NOTES FROM
THE OHIO STATE UNIVERSITY

Founded in 1870 as the Ohio Agricultural and Mechanical College, The Ohio State University has grown to be one of the nation's largest and most distinguished universities dedicated to teaching, research, and public service.

From one building and six graduates, the university, now composed of 19 colleges and 7 schools, has since granted degrees to more than 421,000 persons. With a complex of 342 buildings including a stadium, airport, radio station, television station and golf course, the main campus now rests on 3,700 acres of land in Columbus, the state's capital.

With more than 53,500 students attending, the university offers over 400 degree programs with over 10,600 courses from which to choose. Approximately 50,000 of these students are located on the main campus in Columbus, which in terms of enrollment, makes this the largest single campus in the country. The university also has over 300,000 alumni situated throughout the world.

Athletics has always been an important aspect of Ohio State. As a member of the Big Ten Athletic Conference, Ohio State participates in 32 varsity sports. With the traditional school colors of Scarlet and Gray, the Ohio State students and alumni proudly call themselves the Buckeyes.

HERE'S A CARD FOR SOMEONE WHO COULD REALLY USE SOME BUCKS!

GO BUCKS
After graduating in three years from the University of Miami and quarterbacking the Hurricanes to a national collegiate championship, Bernie Kosar was drafted into the National Football League. While playing in the NFL, he has distinguished himself as “the thinking man’s quarterback,” holding many team and NFL records. Off the field, his established Bernie Kosar Charitable Trust has not only provided scholarship programs in advanced education, but continues to fund many other worthy causes. Bernie’s love for sports and business prompted the development of his own greeting card line.
