## PHI DELTA THETAS WIN TROPHY AGAIN IN FRATERNITY SING

Obtain Cup With Their Song "Spirit of Ohio," Written by Frederick Zint and William Haid

Sigma Alpha Epsilon Given Second Prize for Selection "Men of Ohio," Composed by Franklin Heiss.

"Spirit of Ohio," the words of which were written by Frederick J. Zint, CJ-4, and the music by William M. Haid, E-1, won for Phi Delta Theta their second consecutive cup in the interfraternity song contest at the University sing at the Spring Friday evening. Seven hundred students and Big Six visitors lined the sides of hollow after the lantern ceremony to take part in the last sing of the year and to hear the interfraternity sing competition. Scores of senior and junior girls, dressed in white for the lantern ceremony took part in the sing which was declared to be one of the most successful outdoor musical gatherings in the history of the University, by old graduates in attendance.

### Francis Shaw Opens Sing

The sing was opened by Francis B. Shaw, president of Men's Student Council, who presided. The "Star Spangled Banner" was the first number of the program, followed by "Our Best Ohio," "Fight the Team Across the Field," "Men of Ohio," and the "Ohio State March." Director Hoenig lead the singing and members of the University Glee Clubs participated under his direction. The University military band furnished the instrumental music.

The winning song was sung by 25 members of Phi Delta Theta. Professor William L. Evans presented this fraternity with the student council cup. Members of Sigma Alpha Epsilon were given second place for their song, "Men of Ohio," written by Franklin L. Heiss, CJ-3. Kappa Sigma's "We're Loyal Ohio," written by Philip M. Foote, E-4, and Alpha Sigma Phi's "Ohio, Fight," written by Ralph Roehm, A-4, were well received and as on last Wednesday night, it was quite a problem to decide the winner. Director Hoenig, Professor William L. Evans and Professor William L. Evans were the judges of the song competition. Margaret Welch of the King Avenue Methodist Church choir sang several selections.

### Closed with "Carmen Ohio"

Cheers were led by John A. Creps A-3, wahoos, skyrockets and locomotive yells stopped traffic temporarily on High Street and Neil Avenue when tourists and pedestrians stopped to listen and to inquire whether the Big Six had opened prematurely. The singing of "Carmen Ohio" concluded the program.

### SENIOR GIVEN SCHOLARSHIP

Marie Davis, Ed-4, has been awarded a scholarship in the department of Romance languages for the year 1920-1921. She will continue her studies at the University in preparation for a master of arts degree.

## Professor McPherson Reveals Fact Concerning Examination Cheating

An interesting sidelight on the cheating investigation now being carried on by the faculty and Men's Student Council committee is revealed in a letter sent The Lantern by Professor William McPherson of the department of chemistry. Professor McPherson compliments The Lantern on its editorial policy on ineligibility. His letter follows:

"I have just read the editorial in the Wednesday issue of The Lantern, entitled 'The Shame of Ineligibility.' I appreciate the fact that it took courage for a student in the University to express the view contained in this editorial and as an alumnus of the University who holds dear its reputation I want to express my appreciation for the stand taken by The Lantern. This editorial, like many of the other Lantern editorials, is on a distinctly

## FIRST GREEN GOBLIN TO APPEAR ON CAMPUS WILL ARRIVE TUESDAY

They say that goblins are black monsters that walk in the night, but this one is green and will appear on the campus Tuesday morning.

Such will be the Green Goblin which will make itself known to the students at the May breakfast. In its pages one will find all choice bits of information concerning the May Fete and all that pertains thereto. And secrets that have been gleaned from the different organizations will be made public—don't get excited, please.

Now just as a final reminder—it's going to be quite interesting to you all—don't you think?—so come armed with your meager 10 cents and the Green Goblin will be yours.

## ALL TICKETS ARE SOLD FOR MAY BREAKFAST

Many Organizations Apply Too Late to Obtain Reservations for Tuesday Morning Affair.

The ticket sale for the first May breakfast, to be held Tuesday in the east end of the oval, closed Saturday afternoon with 1000 reservations made. Over 600 of these are for the 7:15 a. m. breakfast and the remaining 400 for the 8 a. m. serving. Several fraternities and sororities were disappointed because they were unable to obtain reservations.

Organizations that have obtained reservations are: Sigma Pi, Phi Upsilon Omicron, Delta Delta Delta, Alpha Phi, Phi Mu, Kappa Alpha Theta, Kappa Phi Delta, Chi Omega, Beta Theta Pi, Sigma Phi Epsilon, Sigma Alpha Epsilon, Achioth, Alpha Rho Chi, Phi Kappa, Kappa Kappa Gamma, Alpha Phi Alpha, Baker Hall, South Hall, Oxley Hall, Kappa Sigma, Alpha Xi Delta, Sigma Kappa, Beta Alpha Chi, Alpha Zeta, Episcurean Club, Theta Phi Alpha, Alpha Chi Alpha, Delta Zeta, Theta Xi, Phi Sigma Epsilon, Pi Beta Phi, Men's Glee Club and Girls' Glee Club.

The University greenhouse has offered cut flowers for the tables. Pansies, roses, carnations and iris will be used. Eugenia Pavey and Cecil Wright are on the decoration committee. The Sprague-Warner Co. of Chicago is giving 10 pounds of Richelieu coffee through Mr. Burgess of the Burgess grocery, the local agent.

Lillian Stocklin Metcalf will lead the community singing, "Dave" Warwick will speak, and the two glee clubs are to sing.

The breakfast will be served at the east end of the oval if the weather permits. Should it rain, tables will be placed in the Armory. Arrangements have been made with the caterers and definite plans have been made in regard to the tables and dishes, so it will be impossible to serve those who have not purchased tickets. Only those who have reservations for 7:15 a. m. will be served at that time.

### TO TAKE PANORAMIC PICTURE

A panoramic picture of the 6000 students and faculty will be taken Wednesday at 10:45 a. m. on the oval. Carpenters are now at work constructing a stadium in miniature for that purpose. Classes will be dismissed 15 minutes early to enable all to be present.

## ATHLETIC ASSOCIATION MAKES NOMINATIONS

Representatives nominated are: Volley ball, Mary Moler, A-Ed-2; Virginia Thompson, A-2; baseball, Ruth Hudson, Ed-2; Edith Rymer, Ag-2; tennis, Christine Yerges, A-1; Rebecca Patricof, A-1; track, Helen Krepps, A-1; Marguerite Liggett, Ed-1; hiking, Dorothy Kelsey, Ed-1; Margaret Innis, A-1; hockey, Ruth Davis, Ed-2; Alta Van Beuschoten, A-2; swimming, Dorothy Gill, A-1; Sara Ross, A-1; basketball, Hallis Lenhart, A-2; Mildred Smith, A-3; archery, Fanny Mills, Ag-3; Helen Studebaker, Ag-3.

Voting for the officers for W. A. A. Board will be held Thursday, May 27, in the W. A. A. office in the Gymnasium.

## MAKIO WILL BE ISSUED COMING WEDNESDAY

Three Dollars and Subscriber's Card Must Be Presented to Obtain Copy of Year Book.

The 1920 Makios will be out Wednesday, May 26. All books will be distributed from the Makio office on the second floor of Ohio Union between 8:00 a. m. and 8:00 p. m. Three dollars and the subscriber's card must be presented at time of issuance. As many students as possible are requested to call for their books on the first day of issuance.

But one more day remains in which lost Makio cards may be replaced. Many students have claimed that they have lost or misplaced their original subscription card. No books will be issued unless the subscription card is presented at the time of issuance. These lost cards may be duplicated at the Makio office Monday and Tuesday afternoon May 24 and 25 from 3 to 5.

No books will be held later than May 29 and it is the advice of Business Manager Harold M. Haylor, E-3, that the remaining three dollars due on the book be secured in the next few days so that there will be no danger of students having their books sold because of failure to call for them before May 30.

## FRESHMAN CAPS BURNED IN JOYOUS CELEBRATION

No longer will a member of the class of '23 be restricted in choosing his style of headgear. Immediately following the University sing, the burning of freshman caps took place Friday at 8:45 p. m. at the north end of Ohio Field.

A bonfire 25 feet in height awaited the crowd which had marched from the spring to Ohio Field. One hundred freshmen took part in the snake dance during which they hurled their caps into the fire.

John E. Jones presided at the meeting and introduced the speakers. Talks were given by Robert R. Stephenson, member of Men's Student Council; Robert Lewis Dudley, freshman class president; John A. Creps, cheer leader; J. Haradon Beatty, member of Men's Student Council; Joseph A. Park, Y. M. C. A. secretary, and Samuel H. Cobb, coach of freshman athletics.

Following the speeches came a succession of cheers, which ended with a yell for the class of '20.

### PROFESSOR GIVES ADDRESS

Dr. Clyde Brooks of the department of physiology, gave an address Friday night in Dayton before the local medical society. The subject of his talk was "Protein Immunity."

## SENIORS GIVE JUNIORS 'LAMP OF KNOWLEDGE'

Henrietta Wahlenmaier, Representing Graduates, Presents Symbol to Anna K. Young.

Meeting near the east end of Mirror Lake and after encircling the hollow in snakelike fashion, with each class intersecting the other four times, the "lamp of knowledge," held by Henrietta Wahlenmaier, Ag-4, president of Woman's Student Council, was entrusted to the juniors, who had as their representative Anna K. Young, Ag-3, president-elect of Woman's Student Council.

Each girl was dressed in white, except Miss Wahlenmaier, who wore a cap and gown. Juniors in single file marched down the steps by the spring and met the seniors, who came down the Observatory hill. The hill and the walk by the spring were filled with people who came to watch the annual lantern ceremony.

After forming a single line opposite the junior class and after the lantern had been entrusted to the juniors, Ryllis C. Alexander, A-4, vice-president of the senior class, announced the various woman's organizations and representatives of those organizations marched between the two lines of students. The organizations represented were: Woman's Student Council (old and new), Chimes, Delphic Literary Society, Philomathean Literary Society, Theta Sigma Phi, Phi Upsilon Omicron, Y. W. C. A. (old and new), Woman's Athletic Association, Girls' Glee Club, Home Economics Club, Lantern staff, Varsity "A," Browning, old and new Mortar Board. The ceremony closed with "Carmen Ohio," and each class filed to its starting place.

As Friday was Mortar Board day, the newly elected members wore the white dresses and caps, emblems of that organization. The lantern which is used in this ceremony as the traditional lamp of knowledge was presented by the girls of the class of '09.

## CARTOONED FACTS TO MARK LAST JOURNALISM DINNER

A pictorial review of the last nine months in the department of journalism, consisting of cartooned facts and fables about the great and near-great, will feature the last journalism dinner of the year to be held at Ohio Union Thursday at 6:30 p. m.

Freeman L. Dustman, editor of the American Issue, and Miss Olga Jones of the Columbus Citizen will speak at the dinner. A prophecy in verse of members of the senior class will be given by some lyric oracle before the dinner comes to a close.

### TO HOLD MAY FETE REHEARSAL

## EAST TECH CLAIMS HIGH-SCHOOL TITLE, WITH WARREN NEXT

McCreary of Shaw High Stars, Establishing New Record of :25 4-5 for Low Hurdles.

Wright, Carlson, Roebusch and Beard Tie With McCreary for Individual High-score Honors.

Featured by numerous individual stars and the equaling or breaking of several interscholastic records, the thirteenth annual Ohio interscholastic track meet on Ohio Field Saturday afternoon went to East Tech of Cleveland, with Warren a close second. Close finishes and speedy work on the part of the high-school stars gave the events almost as much interest as those of the college events.

McCreary of Shaw High, Cleveland, was the outstanding star, tying the record of :16 4-5 for the high hurdles and setting a new time of :25 4-5 for the low barriers. Wright of Warren, Carlson of East Tech, Roebusch of Salem and Beard of Pioneer were tied with McCreary for individual high honors, each totaling 10 points.

Wright Stars in Dashes. Wright was the star of the dashes, taking both the 100- and the 220-yard dash, with Klump of University School a close second in both events. Roebusch starred in the field events with firsts in the pole vault and the high jump. Beard was close behind with second in the pole vault and discus and third in the high jump and broad jump. Beard was Pioneer's only entry, making the trip with Scott of Toledo.

Gaines, colored star from Columbiana, set a new mark in the 440 with a time of :51 2-5. Sauls, Columbus South, heaved the javelin for a distance of 153 feet, a new record, within a foot of the Big Six mark set earlier in the afternoon by Cranston of Wesleyan. East Tech put up a new mark for the mile relay, easily beating the touted Scott High of Toledo in 3:35 1-5.

Forty High Schools Entered. Forty high schools were entered, 23 placing in the final results, which stand as follows:

East Tech, Cleveland, 18; Warren, 15; Shaw High, Cleveland, 13; University School, Cleveland, 11; Pioneer, 10; Salem, 10; Columbiana, 7; Fre-

## STROLLERS ENTERTAIN FOR VISITING TRACK MEN

"Phipps," a one-act skit by Stanley Haughtes, which is based on domestic difficulties in an aristocratic English home, was presented by active and alumni members of Stroller Dramatic Society in the Chapel Saturday evening as a part of the entertainment afforded visitors at the Big Six meet.

Frederick J. Zint, CJ-4, took the part of Phipps, a typical English butler, while George A. Backus, A-2, took the part of Lady Fanny, and Ralph McCombs was Lord Gerald.

William E. Linch, E-3, put on a black-face comedian act of songs and dances which preceded the presentation of "Phipps."

## \*OHIO STATE SCORES 86 1-3 POINTS, WITH WESLEYAN SECOND

Taking Places in Every Event, Scarlet and Gray Rolls Up Record-breaking Total.

King Is Biggest Individual Star by Narrow Margin Over Hill, With Moorehead Third.

A red-sweatered runner pushed himself over the last chalk line in the mile relay race for fifth place—the last cheer died away from the lips of the crowd which made a rush for the gates and in a few more moments Ohio Field was deserted except for a few press men and officials at work on the records of Ohio State's decisive victory in the eighteenth annual Big Six track meet Saturday. They were writing down how the Scarlet and Gray team had rolled up the greatest number of points ever totaled in the Big Six—86 1-3—points scored in every event; they were telling how Oberlin's last rally for second place fell short a few points of Ohio Wesleyan's 35 1-3. They told of records tied and broken, of unexpected victories and unexpected defeats.

Hurrying pencils related how, in the first event finished—the 100-yard dash—King of Ohio Wesleyan and Moorehead of Ohio State staged a battle royal, how the two runners strained every nerve every inch of the way, first one leading and then the other, and how the tape was broken by the Wesleyan sprinter an inch or two before the Buckeye got there.

"Pitt" Wins Quarter

Over there was an official checking over the quarter-mile run; his pencil halted in midair as he remembered the race—Pittenger of Ohio State jumped off into the lead at the start and held it until the final turn, when West of Cincinnati, who had won the race for two years in a row, caught him, and then followed that stirring dash down the home stretch when, inch by inch, the Buckeye runner lengthened his stride and struggled ahead until his last lurch carried him over the line three or four yards to the good in 50 seconds flat, one-fifth of a second behind the record, while McPhee of Oberlin came through with a wonderful rush and tied the Cincinnati star.

The official picked up a sheet telling the results of the high-hurdle race and he visualized that battle when Hill of Ohio State, Rodgers of Miami and Pollman of Ohio State fought down the stretch almost on even terms, with Hill breasting the tape first.

A telegraph instrument in the press box sped on its way the tale of the 220-yard dash when Moorehead, smarting under his defeat in the 100, fairly flew over the long straightaway into a four-yard victory in a race that was his all the way, and an instant later the same machine chronicled the low-hurdle race, when Rodgers got his revenge by defeating Hill in record-breaking time, leaving all competitors behind.

Mile Run Close

Once again these busy reporters run the mile race—once again the runners line up at he start—once again

### MORTAR BOARD ELECTIONS

Recognition has been accorded by another group to the young women whom it deems worthy to carry on the purposes of its organization by the splendid proofs of capability they have given in their activities in the past.

The high ideals on which Mortar Board bases its selections—scholarship, leadership and service—make the attainment of membership a matter of pardonable pride, and the 12 girls who on Friday appeared, dressed in white and wearing the traditional black hat, deserve the congratulations of the students. It is the type that these young women represent that is the potent factor in worth-while achievements for the University.

The group of girls which formed the organization this year proposed the point system, which was later adopted by a majority vote of the University girls. The discussion of student problems and co-operation with the authorities to bring about student participation in school activities are among the aims of the society.

Next year new problems will arise, but by their able handling of duties entrusted to them before, it is certain that the confidence imposed in these new members has not been misplaced.

### SUMMER VACATIONS

Summer vacations for the university man or woman usually mean a chance to get away from books or the opportunity to earn money to come back to school again in the fall, but every vacation, and the summer vacation especially, means more than that.

Here at school, right down in the midst of things, a student loses the chance to see just where everything is leading, or else he is started in one direction and can't seem to stop. The vacation affords an opportunity to the student to stand by the side of the road and watch the procession as it pauses for a moment's rest. Then he can see just what is happening and can judge if he is going where he wants to go.

Next year, with its semicentennial features should set a new high mark at Ohio State. This summer each loyal Ohio Stater should be able at least to think of what part he wants to play in the "big year." Each student will start anew, in a measure, in the fall—each will in a way stand in the center of the campus.

Which path are you going to take? If you know beforehand, you can get started without hesitation, and a lot depends on the start.

### THE GROUP PICTURE

Are you interested in the progress of Ohio State? Are you anxious that the people of Ohio be educated to the possibilities for the future citizenship of the state which lie in the student body of the University? If you are, be on hand for the group picture of the faculty and students which will be taken Wednesday at 10:45 a. m., in the oval.

Although the idea of taking the picture is not a new one, the custom has gone unobserved for the past few years, and its revival this year is a matter of prime importance. Next fall the semicentennial celebration of the University will be held. Coincidental with the photographing of the students, motion pictures will be taken to be shown throughout the state as part of the Boost Ohio program. The value of this film in arousing the interest of the alumni and recruiting new material for Ohio State supporters cannot be overestimated. But if the entire student body is not represented in the group picture, the result will fall short of the possibilities.

With the jubilee and the drive for the new stadium on the horizon, school spirit must be kept at the highest pitch. How can we hope to arouse the interest of alumni if our own interest is latent?

Failure will be the fault of the students. The authorities are urging the co-operation of the faculty, the Cadet Band will be present and arrangements will be by colleges. If we answer the call for this endeavor with the same admirable spirit that is aroused through athletic contests and school projects, the picture that will reflect the present epoch in the history of the University will be a matter of future pride.

### A SENSE OF HUMOR

Things that could convert themselves into tragedies become matters for lihts of laughter by the saving quality that is hidden away in all fortunate beings—a sense of humor. Possession of this quality in a marked degree is something to be desired, and not being blessed with it the cultivation is a matter of difficulty, but it is a difficulty that is rewarded by the comfort that is gained from it.

In the midst of trying circumstances, momentary embarrassments and disappointments, the ability to see the bright side is of splendid help. By this is not meant the careless, self-centered swagger of the "don't care" attitude, but rather the easy grace of being able to carry along a situation with the confidence that there is always a good side. Much has been said of the "glad girl" outlook on life, but foolish philosophy is not the thing that is being recommended. In the war, Robert Service with his rhymes of homely, helpful philosophy was a flash of light in dreary situations.

Seriousness of purpose, tempered by the quality of taking things in the good-natured way, is a worth-while recipe for a happy life.

We've always heard that there was nothing so destructive to one's vision as gazing at them across the breakfast table, so the campus may well expect several estrangements after the May breakfast Tuesday.

While some are carping about the wearing of summer furs on the part of the women, will they include an explanation of the heavy cloth hats that are being worn by the men in May?

A cynic watching some of the tennis matches on the campus might be heard to remark that the place of play was rightly called "court."

Of all the words of tongue or pen, the sweetest are these: "Seniors will be excused from examination in this course."

Every upperclassman in planning his vacation should consider getting in trim for initiations next fall.

When the average co-ed attends the Big Six, she thinks it's a competition to find the six biggest men.

Indications are that the co-ed scandal sheet, "The Green Goblin," will be fairly "gobbled up."

The freshmen may have burned their caps, but there are still hot times in store for them.

Truthfully, these are days of last straws for many seniors.

### ORGANIZE NEWS ASSOCIATION

The first meeting of the new Eastern Intercollegiate News Association was held in New York a few days ago. The 13 colleges and universities joining the association were: Syracuse, Amherst, Hamilton, Dartmouth, Johns Hopkins, Richmond, Wesleyan (Conn.), Princeton, Columbia, Massachusetts Institute of Technology, Middlebury and Rochester.

### The Algy Feels Minstrel Company

"Well, Bones, how do you feel tonight?"  
"Oh, I feel like a bowling pin."  
"How's that?"  
"Upset."  
"That was pretty poor, Bones. But say, where were you going with that swell-looking girl last night?"  
"Why, I was taking her out to dinner."

"That's a pretty expensive proposition, isn't it?"

"I know; but she's working steady."

"I say there, Mr. Interlocutor."

"Well, what do you want, Sambo?"

"Boss, I got the worst riddle in the world for you tonight."

"Go ahead; I have no dependents."

"Well, what is the difference between a man who neither treats a girl too warmly nor too chilly, and a joyous fortune teller who won't work unless she gets more money?"

"Man, all the ouija boards in the world couldn't answer that. You tell the ladies and gentlemen just what the difference is."

"Well, with the first it's a case of striking a happy medium, and with the second it's a case of a happy striking medium."

Ladies and gentlemen: After the more seriously wounded have been dragged out and the blood and broken glass removed, Mr. Add A. Noyes will chant that pathetic ballad: "Sweet Ida Hoe in Idaho, I'll Hoe My Way to You."

Puzzle  
Herb Hennick has sold more popcorn in the past two weeks than in any other three put together.

To the first 1859 men handing in the correct answer to the above we will give copies of the two latest song hits, "Gee, How I Laugh When I Think How I Cried Over You" and "Left All Alone Again Blues."

Mean Old Thing  
Mr. Henn—"Here's a rich thing: A man had his wife arrested for taking money out of his pants pockets while he was asleep."

Mrs. Henn—"Why, I don't see how a woman could lower herself that much."

Mr. Henn—"She didn't have to lower herself; they were hanging right on the bedpost."

De Luxe  
With the new styles for women, this is going to be a summer de looks.

But in Real Life!  
The hero escaped without a hurt. The villain got his just desert. Things moved along with little friction.

Of course, 'twas in a piece of fiction.

KNOW OHIO

Convocation  
Back in 1873, when the University was first founded and the number of students was so small that everyone knew everyone else, convocation was held every day at noon for 15 minutes. Everyone was assigned a certain seat, and if not present was given demerits. One just had to be there.

In a few years when the enrollment had grown a bit too large to be published in The Lantern each fall, the chapel exercises were held once a week at noon. Still, however, attendance was compulsory, and woe unto him who did not appear in his designated seat at the appointed time.

With the coming of President Thompson in 1899 the compulsory feature was dropped from convocation. It was still held weekly, and at each our "Prexy" gave of the best of his knowledge and wisdom to those who cared to come and hear. This policy has been consistently maintained by him up to the present. The coming of the war and his appointment on the agricultural investigation board took the President away from the University, for long periods at a time, but some well-versed speaker was usually there to take his place to the best of his ability.

The apparent lack of student interest during the last few years has caused the President on several occasions to state his decision to give up the weekly meetings altogether. And each time loyal students, appreciating the fact that Ohio State is singularly honored in having a president who can and will give his time to the students as Dr. Thompson has done, rally to the defense of the old tradition. Urgent pleas have been put forth and so the weekly meetings are still held and will continue to be held until the students themselves show by nonattendance that they no longer appreciate the privilege. And it is hardly possible that time will ever come.

### Society and Studies

TO THE EDITOR OF THE LANTERN:  
As the semester draws to a close, Men's Panhellenic Council takes this opportunity of urging students to give up outside social activities and devote the remaining few days of school in preparing for the coming examinations. It has been noted that several editorials have appeared in The Lantern recently concerning ineligibility of students, and Men's Panhellenic wishes in every way possible to foster the slogan of "Every student eligible."

Next fall the campus will have completely returned to its prewar status and competition and interest in student activities will be at the highest pitch. If you pass your work now, you will be able to join in the crowd of student workers next semester. However, failing your work now means that you remain a spectator to campus activities. A spectator is often a knocker, and Ohio State is looking for boosters, not knockers.

The present condition of ineligibility on the campus is deplorable and it will become worse unless the remaining time between now and finals is spent to the best advantage.

### HONOR SYSTEM IS ABOLISHED

Abolition of the honor system among students of Northwestern University was announced by the faculty last Friday. One of the reasons given for suspension of the system, according to Dean R. C. Flickinger of the College of Arts, was that students had failed to live up to the confidence that had been placed in them and that cheating had increased under the honor system. Hereafter some member of the faculty will be present while students are taking examinations. The honor system was established at Northwestern five years ago.

## BUCKEYES DEFEAT MARSHALL IN TWO SHUTOUT BATTLES

Ohio State's diamond artists invaded the Southland Friday and took over Archer Reilly's Marshall College team for two games, 1-0 and 14-0, and greatly enhanced their individual batting averages thereby. The Buckeye batsmen crossed the Ohio River just in time to see the most wonderful baseball weather of the season waiting for them at Huntington, W. Va., when they arrived there Friday.

The first game was a pitchers' pastime with Kime running like a house afire as far as form was concerned. Only two hits were garnered off of "Lefty" during the hour and 40 minutes it took him to strike out 13 Marshall men and win another game. But the Buckeyes were no stars with the willow, only six hits being obtained from Evans during the nine-inning event.

The only time the plate was crossed was in the third inning. Huffman started off with a double. Kime singled to right. Fenner flew out, Huffman staying on third. McNulty walked. Huffman then scored on Wiggins's infield out.

Ray Fenner was hit in the eye by a fast grounder and had to have it lanced after the game. He was not able to play in the second game Saturday afternoon. Evans, the Marshall pitcher, did everything by twos. He made two putouts, struck out two men and gave two walks during the game.

The second game was a slugger's bee for Ohio State. The Buckeyes hit in runs five innings out of the nine played with astonishing regularity. Two-base hits by Fogle and Slyker, three-base hits by Fogle and McNulty and a home run by Slyker which cleared the right-field fence with a neat yard to spare, featured the batting practice of Ohio State. Fish and Miller held Marshall to one hit.

In the eighth inning Slyker hit the four-base clout that dazed Huntington, after Fogle had doubled. In the ninth inning, which was the best few minutes at bat Ohio State has had in some time, McMillan started off with a walk. McNulty hit a three-bagger, McMillan scoring. Dolezal singled and McNulty scored. Fogle walked and McGee struck out. Slyker doubled and then Evans dropped Fick's fly. Miller singled, but was out on the throw to second, and Slyker was caught off base.

First game:

### Sport Snaps

The meet had its share of upsets. Bell of Wesleyan had never run the two-mile in less than 10:50 and the Big Six was his third meet—oh, yes; he is only a sophomore. Cranston won the javelin with a mark below that of either Curtis or Mikesell when they are in form. Robinson of Case had won the high jump but twice in seven meets this year and he had never gone more than 5 feet 6 inches. Kneal of Oberlin was vaulting away above form.

In the preliminaries Friday, Moorehead tied the 100-yard dash record at :9 4-5, and with King had set a new 220 record at :21 3-5.

Western Reserve, Denison and Akron were the only colleges entered which failed to score.

Every event in Saturday's meet, except the 100-yard dash, was won with a better effort than the 1919 meet. The 100-yard was just as fast as last year.

### WILL HOLD FROSH-SOPH SERIES

Sophomore and freshman baseball teams will engage in a three-game series Thursday, Friday and Saturday, on the Eleventh Avenue diamond. Coach Mark Fuller predicts a freshman victory, his squad of 30 men being one of the best ever. Morris H. Phillips, A-2, and Donald A. Wiper, A-2, are organizing the sophomore team. Sophomores on the Varsity squad will be allowed to play, providing they are not letter men.

## CHICAGO SWEEPS MEET WITH BUCKEYE NETMEN

Ohio State's tennis team was shut out by the University of Chicago netmen Friday afternoon on the Buckeyes' home courts, dropping four singles and two doubles to the Maroons' star quartet, Pike, Segal, Jamison and Vorheis.

In the singles, Jamison won over Judd easily, 6-1, 6-0. Pike, 1918 Western Conference champion, defeated Walter Wirthwein; Loehnert lost to Vorheis, and Segal beat Carl Wirthwein.

Pike and Hale won against Hane and Loehnert and Segal and Jamison defeated the Wirthwein brothers in the doubles. The score:

Singles—Segal beat C. Wirthwein, 7-5, 6-1; Vorheis beat Loehnert, 6-2, 6-1; Pike beat W. Wirthwein, 6-2, 6-1; Jamison beat Judd, 6-1, 6-0.

Doubles—Segal and Jamison beat Carl and Walter Wirthwein, 7-5, 6-2; Pike and Hale beat Hane and Loehnert, 6-0, 6-4.

## ELECTS HONORARY MEMBERS

Alpha Rho Chi Chooses Three Architectural Professors.

Professor Joseph N. Bradford, University architect and head of the department of architecture, and Professors Charles St. John Chubb, Jr., and Howard D. Smith, also members of the department, have been elected to honorary membership in Demetrios, local chapter of Alpha Rho Chi. The initiation ceremony will take place Saturday at the chapter house, 1919 Indiana Avenue, and will be followed by a banquet at the Chittenden Hotel.

The services will be held in conjunction with the annual homecoming, so that 25 or 30 alumni will attend. Some of the members of the grand council of Alpha Rho Chi are also expected.

## OHIO STATE SCORES 86 1-3 POINTS, WITH WESLEYAN SECOND

Continued from Page One

the gun cracks, once again Ferguson, Campbell and Mittendorf battle around the three-quarter stretch with the Ohioan leading most of the time until that last final sprint carries the three runners into the stretch with Mittendorf forging slowly ahead. Ferguson puts forth his last effort, but can get no better than second.

Then the half-mile runners dart away on their rush. Steinhilber carries the Ohio State colors into the lead, Francis of Wesleyan catches him at the last turn—they sprint and for a moment the Buckeye forges ahead, but he cannot stand the pace and the Red and Black runner steadily gains on him and passes him a few yards from the finish. And now the two-mile must be run, for these sporting writers who watch the falling shadows and know that but little time remains before they must leave the field.

Out into the lead steps Anderson, but he soon falls behind Sorin. With Forry, the three men take turns leading for the first mile. At the end of that time Knappen goes to the fore—another round finds the Wooster man still leading, with Anderson, Dickson and Bell following closely behind. One by one the other runners drop back until finally Dickson, Knappen and Bell alone remain in the lead, when the Wesleyan sophomore begins a killing sprint which carries him home an easy winner, with Dickson second.

### Oberlin Takes Relay

Quickly the story of the relay race flashed to waiting offices—the stirring fight of Ohio State and Oberlin through the four laps, with the Oberlin victory in record-breaking time and Ohio State coming close behind because of Pittenger's brave sprint in the last quarter, ends the tale of the running events.

Out on the field the officials perhaps checked over the field events—the shot put sheet tells how White moved ahead of all the others and of how Holtkamp was able to come through for a third place in the event which he won last year. Now the pole-vault records were inspected, with the story of the long all-afternoon battle of Hill and Knesal which finally ended in a tie after both men had gone over the bar at 11 feet 6 inches, just below the record jump.

### Robinson Surprises

And then the rattling telegraph told of Robinson of Case, who, though he was not considered as a possible scorer, outleaped all the other men in the high jump and was the only man in the bunch who could clear 5 feet 11 inches. Cranston surprised the field again by setting a new record in the javelin and winning the event, with Mikesell of the Buckeyes coming third. Spiers and Nemecek again fought for first place in the discus, with the former winning, and then King jumped out ahead of all the others for a first place in the broad jump—a place which gave him the high individual point-scoring honors with 14 points,

one-half of a point more than Hill and a point more than Moorehead of Ohio State.

The official gathered up his papers, the telegraph man his instruments, and for the second time of the day the Big Six track meet had come to a conclusion and the setting sun filled Ohio Field with a quiet peace as it went to sleep—a sleep which will not be disturbed until the call of "Yea, team!" echoes over it in the fall.

# Double the Value of Your Estate

Into this country, the present condition of financial affairs, offers to the man of business a greater opportunity than ever known before.

The future holds an admitted promise for still greater and richer returns from every form of legitimate enterprise, industrial activity and mercantile pursuits.

The man who has some capital at his command, even though in modest amount, will indeed be fortunate to learn that he can embark upon such ex-

pansion of activities with a definite knowledge of protection without investment.

This organization is fulfilling a distinctively unique function by selling insurance with no financial embarrassment, permitting you to double your estate on credit.

We are an insurance agency, fully incorporated, that has a strong financial backing within itself. It is the logical institution for men of affairs to secure a dependable protection. Here is how it works:

## For Example

A hundred thousand dollar policy would ordinarily necessitate an immediate investment of \$3,640.00. We assume the burden of this entire amount, continuing full credit until you care to eliminate it, your actual expenditure being but 6 percent of your premium.

This offer is for any amount from the smallest to the largest premium. We invite you to investigate this company's plan to double the value of your estate. It will incur neither obligation nor later aggressiveness.
