Dearest mother

Got your last letter and am very glad that you have enjoyed yourself. I felt sure that you would have a good time.

Just think the tickets are bought and everything is fixed for us to leave Seattle on July 22 for Alaska! We will be gone 11 days and then spend a day here — go to Portland and spend 2 or 3 then go to California. Yes by all means send the addresses in Calif.

I am not sure when I shall get home, but not before some time in Sept. There is so much that is planned for me to see you know.

Last night the Goulds took me out to a very exclusive country club for dinner in their auto and then for over 2 hrs. we saw the city and all its beauties. I may go out with them again. Now he is one of the influential men here. She is so exclusive they took a lady doctor along. She gives dinners and dances etc.

So long Judy take care of yourself. I'll write soon.
