted by Paul W. Weigel, Dent-2.

Samuel Borcover, Phar-3, representing Rho Pi Phi, was named committee chairman of the Spring Quarter dance.

Irwin Johnson To Narrate 'Peter And The Wolf'

Irwin Johnson, of the WBNS "Early Worm" program, will join the Columbus Philharmonic Orchestra Saturday night to narrate Prokofiev's "Peter and the Wolf."

This is the third year that Mr. Johnson has appeared with the Philharmonic.

Taylor Offers To Show Records As Stadium Residents Hit Costs

(Continued from Page One)

result of a decision by the University Housing Council to combat the rising cost of living.

Student residents also complained about the lack of reception and recreation rooms.

George T. Morton, Engr-3, a former Stadium dormitory officer, said, "It is an unfortunate situation when the members of the dorms must take it upon themselves to plan and construct a reception room for their friends and guests. The University should provide facilities of which the men are not ashamed."

In answer to the criticisms, Mr. Taylor emphasized that the self-sustaining basis of campus dormitories is necessary to as-

sure their maintenance. He pointed out that the net fiscal loss for the Stadium dorms in 1948 was \$9,524.08, in comparison with a profit of \$15,451.84 in

1947. "This emphasized the rise in the cost of living," he declared. Mr. Taylor asserted that despite the food price rise of \$1.51 students must now pay in the Stadium dormitories, Ohio State and Indiana still provide the lowest food prices in the Big Nine.
