CHAPTER III

At the Board meeting, April 23, 1872, Robert N. Jones was appointed Superintendent of Buildings for the year ending April 1, 1873.

The employment of a Landscape Gardener was brought up at this meeting of the Board and the following resolution was adopted: "Whereas the Board was desirous of availing themselves of the professional skill of Mr. Strauch to lay out their grounds, but understanding his engagements with Spring Grove Cemetery, and the City of Cincinnati, were such as to preclude such undertaking in our behalf, it is therefore, resolved; that the Trustees of Spring Grove Cemetery, are hereby respectfully requested to permit Mr. Strauch to spend one day on our grounds, in order that we may avail ourselves of his general advice and great experience.

A copy of this resolution was sent to the Trustees of Spring Grove Cemetery."

The failure to secure Mr. Strauch to lay out the College Campus, resulted in the Executive Committee employing Mr. H. Haerlin, who also, was connected with Spring Grove Cemetery, to make maps of the Campus as evidenced by a resolution by Mr. Buchtel, which was adopted at the January 2nd 1873, meeting of the Board.

"That the Executive Committee be authorized to purchase from Mr. Haerlin, Cincinnati, Ohio, the maps made by him and presented at this meeting (by the Executive Committee) for the improvement of the College grounds, together with all the surveys and estimates made by him in connection therewith provided the same can be had at a price not exceeding three hundred dollars—the general features of said plan being approved by the Board."

The plans were purchased and paid for by the Board as agreed to but shortly after Mr. Haerlin presented a claim for extra work performed by him on the College Grounds. As there was no evidence that he had performed extra work his claim was rejected by the Board.

However, on January 8, 1875, the Board passed a resolution "to pay Mr. Haerlin $20.00, provided he gave the Board a receipt in full for all claims and services in 1873".

Captain Haerlein, Landscape Gardener, during April 1900, laid out walks and roads and locations for trees and shrubbery around Townshend Hall, Armory and Biological Buildings. The work to be done under the supervision of Professor Thos. F. Hunt, Superintendent of the Campus.

Dear Mr. Goerler,

This is in response to your letter of June 6 concerning biographical information on Captain Herman Haerlin.

I checked the Cincinnati city directories for the time period you mentioned and was able to verify that Herman Haerlin lived in Cincinnati from approximately 1873, when he first appears in the directory, until 1905. The 1906 directory lists his widow, Pauline. From 1880 through 1895, his son, Herman Haerlin, Jr., was listed separately in the directories as a clerk, then a florist, then a landscape draughtsman. I am enclosing the directory search that was done on the Haerlins with complete addresses and business information.

Beyond this, I was not able to find any biographical information on Haerlin. I checked our vital statistics index, local history index, obituary files, and manuscripts catalog but found nothing at all pertaining to Haerlin nor his involvement with OSU.

I hope the enclosed information from the directories will be of use to you. If I can assist you in the future, please let me know.

Sincerely,

Joan Plungis
Curator of Manuscripts

Encl.

P.S. I called Spring Grove Cemetery and found out that Haerlin died October 11, 1905, at age 73 years, 2 months, and 17 days, and was buried in Section 71, Lot 226 of Spring Grove. Their records also indicate that he was born in Germany. According to the Miller Funeral Home which handled his funeral arrangements, he died of carcinoma of the rectum, was attended by Louis Schwab, M.D., and was buried October 14, 1905. The obituaries which appeared in the Commercial Tribune and Enquirer newspapers give no further information.

Spring Grove Cemetery does not have any employment records going back to the time of Haerlin's employment there.
