yes.

as a writer the only thing i can honestly advocate is writing.  
not my writing, your writing.  
the reader who gets it gets rid of it.

reading is not writing.  
reading is subservience, acquiescence, nostalgia,  
at best the construction of consensus fictions.  
the struggle is to transform reading into writing,  
against author as authority,  
anarchic and archaic against civilized sclerosis.

writing is a guerilla tactic against reading.
