British Consider Recognition

Prime Minister Neville Chamberlain said today that the government was considering the question of de facto recognition of the annexation of Czechoslovakia by Germany and Hungary.

Chamberlain also said that all relevant points of view between Russia and Britain had now been made clear in connection with a Soviet-French-British alliance which is essential to completion of the "United Front." The alliance obligated the three powers to go immediately and with all their armed forces to the aid of any of the three that might be attacked.

Italy Also Has Alliance

In Italy, a plan for immediate and coordinated action by Germany and Italy to achieve their demands in Europe and Africa was understood to have been reported to Premier Benito Mussolini today by his foreign minister, Count Galeazzo Ciano.

National . . .

Seven Saved from Sub

Seven survivors from the stricken submarine "Squalus" were brought up 240 feet from the bottom of the Atlantic Ocean today, reportedly in "good condition" as the 40 Navy divers dared death at the bottom of the sea to save the lives of the 59 men trapped 26 hours aboard the sunken submarine.

Last night, the navy department had communication with the men by a secret, under-water sound method and Lieutenant Commander O. F. Naquin, in command of the sunken submarine, reported "condition satisfactory but cold." The men had enough oxygen for 48 hours and plenty of food. If progress of the rescue continues at the present rate, officials believe the complete rescue will take about 16 hours.

Dies Committee Seeks Information

The Dies Committee sought more information today concerning international anti-Jewish and anti-communist organizations in the United States, from George E. Deatherage, chief of the Knights of the White Camellias, said to be a fascist-like organization.

Deatherage told the committee that an "international liaison," similar to the League of Nations, exists among societies such as the one he heads. He said the world organization, dedicated to fighting "international Jew bankers" holds annual congresses.

Draft Dodger Arrives Tomorrow

Grover Cleveland Bergdoll, the World War draft dodger, is coming to New York aboard the liner Bremen. He will arrive tomorrow after many years in Germany where he fled to escape prosecution.

Ohio . . .

Senate to Vote

By its vote today the Ohio Senate will decide whether the state is to have a comprehensive anti-graft law and its decision may also give the first evidence whether there is a break between Governor Bricker and Republican State Chairman Ed D. Schorr over that issue.

The chairman expressed "heartly accord" with the purpose of the bill to make the cheating of the state on public business a criminal offense, but expressed objections to the measure in its present form in a memorandum to the state senators today.

Deputy Warden Testifies

Colonel William J. Walker, who was assistant deputy warden of Ohio Penitentiary for almost four years until dismissed together with Warden James C. Woodard, told the civil service commission today that there had been no irregularities at the prison during the Woodard administration.

Turner Succeeds Kime

The successor to the late Judge Harold L. Kime, Franklin County common pleas judge, was appointed by Governor Bricker today. He is former Attorney General Edward C. Turner, of Columbus.

Senate to Give Eight Students Service Awards

Dean Park Will Make Presentation Address

Students having accomplished outstanding work in social service will be honored at the annual Student Senate formal banquet Thursday at 6:30 in the Fort Hayes Hotel.

Dean of Men Joseph A. Park will present the Community Projects Award to the following students:

Margaret L. Burkley, prominent in 4-H Club activities, a leader in Grange activities in Lorain County, and attended and assisted in directing the leadership training program for the Older Young People's Group throughout Ohio.

Henry C. Hinke, chairman of the Boys' Club Committee of the University YMCA, member of the committee in charge of the Camping Institute, chairman of the Refugee Student Aid Committee, member of committee in charge of educational tours to social settlement houses, penitentiaries, slum clearance projects.

Marjorie L. Miller, prominent in organizing a permanent recreation schedule at Hull House in Chicago, and supervisor of play activities for children at Hull House last summer.

Clara Belle Motter, leader in 4-H Club activities for girls in Wharton, O., prominent in the Wharton Camp Fire program and style revue.

Elizabeth H. Pool, prominent in Girl Scout work as the leader of a troop at the Indianola Methodist Church, voluntarily held summer meetings last year to aid members working for merit badges.

Frances M. Watson, a teacher in the primary department at Indianola Presbyterian Church, and assistant dietitian at the Licking County Health Camp last summer.

Marcia M. Welday, recreational director and president of 4-H Club in Jefferson County, and organizer of a new club for girls too young to join the regular 4-H Club.

Elizabethann Walker, prominent in Save the Child Foundation and supervisor of a weekly radio broadcast for that group.

New Course Outgrowth Of Industrial Demand

To meet industry's demand for welding engineers, the department of industrial engineering has set up during the past academic year a curriculum leading to a degree in welding engineering. This curriculum is the only one of its kind in the United States and was formulated

under the direction of Professor James R. Stitt of that department.

The plan is to take from the various engineering colleges those courses of particular application to welding work and combine them into one curriculum.

Heretofore, a student graduating with a degree in industrial engineering, which is concerned principally with time and motion studies, would have to learn his welding on the job. The demand for college trained welding engineers has so grown, however, that a curriculum was thought necessary to meet the need.

At present six sophomores are taking advantage of this new field. The first degree of this kind in the United States will be granted in 1941 by Ohio State.

Two \$250 scholarships are also being set up by the department. These "arc welding scholarships" in welding engineering will be awarded to juniors and seniors on the basis of scholarship, enthusiasm and promising qualities of the student.

Sororities to Be Open in Summer

Mary M. Gordon, assistant dean of women, announced today that the following sororities plan to keep their houses open during the summer: Alpha Delta Pi, Alpha Xi Delta, Delta Delta Delta, Delta Zeta, Gamma Phi Lambda, Kappa Delta, Phi Mu, Theta Phi Alpha, Theta Upsilon, Zeta Tau Alpha, Kappa Kappa Gamma.

The Delta Gamma and Pi Beta Phi houses will be the headquarters for visiting teachers and participants in the Progressive Education Workshop which is a six-week feature of the summer school session this year.

Ancient Sport Bows to Fate

The intelligentsia is studying for finals.

Every Friday evening, heretofore, those members of the University's intellectual upper crust who are able to master the intricacies of pawn pushing, have met in room 11 of the Ohio Union and have played chess.

But that's a thing of the past. No more (this year) will the knights and bishops gallop roughshod over the innocent pawns, nor the valiant queen sally forth to do battle for her mate. No more will the Union resound to the shouts of "Check" or "Who's got a match?"

Because, ladies and gentlemen of the reading public, the Chess Club will not meet on Friday due to the approaching battle of wits between the faculty and student body, usually referred to as finals week.

Girl Steals Book To Purchase Text

North Suggests Placing Dealers Under Pawnshop Ruling to Halt Thefts

A woman student, caught selling a book stolen from a fellow student, was placed on probation Tuesday by the President's office, according to William North, campus policeman. The girl was ordered to re-purchase the book and to return it to the President's office.

Unable to raise the purchase price of a new textbook, the girl had taken the used book and sold it to a local book dealer, using the money to help purchase the new text.

North Presents Plan

"There is only one way to stop book stealing," North said. "If each bookdealer were placed under the city pawnshop ruling, he would exercise more care in buying books from students; for he would be required to register each book bought, with the book's description and the seller's name and address.

"Each morning one of the six Columbus pawnshop detectives would check these lists against his record of articles reported stolen. A dealer failing to register books would be liable for criminal prosecution."

New Course Outgrowth Of Industrial Demand

To meet industry's demand for welding engineers, the department of industrial engineering has set up during the past academic year a curriculum leading to a degree in welding engineering. This curriculum is the only one of its kind in the United States and was formulated

under the direction of Professor James R. Stitt of that department.

The plan is to take from the various engineering colleges those courses of particular application to welding work and combine them into one curriculum.

Heretofore, a student graduating with a degree in industrial engineering, which is concerned principally with time and motion studies, would have to learn his welding on the job. The demand for college trained welding engineers has so grown, however, that a curriculum was thought necessary to meet the need.

At present six sophomores are taking advantage of this new field. The first degree of this kind in the United States will be granted in 1941 by Ohio State.

Two \$250 scholarships are also being set up by the department. These "arc welding scholarships" in welding engineering will be awarded to juniors and seniors on the basis of scholarship, enthusiasm and promising qualities of the student.

Sororities to Be Open in Summer

Mary M. Gordon, assistant dean of women, announced today that the following sororities plan to keep their houses open during the summer: Alpha Delta Pi, Alpha Xi Delta, Delta Delta Delta, Delta Zeta, Gamma Phi Lambda, Kappa Delta, Phi Mu, Theta Phi Alpha, Theta Upsilon, Zeta Tau Alpha, Kappa Kappa Gamma.

The Delta Gamma and Pi Beta Phi houses will be the headquarters for visiting teachers and participants in the Progressive Education Workshop which is a six-week feature of the summer school session this year.

Staters Elect Packer, Pierce To Top Posts

Candidates Selected by Executive Committee

George L. Packer, A-3, was elected president of Ohio Staters, Inc., at its regular weekly meeting Tuesday noon. Runner-up, John P. Pierce, Com-3, became executive vice president. Sixty of the 72 members of Ohio Staters, Inc., took part in the voting.

Other officers elected are: Leon S. Friedman, Dean W. Palmer and Joseph M. Ryan, vice presidents; William H. Allen, corresponding secretary; James W. Rutherford, recording secretary; Harry E. Sondles, treasurer, and Amon E. Gross, historian.

All of the candidates for positions were selected by the executive committee. Voting was by ballot. The announcement of the election results were made at the annual spring picnic held Tuesday evening at the farm of Herbert S. Atkinson, member of the Board of Trustees.

New Sergeants

In a surprise move, George C. Miller, Com-3, and Robert W. Minor, A-3, had themselves elected sergeants-at-arms. Both Miller and Minor openly canvassed for votes.

Packer is a member of Sphinx, Bucket and Dipper, Romophos, Scarlet Mask, Strollers and Sigma Alpha Epsilon.

Major William N. Thomas, department of military science and tactics, was presented a certificate at the picnic signed by all Ohio Staters members "in appreciation of his fine work and for the interest that he has shown in the students of Ohio State."

Colwell Speaks At MPEA Banquet

"The Future of Physical Education," was the subject of the address given by Dr. C. C. Colwell, director of physical education at University School, at the Senior Send-Off banquet Tuesday evening at Pomerene Refectory. The banquet was sponsored by the Men's Physical Education Association.

Richard Carter, Ed-4, received an award for the most outstanding member of the graduating class in physical education. Officers of the association for next year are Michael Fogoros, Jr., Ed-3, president; Howell L. Evans, Ed-2, vice president; Edward P. Pickard, Ed-1, secretary; Henry G. Cleveland, Ed-3, treasurer.

Dr. Willard P. Ashbrook, department of physical education, acted as toastmaster of the banquet, which was attended by 75 members of the association.

Socialists Hold Meeting

The Socialist Club held a round-table discussion of "Big Business and the Inauguration of Fascism" at its meeting at 8 p. m. Tuesday in room 105 of Derby Hall.

Ohio State Alumnus Dies

Dr. Arthur Van Henry '14, director of ceramic engineering at the Georgia School of Technology, died Monday at Atlanta, Ga.

Co-Eds Few In Swiss College

Few recitations, no attendance reports, no sports, few co-eds and no fraternities are the major differences between American and Swiss universities according to a recent letter from Chester E. Bates '38, an exchange student at Berne, University of Switzerland.

Bates, a graduate of the University and a Phi Delta Theta, went to Berne at the beginning of this school year as the exchange student for a Swiss boy who attended Ohio State in 1938. His conception of the Swiss schools, he writes, is that they are highly technical in nature and do not attempt to foster student social activities.

In closing his letter, Bates says that he evades any scholastic comparison, but that study habits seem to be the same the world over, and cannot be changed by an ocean and a few thousand miles.

British Authority Talks on Genetics

Royal Medical Officer Reveals Latest Methods Of Chromosome Mapping

Presenting his own recently perfected methods of mapping the human chromosomes as one of the latest developments, Dr. L. S. Penrose traced the progress of the study of human inheritance before an audience of students and faculty members Tuesday night in the Botany and Zoology Building.

Speaking on his experience as research medical officer for the Royal Eastern Counties Institute of Colchester, England, Dr. Penrose discussed the past and present history of the attempts to determine inheritance and made some prognostications of future work along that line.

Theory Discussed

The major points of his talk were centered around the theory of congenital and its relationship to mental disease and the work of mapping the human chromosomes. He predicted that the future of such research would need to be a co-operative effort of all the branches of science if the valuable material was to be obtained.

Dr. Penrose was presented through the cooperation of the Graduate School and the department of zoology.

Dramatists Will Stage 'The Father'

August Strindberg's "The Father," a three-act study of the neurotic conflict between a weak-willed man and his cold, calculating wife, will be presented Friday in Derby Hall's little theater by the drama group of the department of speech.

Written in 1887 but modern in application, the play is the third in a series of dramas presented this quarter by students in the department of speech in their efforts to familiarize themselves with the techniques and mechanics of stage production.

Presentation of "The Father" is under the guidance of Ruth Levette, A-4, acting as producer and director. The last play in the series, "Our Town," will be presented by the speech students June 2.

Faculty Is Ribbed, Roasted at Annual Journalism Dinner

Kappa Tau Alpha Names New Members; 31 Get Lantern Key Awards

(See story at bottom of page 1 for details of proceedings.) Approximately 250 persons met in Pomerene Refectory at 6:30 Tuesday night and saw "Deacon" Lawrence truckin' down the aisle and "Parson" Pollard take command of the School of Journalism as Sigma Delta Chi, professional journalism fraternity, presented its second annual Rib 'n Roast dinner.

Bricker to Speak At Legal Clinic

Graduates Will Be Honored Guests; All Become Members of Association

Governor John W. Bricker will be the featured speaker when the College of Law is host on June 10 to the University Law Alumni Association. The association meets here each year in June for its annual legal clinic.

This year's College of Law graduating class of 61 members will be the honored guests. All members of the class will become members of the association.

The individual honored guest of the clinic will be retiring Dean Herschel W. Arant, College of Law, who has been appointed to the Federal Circuit Court of Appeals.

Professor Harry W. Vanneman, College of Law, is chairman of the arrangements of the program of the clinic. According to Professor Vanneman, the program for Saturday, June 10, in the Commerce Auditorium, is as follows:

Program
10 a. m.—Professor Arthur T. Martin, Law School, will present "Curricular Changes in Our School Program."

10:30 a. m.—Thomas Jones of Cleveland, "Organization and Functioning of a Metropolitan Law Office."

11 a. m.—George Marshall, Jr., member of House of Representatives from Franklin County, "Summation of Legislative Action on Marriage and Divorce, Reform and the Civil Procedure Bills."

1:30 p. m.—Luncheon at Faculty Club. Recognition of Dean Arant and seniors. David E. Jones of Youngstown, president of the association, will preside and speak for the alumni. Daniel Johnson, president of Junior Bar Association, will speak for students. Professor Arthur T. Martin will speak for the faculty. Governor John W. Bricker will speak on a topic of his own choosing.

The same 250 persons read in an extra edition of the LANTERN that Joseph Stalin had been named new University president, with the approval of "Jamie Pollard, director of the School of Propaganda."

The annual dinner was initiated last spring and is patterned after the Gridiron Dinner in Washington, with the faculty, in particular, and everyone in the School of Journalism, in general, being portrayed in a more or less exaggerated fashion as others see them.

Kappa Tau Alpha

Following the banquet, new members to Kappa Tau Alpha, journalism honorary, were named. They are Paul E. Jacobs, Mardelle Kleinman, William N. Mendel, Manny N. Schor, Robert W. Robinson, Raymond D. Rogers and Robert W. Wells.

Seniors receiving Sigma Delta Chi scholarship awards were James M. Burke, Tom J. McFadden, Robinson, Robert W. Halliday, Elizabeth R. Kuntz, Grace Schaffner and Agnes Vavrek.

Thirty-one students were recommended for LANTERN key awards. These awards were based on work done for the LANTERN during the year.

On the editorial staff, those named were Don Smith, Manny N. Schor, Ray Rickles, Raymond D. Rogers, Mardelle Kleinman, Mary Jane Hill, Harry DeBock, Jack H. Jonas, Marcia E. Cooper, Dave Tracht, Margaret Tuttle, Robert W. Halliday, Paul E. Jacobs, Vernon E. Havener, Paul Warren, James O'Boyle Burke, Richard I. Taylor, James W. Danner, Willard K. Hirsch, Jean Storey, John T. Norman, Robert W. Wells, Judith Smilack, George E. Condon, William N. Mendel, Agnes Vavrek, Vernon Gilmore and John Traxler.

On the business staff, those named were Addy Marks, Amon E. Gross and Kenneth Branscomb.

Dames Set Party Date

The University Dames will hold a party at the Field House on the campus Saturday. The committee in charge of the affair includes: Mrs. Ralph Vogel, chairman, Mrs. Allen Fulton, Mrs. Donald Clutcher and Mrs. R. H. Packer. The party will begin at 2:30.

Student Designs Model Auto, Wins Scholarship

By WARREN EDWARDS

Twenty-one-year-old Charles A. Bangert, Engr-2, is attending Ohio State today because of a cheesebox, a pen knife, and a box of toothpowder.

It was with these materials that Bangert built the model automobile that won for him the national senior division of the Fisher Craftsman Guild contest and a \$5000 university scholarship in 1937.

A product of two months' continual work, the model itself is 18 inches in length, painted a soft sage green and is streamlined in a perfect "tear drop" shape.

The sweeping beaver tail is built up of a series of flutes which act as outlets for the cooling system of the engine, which is anchored along the rear axle.

On the stubby nose between a pair of modernistic headlights is the intake grill for the air conditioning system.

The solid body is made from cheesebox wood and is polished to a supreme finish with toothpowder. Bumpers and hubcaps are carved from balsa wood, while pieces of an old tomato can serve as drip drains over the doors and windows.

Somewhat Limited
The result of imagination and hours of research, Bangert says that his model was limited only in that it had to be one-twelfth the size of an actual car and so designed as to give

the best visibility for a person 69 inches tall and weighing 150 pounds.

When asked how he had decided to enter the contest, Bangert plopped his six-foot frame on the edge of his bed, ruffled his wavy blonde hair and answered that he had been reading about the contest and just decided to enter, becoming member 1,400,000 of the Craftsman Guild.

Bangert explained that he had had no training in manual arts or mechanical drawing but that he had been designing his own airplane models for 12 years. "Somehow or other I didn't get any kick out of following someone else's plans," he said.

A resident of London, O., Bangert picked Ohio State because of its well known engineering college and because Charles Kettering, vice president of General Motors, is one of its graduates.

Charles spends his time in the summer working in a small Columbus factory, shoots a "not so hot" game of golf, and expects to be a designer for Fisher bodies when he graduates.

The Ohio State Lantern

Established in 1881

Member of Associated Collegiate Press
Member of Western Conference Editorial Association
Member of Inland Daily Press Association

Published daily except Saturday and Sunday during the regular school year by The Ohio State University, under the direction of the School of Journalism.

Combined with the Official Daily Bulletin.
Editorial and other opinions expressed in The Lantern are those of students unless otherwise indicated.

Entered as second-class matter, January 16, 1907, at the post-office at Columbus, Ohio, under Act of Congress March 3, 1879.

Accepted for mailing at special rates of postage provided for in section 1103, Act of October 3, 1917, authorized July 10, 1918.

Represented for national advertising by National Advertising Service, Inc., 420 Madison Ave., New York, N. Y.

TERMS OF SUBSCRIPTION

Three dollars for autumn, winter, and spring quarters inclusive, on the campus; in the University district, or by mail outside of Columbus. Four dollars by mail in Columbus.

A Setback . . .

The Independent Men's Association loses an excellent leader with the resignation of Leon Kogan as president. Kogan, who resigned his office after a tenure of a little more than a month because of a change in his scholastic program for next year, was honored with the highest office that the independent men could give him because of the unselfish and whole-hearted way in which he has endeavored to further the interests of the IMA and to bring it into closer harmony with other campus groups.

Leon Kogan was elected president of the IMA on a platform which specified three definite objectives. His pledge was to foster plans for an improved Ohio Union, to develop the IMA into one of the strongest organizations on the campus and to seek close cooperation between the IMA and fraternities.

We suggest to the IMA that, in searching for a new president, it could do no better than to find a man who stands behind the same objectives proposed by Kogan. It is a sensible program.

Tempus Fugit

A far more eloquent editorial than any we could write appeared on the front page of Tuesday's LANTERN. It was the examination time schedule.

It's always a shock to realize that another school year is on the wane, with the end in sight. Most of us are in agreement that somebody is jimmying the calendar; that nine months could not pass so swiftly. But who can dispute the certainty and inevitability of the examination schedule?

On the whole, it has been a lively year, with few dull spots. We have had our quota of sports thrills, failure and success. The months have been replete with dances, carnivals, roller skating parties, theatrical productions, and other social affairs. We have been subjected to an investigation for traces of radicalism in our midst, and for a while we called the dog-house home.

But there have been significant strides taken. All has not been frivolous or ridiculous. Such projects as the Alumni Development Fund drive and the Student Labor Board survey should produce results of lasting benefit to the University.

However, in the minds of most students, this is not the time for a sober evaluation of the scholastic year 1938-1939. That exam schedule recalls to mind that life is real, and there is yet another hurdle to be overtaken.

The Women Get a Break

Not for 21 years has there been a woman editor of an Ohio State student publication. That is, not until Marie C. Davis rocked the foundations of the University's literary circles last week end by being appointed the new editor of the Ohio Stater magazine.

The heartiest congratulations are due Miss Davis both for her deserved appointment and for her ruthless, but commendable, overthrow of a tradition that was beginning to discourage many talented women writers on the campus. We feel confident that her editorial tenure will be a successful one.

Quotable Quotes . . .

"As young democrats in the world's greatest republic, you have a two-fold task, as I interpret conditions. You have to fit together the broken pieces of our shattered civilization; and you have to bring to bear on every phase of civilized life the influence of learning and scholarship."

University of Alabama's Dr. George Lang charts a course of responsibility for today's collegians.

"Youth must make up its mind to participate in public life, to purify and dignify public office and public administration. It cannot afford to be cynical and aloof in this juncture of our civilization. Too much depends on intelligent cooperation and good will."

President C. A. Dykstra, University of Wisconsin, urges youth to take its part in public life.

Collegiate Circle

By Judith Smilack

But Naturally . . .

"The Three Sweetest Words" in the English language are "I love you" and "dinner is ready," according to a recent Gallup poll among college students. "Sleep until noon" came in second place, with "It's an A" and one's full name on an exam exemption list both rating consideration.

A pat on the back develops character, says a noted psychologist. And the Heidelberg Kilikilik adds: "provided it's administered young enough, low enough and often enough."

Harvard Man: "Who knocked on my door just now?"

Janitor: "It was me."

Harvard Man (to second H. M.): "What is he trying to say?"—S. C. Daily Trojan.

Ship Ahoy . . .

Kent State College will have its first annual Rowboat Regatta on the Cuyahoga River Saturday, June 3. Admitting Kent State's lack of nautical mindedness, the Stater editors assert that the main purpose of the regatta is to originate a new tradition for the university. The claim is that Kent's traditions need new blood.

Two hundred co-eds at Northwestern University threatened to go without bathing unless university officials replaced curtains around their showers. Officials said they removed the curtains because the women insisted on wiping rouge and lipstick on them.

No Wonder . . .

Martin Grossman Ettlinger, 13-year-old freshman at the University of Texas, is the only student who ever won the Brown Mathematic Prize and the Brown University Calculus Prize in the same year. Ettlinger, who studies Greek, chemistry, physics, calculus and English, is the youngest student to attend the university and he ranks right at the top scholastically. And no wonder! Both his father and mother carry Phi Beta Kappa keys.

The Hit Club, a jam and jive organization at the University of Washington changed its name back to the Husky Hot Club for "publicity value." It made the original change in order to get faculty sanction. Which proves there's more than one way to skin a cat.

In the Spring . . .

An Oklahoma College student's vision of a Mormon wedding:

Parson: Do you take these women to be your law-wedded wives?

He: I do.

Parson: Do you take this man to be your lawfully wedded husband?

Brides: We do.

Parson: Some of you girls in the rear will have to speak a little louder if you want to get in on this.

"Lawnmoweritis," a deadly spring disease, has broken out on the University of Toledo campus. Students are protesting the clamor of lawnmowers while class is in session. It should be done late in the afternoon when there are few classes and on Saturday, advises the Campus Collegian. It takes all kinds of people to make a world.

Fluffy Amazons . . .

The Trojan Amazons, Southern California co-eds' athletic association, like their new puffed sleeved sweaters better than the traditional regulation sleeveless sweater because the new ones don't look so efficient.

'Ys' to Plan Program At Week-End Retreat

Mirrors, Mid-Mirrors Hold Annual Picnic; SDT Seniors to Be Honored at Formal Banquet

By MARDELLE KLEINMAN

The YM and YW believe in that "early bird" adage, for they're taking advantage of this week end to make plans for their activity next year.

The plans include a retreat Saturday and Sunday at Camp Wildwood for any members who wish to attend. The new councils of both groups will discuss

a tentative program for next fall quarter. Polly Moss and Kenneth Kline will be there too, because what would any "Y" function be without them?

Annual Picnic

Mirrors and Mid-Mirrors, WSGA committees, are holding their annual picnic at 5 p. m. today along the river. Kay Pack is in charge of arrangements and is being assisted by members of the Mid-Mirrors social committee. At the picnic, girls will sign up for work on the annual Campus Sister project.

SDT Seniors

The graduating seniors at the Sigma Delta Tau sorority house will be honored with a formal banquet Thursday night at the Beechwood Tavern. A representative from each class will speak, and there will also be speakers for the alumni and the patronesses who will be present. And apparently this four year struggle is worth it all, because the graduating seniors are even going to be presented with gifts.

Prom Notes

While on the subject of seniors, we can't neglect the prom which is to come off Friday night. The latest news from that direction tells us that the World's Fair will be in town as far as prom-goers are concerned. There will be eight trylons about the dance floor and the band shell will be in the form of a perisphere. There will also be perispheres at each end of the floor . . . And we've heard that the programs will be white leather mortar boards with scarlet and gray tassels.

Alpha Xi Migration

There's to be a traditional Alpha Xi rose dance at the Ohio Wesleyan chapter this week end and it seems that practically the whole Ohio State chapter is heading in that direction. They say that 25 or 30 of the local girls will attend the dance at Delaware Saturday night.

Rib 'n Roast

The Sigma Delta Chi boys (journalism fraternity) really did a good job of ribbin' and roastin' at their annual dinner Tuesday night. There was plenty of gentle (and not-so-gentle) digging and a good share of scorching too. We have a suspicion that the local boys could match up pretty well against those newspaper men who do the same sort of thing in Washington at those Gridiron dinners.

Co-Op Seniors Are Kings for a Night

Fifteen graduating seniors of the Tower Club were "kings for a night" at a dinner in their honor at the co-operative dormitory Tuesday night. Each of the men was introduced to the guests, and then each senior gave a short speech of appreciation for the privilege of having been a member of the club.

Features stressed by the senior men were the benefits of financial aid through low-cost board and lodging, of association with a highly selected group of fellow students, and the values of learning the lesson of cooperation in a cooperative dormitory.

Guests present were Dean of Men and Mrs. Joseph A. Park, Bland L. Stradley, dean of the College of Arts and Sciences, and Mrs. Stradley; Edward S. Drake, manager of the Ohio Union; Mrs. Adeline Underwood of the Entrance Board, and Charley F. Miller, assistant comptroller.

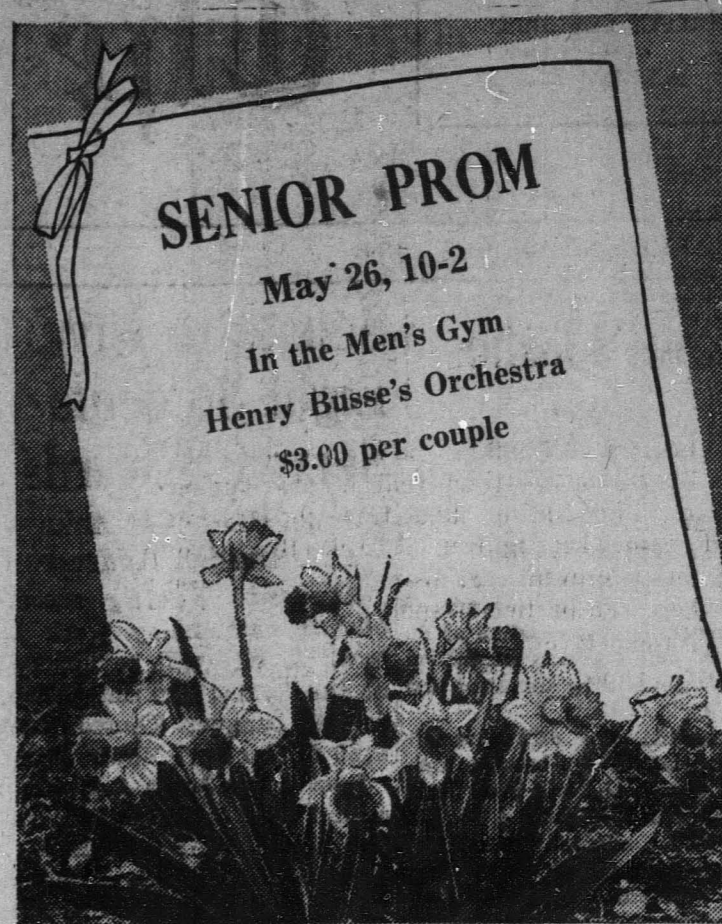

Group to Week End At Camp Indianola

Hiking, scavenger hunts and group games will be coupled with church services for a group of 60 students who will spend the week end at Camp Indianola, near Lancaster, O.

The group will leave Friday by private cars and trucks and return Sunday evening. Richard D. Wood, A-3, is heading the committee in charge of the trip. Indianola Student Center is sponsoring the outing.

Gall Accepts Marine Post

William O. Gall, Com-4, has accepted a commission as second lieutenant offered him by the United States Marine Corps. A final physical examination at Chicago about June 5 will qualify him for the post.

Popular O. S. U. Coeds Prefer Kedettes For Campus Wear and Knockabout

These five pretty O. S. U. coeds shown above prefer Kedettes for informal campus wear and general knockabout. In the picture are Marie Marshall of Kappa Kappa Gamma, Bonnie Brown of Pi Beta Phi, Joanna Stephens of Delta Gamma, Mary Schaefer of Kappa Alpha Theta and Mary Jane Bryan of Pi Beta Phi.

and you can look to **LAZARUS** for a large assortment

Lazarus is ready for you with a large assortment of Kedettes that are so popular with college coeds because they're cool, comfortable and priced within your budget. You'll like the way they fit and the way they feel on your feet and they come in a large variety of solid, two-tone and floral designs. All have live crepe rubber soles. Sees Many Funny Antics in Intramural Track Meet at Stadium; Hull Will Aid Buck Basketball Coaching Staff Next Year
Lantern Sports Editor

The intramural track meet was held Tuesday afternoon at the Stadium and it provided plenty of laughs for the spectators. Billy Quayle... captain-elect of the swimming team... was entered in several events and his antics were really amusing. In the mile run, Quayle did more talking to the spectators crowded around the track than he did running. Yet he kept his rough and uneven stride throughout the entire race and finished without keeling over. Dick (Bridegroom) Baker also ran in the mile event. We advise both these athletes to stick to their own particular sports in the future.

We hope Gene Myers' unfortunate accident in Tuesday's ball game with Ohio Wesleyan does not hurt his chances of going up in the baseball world. "Pappy" broke his ankle while sliding into a base during the game and had to be carried off the field. He is the second captain of a baseball team here to meet with such a fate. Nick Wasylik broke his ankle two years ago. Nick recovered without any after-effects and went on to play football and baseball during the following year. We hope that Gene is not handicapped in the future from his injury. Major league scouts have been watching his brilliant play around the second sack for the Bucks during the past three years... and it is a pretty good bet that if he isn't signed up now by some team he will be after he graduates in June.

Hull Will Aid Olsen Next Year...

Captain Jimmy Hull... Ohio State's greatest basketball star... will aid Coach Harold G. Olsen next year in tutoring the cage squad. Hull plans to enter dental school here in the fall and he will try to keep the boys pepped up with that spirit which he injected into their veins this past season. There's one bad feature of this though. Hull will have to do all his work from the bench. It would be a great thing if he could play one more year here. Though it may be a long time before another leader and player like Jimmy comes here... he will not be soon forgotten.

Congratulations to Esco Sarkkinen, Steve Andrako and Al Patnik for their honor in being chosen to Sphinx. These three boys rated this on the basis of their athletic prowess and the ability to do well in their studies as well. We never realized Jimmy Langhurst was so fast... but in Tuesday's I-M track meet he stepped the 100-yard dash in the fast time of 10.2 seconds. Not bad for a fellow who has not been working out for this event. Dick Fisher... another football hopeful... was clocked in 10.6 seconds for this same race.

Add the funniest remark of the year. Amidst all the excitement when Gene Myers was down after breaking his ankle... an Ohio Wesleyan outfielder yells out this question to the ump... "Is he out?"

We'll be writing our finis for the LANTERN next week. After four years of struggle, we are nearing the end of the road to graduation... we hope, anyway. It's been a pleasure working with the athletic department here. Fellows like Jim Renick, Fritz Mackey, Larry Snyder, Hen Taylor, H. G. Olsen and all the rest have been swell to the LANTERN... without their kind consideration, we would have missed up on a lot of things. This column will be given over to junior class members of the sports staff next week. One of these boys will take over the duties here next fall... so each will try his hand at column writing.

Psychology Team Defeats Health Lab In I-M Play, 12-11

Psychology nosed out the Health Laboratory by a score of 12 to 11 in Tuesday's outstanding intramural softball game. Both teams put on big scoring spurts in the first few innings. The eventual winners scored four runs in the opening frame and five more in the second. They added three more in the third for their 12-run total.

The losers fought gamely all the way, scoring 10 runs in the first three innings. Their final run came in the seventh and final frame as they attempted a rally which fell short.

Wickens, Carr and McIntyre did the most damage at the plate for the winners as they came through with three hits apiece. Sulzman led the losing cause with three safeties.

Commerce Wins...

Commerce handed General Chemistry a 19 to 5 trouncing in a seven-inning contest. A big nine-run batting attack in the fifth frame gave Commerce more than enough runs for a victory. The losers had only one big inning, the third frame, when they could only score three times.

Whitinger, the winning hurler, allowed the losers 13 hits, but he kept these well scattered. Jecius sparked the winners' batting attack with four hits. MacDonald was the losers' star as he hit safely, four times.

The Chemistry Shackers trounced Military by a score of 21 to 7. Eight runs in the fourth inning and four run attacks in the next two frames were enough to give the Shackers an easy victory.

Michaels was the hitting leader for the winners as he banged out four safe blows. Lawson and Cantley tried to keep the losers in the game as they garnered three hits apiece.

I-M RESULTS

Softball
Health Lab. 12, Psychology 11.
Chem. Shackers 21, Military 7.
Commerce 19, General Chemistry 5.

WSGA Members Plan Annual Board Picnic

Quarterly reports of WSGA committee chairmen will be heard at the annual board picnic to be held at 5 p. m. June 1, along the Scioto River, it was decided at a board meeting Tuesday in Pomerene Hall. Old council members and faculty advisers have been invited to attend the picnic, Jean A. Waid, A-3, WSGA president, announced.

MYERS BREAKS ANKLE IN WIN OVER BISHOPS

By BOB RIES

Although it cost them the services of their sterling captain, Gene Myers, who broke his left ankle sliding into second base, Ohio State's down-trodden Buckeyes successfully closed their 1939 home season Tuesday by walloping Ohio Wesleyan, 8-3.

The injury suffered by Myers was the third mishap to befall Buckeye mainstays during the past three seasons causing their departure from active service for the remainder of the season.

Wasylik First...

Two seasons ago, Crooner Nick Wasylik was pounding the ball at a merry clip, but a broken ankle sustained early in the season shelved him for the remainder of the campaign. The ankle bugaboo also hit Paul Washburn, center fielder on the present Buck squad, last season when he slid across home plate.

Myers' misfortune came in the fourth inning when he was attempting his second theft of second base. After hitting the dirt, Myers doubled

up and stretched out on the ground as fellow players rushed to his side. The graceful second sacker was writhing in pain. He was hastily carried from the field to the locker rooms on the shoulders of two of his mates.

After a preliminary examination by Trainer Tucker Smith, Myers was rushed to University Hospital, where his ankle was set and placed in a cast.

Fortunately, Myers' injury comes a time when it will not cut an open swath in the Buck ranks. The hapless Scarlet, who have long been out of the Conference race, have only three games left to play. Myers will be replaced by either McVay, senior outfielder, or Walt Topa, sophomore second sacker.

Tuesday's game, which was the seventh win of the season recorded by the Bucks, was a battle of home runs, four of them being propelled before the bombardment ceased. Ohio's two circuit smashes were clouted by Jay Ingram and Bob Lynch, while Wesleyan's pair was contributed by Donchess and Michaels.

Ohio's hurling duties were divided by Clay Blanche, Gene Dornbrook and John Dagenhard, Blanche, junior fireballer, making his second season's start, toiled five innings to get credit for the win. Although in hot water constantly, he managed to escape with only five hits and two runs charged against him during his stay.

Dornbrook, who followed Blanche to the mound, gave up one hit in the two innings he labored, that a home run. Dagenhard, who twirled the last two frames, was not touched for a single base blow.

With the exception of Gene Myers and Paul Washburn, Ohio's starting lineup consisted of all juniors or sophomores, men who are expected to form a nucleus for next year's team. Jay Ingram and Ralph Leopold, two of the blossoming sophs bidding for regular spots, made their first starts, and each responded with one base hit.

Although the Bucks collected but nine hits, each player in the starting lineup gathered at least one hit except the pitchers. Paul (Ears) Washburn, who has been in the batting doldrums all season, registered two hits in three trips to the plate and also stole two bases.

Continuing to play their stellar midweek ball, the Bucks, who resemble anything but a baseball nine of Big Ten caliber over the week ends, reeled off their second errorless fray of the season, turning in several sparkling plays.

The Bucks scored all their runs in the first six innings, then coasted contentedly to victory in the latter stanzas, as they shelved their offensive guns in favor of defensive maneuvers.

Ohio corralled their first tally in the first on Washburn's single, Parks' error and Coyer's line single to left.

Ingram made it 2-0 in the second when he patted a four ployer to the Stadium wall in left-center field.

Donchess' fluke home run, which took an erratic hop over Washburn's head in center field, narrowed the Buck gap to 3-2 in the fourth, but the Bucks, making the most of every scoring opportunity, responded with a lone run to hike their margin to 4-2.

Bob Lynch's mighty blast to the bushes at the incline in right-center field, good for a base circler, and Waldo's life on an error coupled with Leopold's double advanced the Mackey total to six in the fifth stanza.

The Bucks put together two walks and two singles by Morgan and McVay to counter their last two runs in the sixth.

This week's pair of tilts with Minnesota's Gophers at Minneapolis will conclude the Bucks' Big Ten Conference season. Both nines are hopelessly out of the Conference chase, and the outcome of the skirmishes will have little bearing on their season's records. With this in mind, Coach Fritz Mackey will give his recruits another chance to prove their worth.

Andy Tobik, husky sophomore moundsman, will receive one of the starting nods in lieu of recent meritorious work, while the starting

hurler in the other fray is a tossup between John Dagenhard, Gene Dornbrook, Jim Sexton and Clay Blanche.

Forum to Hear Hatcher

Dr. Harlan H. Hatcher, department of English, will speak on "The Short Story" at the annual banquet of the Columbus Writers' Forum to be held Thursday night at 7:30 at the Chittenden Hotel.

Annual Ohio AAU Track, Field Meet To Be Held June 3

The Annual Ohio AAU Track and Field Championships will be held June 3 in the Stadium, it was announced Tuesday by Track Coach Larry Snyder. All events are sanctioned by the AAU and are sponsored by the University.

No entry fee will be required. All individual and club entries must have an AAU card. They may be obtained at the Stadium ticket office Saturday morning, June 3.

Gold, silver and bronze medals will be awarded for the first three places and the point scoring for these will be 5-3-1.

The meet will start at 1:30 with a newly added event, a two-mile bicycle race. A five-mile bicycle race will conclude the meet. Trials will be held in the 100-, 220- and 440-yard dashes and the high and low hurdles.

Coach Snyder said that if sufficient interest is shown, there will be a mile-relay event for high schools and provided the entry list is large enough it will be seeded into fast and slow heats and the winner decided on time.

This marks the third year of the Ohio AAU track meet. Although the response for the first meet was rather small, last year's turnout showed that Ohio colleges and universities are taking added interest in this annual affair.

The public will be admitted free.

Student, Minister Complete Hymnal

Aimed at providing a hymnal for young people, a new book of church songs has just been completed by Martha H. Sayers, Ed-4, and Dr. Roy A. Burkhart, pastor of the First Community Church.

The new book was compiled in an effort to present religious songs and worship services which will appeal to persons of high school and college age. Now in the hands of the publisher, the book will come out sometime in the early fall.

'Town Meeting' Will Be Resumed in Fall

Columbus Town Meeting of the Air will be resumed October 1 and will continue through the fall and winter season, it was announced following the final meeting of the current series.

Faculty members of Ohio State will participate in the meetings and will figure in planning the discussions. The meetings, which are open to the public, have been held at the YMCA on Monday evenings.

pages would be glued together so that there would be no incentive for purloining them.

Getzlöe Turns Cynic

Students who had the misfortune of having Lester (Phi Beta) Getzlöe as their adviser were disillusioned by his statements concerning their chances for success in journalism. Paul Jacobs, attempting to borrow \$15, after having been refused by Pollard, was dismayed to discover that Getzlöe was broke, and that although "even a hod carrier's got 15 bucks," journalism professors seldom have.

Killikelly, Manypenny and Brown, students in Journalism 402, had been given Getzlöe as their adviser, and regretted the appointment before they were through their first interview.

In the red probe, onlookers saw Pollard carried in by two members of the "Board of Trustees" and quizzed as to his actions. When asked who had written stories concerning the Marxist Club, Mr. Pollard confessed all and told of his "subversive activity."

He attempted to justify himself, however, by the fact that he was a veteran, "practically eligible for social security," who had fought in the Argonne, "only 150 miles from the front." He disclaimed all connection with the LANTERN, with the exception of "censorship of editors, editorials, columns, jokes, ads and the weather report."

Other overwhelming evidence presented against Pollard was testimony by Bill Mendel, his stooge, and excerpts from his diary, which were read with great delight by the "Board of Trustees."

Sesquipedalianism Rampant

Dr. Raymond D. (Curly) Lawrence, in "attempting to avoid sesquipedalian exhibitionism in his elucidations," bombarded the class with excerpts from Doob's "Propaganda," long words that "even in six-point could not be set in two columns," and lengthy descriptions of nights in "Parce" and "Rio."

"Curly," adjusting his glasses from time to time, made his stogees repeat an oath of allegiance to Walter Lippman, "the only intellectual in the whole field of journalism—except Dr. Lawrence."

The professors went home feeling properly roasted.

Numerous industrial engineering seniors who will graduate in June will profit from an idea advanced by Professor Younger six years ago.

Why not, Professor Younger reasoned, mark and label our graduates so the employer will know the type of person he is employing? So he went to work compiling a book, in which life stories and pictures of graduating seniors were published. The plan worked so well that it's still in operation.

Here's the way the plan works. Each senior makes out a record of his appearance, qualifications and references. These are put into the book in order of name, address, age, nationality and so on. The book also lists the jobs each student will be qualified to fill and gives a three-page survey of works offered at the University.

"We feel that an employer will be more inclined to consider a man for a position if he knows in advance what he's getting," Professor Younger explained.

Way Back When

By JOHN MURRAY

MAY 23, 1921—Alpha Zeta was awarded first place in the registrar's compilation of scholastic percentages of fraternities and Pi Beta Phi held the highest place in the lists of sororities. It was noticeable in the report that the general standing of sororities was much better than that of fraternities.

MAY 17, 1923—"Visions of polo at Ohio State are materializing," said Major Edward C. Hanford of the military department this morning. "The department of agricultural engineering has prepared the ground by plowing, discing and leveling it. It has also been seeded with grass to insure a turf."

The polo grounds will be on the military field which extends from the proposed driveway west of the agricultural buildings to the river.

Co-Op Club Fetes Seniors

Max N. Ruhl, Engr-4, and William W. Brown, Engr-4, president and steward, respectively, of the Buckeye Club, spoke at the banquet Tuesday given by the cooperative dormitory in honor of graduating seniors. Leo J. Mistak, Com-2, read the class prophecy.

Official Bulletin

The Ohio State University

Vol. XVIII

WEDNESDAY, MAY 24, 1939

No. 141

THIS BULLETIN will be the official medium for all authorized announcements. Faculty and students—especially officials of all organizations—are requested to look to the Bulletin for information. University officials and executives will be guided by the Bulletin in preparing for meetings. In the interest of efficiency and to avoid conflicts the following announcement is made: No meetings or functions of any sort will be permitted or provided for either on the campus or in the University Buildings unless authorized and announced in the Daily Bulletin. The University assumes no responsibility for unauthorized or unannounced meetings. Notices should be at the President's Office not later than noon for the day following and noon Friday for Monday's Bulletin.

UNIVERSITY ACTIVITIES

Wednesday, May 24

University Grange, rooms 204 and 206, Horticulture and Forestry Building, 7:30 to 10:30 p. m.

Quadrangle Jesters, Chapel, 7 to 10:30 p. m.

Strollers, rooms 100 and 107, Derby Hall, 6:30 to 10:30 p. m.

Freshman Council, College of Education, room 304, Education Building, 7 to 9 p. m.

Department of psychology staff meeting, room 302, Education Building, 7:30 to 10:30 p. m.

Floriculture Seminar, room 205, Horticulture and Forestry Building, 7 to 9:30 p. m.

Geology lecture, room 205, Orton Hall, 7:30 p. m.

Socialist Club, room 103, Derby Hall, 8 to 10 p. m.

Commerce Council, room 215, Commerce Building, 7:30 to 9:30 p. m.

Saddle and Sirlin Club, Animal Husbandry Building, 7:30 to 9:30 p. m.

Home economics department, University School, room 308, University School, 5 to 10 p. m.

Undergraduate Mathematics Club, room 310, University Hall, 7:30 to 9:30 p. m.

Chinese Students' Club rehearsal, Campbell Auditorium, 7 to 10 p. m.

Department of physical education for women, Campbell Auditorium, 5 to 7 p. m.

Student branch American Ceramic Society, room 125, Lord Hall, 7:30 p. m.

Ohio State Engineer, room 403, Engineering Experiment Station, 7:30 to 9:30 p. m.

Quadrangle Jesters, Chapel, and room 222, Industrial Engineering Building, 7 to 10:30 p. m.

Alumnae Association University Hospital, lecture room, University Hospital, 8 to 10 p. m.

Forum Society, Social Administration Auditorium, 7:30 to 10 p. m.

Strollers, rooms 100 and 107, Derby Hall, 6:30 to 10:30 p. m.

Filed Artillery Trainer Battery, Armory, 7:30 to 9:30 p. m.

Glider Club, room 102, Derby Hall, 7:30 to 9:30 p. m.

Polo Club, room 1, Armory, 7:30 to 9:30 p. m.

Kappa Kappa Psi, room 6, Armory, 7:30 to 10 p. m.

Pi Tau Pi Sigma, room 301, Armory, 7:30 to 9:30 p. m.

Engineers' Council, room 263, Chemistry Building, 5 to 6 p. m.

Pi Lambda Theta, room 108, Derby Hall, 7 to 9 p. m.

Department of optometry, lecture room 200, Mendenhall Laboratory, 7:30 to 9:30 p. m.

Pistol Club, room 5, Armory, 7 to 10 p. m.

Friday, May 26

Quadrangle Jesters, rehearsal, Chapel, 7 to 11 p. m.

Strollers, rooms 100 and 107, Derby Hall, 6:30 to 10:30 p. m.

Chess Club, room 11, Ohio Union, 7:30 to 9:30 p. m.

Kappa Kappa Psi German Band, Rehearsal Hall, 7:30 to 9:30 p. m.

Chinese Students' Club program, Campbell Auditorium, 8:15 p. m.

Senior Prom, Physical Education Building, 10 p. m. to 2 a. m.

Department of physical education, motion picture, room 100, Chemistry Building, 7:30 p. m.

Department of physiology, lecture, Social Administration Auditorium, 8 p. m.

Dean of Women's Announcement

Senior women students who have had student loans should come in to the office of the dean of women before the end of the spring quarter and arrange for repayment. All notes must be remade and dated as of July 1, 1939.

Hospital List

Nine students were reported ill in University Hospital this morning. They were: George B. Mosely, Jr., Mary E. Jeffers, Helen P. Helfrich, Leon F. Price, Herman L. Spachner, Paul H. Maurer, Ralph L. Phillips, Sara J. Trapsky, Eugene J. Myers.

WANT ADS

Flat rate per word two cents, 10% discount for three or more consecutive insertions. The Lantern does not carry advertisements of rooms for undergraduate women. All room advertisements are for men students unless otherwise stated.

University 3148 Sta. 522

LAUNDRY. REASONABLE. CALL DELIVER. UN. 2533.

LOST—ALPHA PHI PIN. Un. 1671. Reward.

TUTORING IN ENGLISH COMPOSITION. MANUSCRIPTS CORRECTED. Ev. 1925 to 7 p. m.

The Biochemical Journal Club

The Biochemical Journal Club will hold a joint meeting at 8 p. m. Thursday, May 25, in room 205, Townsend Hall, with the ADSA. Dr. H. E. Barnard, research director of the National Farm Chemurgic Council, will speak on "Utilization of Agricultural Wastes." Special attention will be devoted to dairy wastes.

Dr. Ernst Laqueur to Speak

The department of physiology announces a lecture at 8 p. m. Friday, May 26, in the Social Administration Building Auditorium, by Dr. Ernst Laqueur on "Recent Developments in the Study of Sex Hormones." Dr. Laqueur is professor of pharmacology in the University of Amsterdam. He was the first to isolate testosterone and one of the first to isolate estrone. The lecture is open to the public.

Chemical Engineering

Inspection Trip

Final conference for the chemical engineering inspection trip will be held at 5 p. m. Friday, May 26, in room 154, Chemical Engineering Laboratories.

All students registered for Chemical Engineering 703 and 705 are required to attend this conference.

JAMES R. WITTHROW.

Make-Up Examinations in

Elementary Chemistry

Make-up examinations for Chemistry 402, 403, 412 and 413, will be held from 4 to 6 p. m. Friday, May 26, in room 100, Chemistry Building. Persons desiring to take the make-up examinations should sign up in the office of the Division of General Chemistry, room 112, Chemistry Building, not later than noon, May 25.

No student will be permitted to take the make-up examination unless he has been given a written permit to do so. This permit may be obtained from room 112, Chemistry Building.

Industrial Management Club

The Industrial Management Club will meet at 7 p. m. Thursday, May 25, in room 11, Ohio Union. Election of officers. Speakers, Professors Davis and Jucius.

Lecture on the Maya Civilization

The geography department, in cooperation with the departments of sociology, history, fine arts, botany, zoology, Romance languages and geology, announces a lecture at 4 p. m. Thursday, May 25, in the University Chapel, by Frans Blom, on the subject, "Explorations in the Land of the Maya." Mr. Blom is an international authority on the Maya culture, having devoted some 20 years to research in this field. His lecture will be illustrated by moving pictures and slides, most of the pictures having been taken on expeditions sent out by Tulane University. Mr. Blom is director of Tulane University's Institute of Middle American Research in New Orleans. The lecture is open to the public.

Chinese Students' Club

On Friday, May 26, at 8:15 p. m., in Campbell Hall Auditorium, the Chinese Students' Club will present a program of Chinese and American artists.

Excused from Class Attendance

The following students will be on concerted absence from classes on May 30 through Friday, June 2, in order to participate in a field trip of the home economics department: Margaret Boscok, Ruth Brown, Charlotte Engard, Frances Goodfellow, Lolita Harper, Marcella Martin, Betty Ann Smith, Helena Stokes, Phyllis Tinning, Martha Ulrich, Mae Voltz.

The following students were on concerted absence from classes May 20 and on Sunday, May 21, in order to participate in a field trip in Zoology 408 to Lakeside, O.: Janice C. Bentley, Elizabeth V. Bell, Sarah F. Castle, Suzanne Gilliam, Frances G. Gustafson, Marthian Jane Koch, Margaret Worsham.

ESTHER A. GAW,

Dean of Women.

Excused from Class Attendance

The following members of the University Symphony Orchestra were excused from classes from 11 to 5 on Tuesday, May 23, for the third broadcast of the Columbia Broadcasting System national program: Roy H. Adams, Morton Altschuler, Charlotte Ames, Endora Ashburn, Edward Baas, Eugene Bates, Elsie Becker, Sam Bell, Robert Berger, Albert Billfeld, Grace Bissell, Helen Boone, Roger Borroff.

Dorothy Brands, Marjorie Brands, Betty Buck, Ruth Cohn, William Cramer, Anne Davidson, Jeanne DeFrancesco, Robert Downs, Elizabeth Dye, Betty Gates, Marie Bell, Don Gilbert, Mary Haberman, Demeril Hafer, Glennell Hawks.

Charles Harris, Richard Heine, Ernest

Hicks, Robert Hicks, Chester Hill, Clifford Hite, Vera Howard, Forrest Irwin, Betty James, William Jennings, Glen Johnson, Virginia Lee Jones, Elmo Julian, William Keck, Jean Kinney.

Julian Leet, Maurice Lowks, Matt Luoma, Edith Lyman, Myron McKelvey, Jose Masters, Marian Marks, Howard Mauger, Betty Miller, Leon Oppen, A. G. Ostrogna, Russell Pardee, Francis Patterson.

Margaret Patterson, Alex Peterson, Betty Fletcher, Sofia Pomerantz, Lois Raup, Harry Schmidt, Nye Schofield, Lester Selcer, Naomi Snavely, Frank Spirk, Jean Sprenger, Leonard Solomon, Alma Stair, Gilbert Stansell, Jack Stierwalt.

Ernest Taylor, Benjamin Tepletaky, Raymond Tighe, Willard Tipton, Robert Thomas, Ethlyn Tossey, Joe Trosak, Jean Waid, Endora Ward, William Wilson, Philip Zausg, Albert Zier, Leo Ziolkowski.

The following students in Horticulture 650 were excused from classes on Tuesday, May 23, for a trip to Zanesville to visit the Soil Conservation Nurseries:

Robert W. Cole, John Robert Culbert, Dean T. Denniston, Barthold M. Holdstein, Milton S. Lyeon, Alfred T. Rider, Omar D. Shuman, Andrew Haug, James B. Shanks.

The following members of the Varsity tennis team were excused from classes after 10 a. m. Tuesday, May 23, in order to participate in a match with Cincinnati at Cincinnati: Irving Droyan, Victor Filimon, John James, John Lewis, George Mechir, Lawrence Mock, Charles Steinman.

The following students in Horticulture 628 were excused from classes from Friday, May 19, through Wednesday, May 24, in order to go on an inspection tour of the produce marketing facilities of New York and New Jersey:
