Alpha Lambda Delta is the national honor society which recognizes outstanding scholastic ability of Freshman women. Any woman who has a point-hour ratio of 3.5 at the end of her first quarter in the University or a cumulative of 3.5 at the end of her Freshman year is eligible for the membership.

This year's class of Alpha Lambda Delta was initiated on March 8 at a ceremony held in the Grand Lounge of Pomerene Hall. A dessert tea was held afterwards. Janet Monahan presided as last year's president. Election of new officers was held and their installation took place during the second week of the Spring Quarter.

This society is purely honorary and there are no regular group meetings. The cabinet held meetings twice a month during Spring and Fall Quarters with weekly meetings being held Winter Quarter until the initiation of the new class had been completed.

The Ohio State chapter of Alpha Lambda Delta was established in 1943 but the society was founded nationally in 1924. The pin is in the form of a tiny candle and may be either gold or jeweled with four pearls and a ruby.

The cabinet for this year included Jo Anne Nida, president; Valerie Brown, vice president; Ann Petty, secretary; Martha Nichols, who is assistant secretary; Diana Gonser, treasurer; Pat Heine, initiation chairman; Ann Pierce, historian; and the junior and senior advisors, Janet Monohan and Patricia Van Kirk. Miss Lucille Alexander of the School of Home Economics is the faculty advisor to Alpha Lambda Delta. The meetings were held in the office of Dean Conaway, who acted in a special way as an advisor and was a great help to the cabinet this year. As a service to the University they served as ushers at the Honors Day Convocation and helped out by acting as election officials at all-campus elections.
Honorary seeks ruling to remain all-female

By Marsha McCord

The officers of Alpha Lambda Delta, freshmen women's honorary sorority, decided to file with the Undergraduate Student Government (USG), for exemption from the Code of Students' Rights and Responsibilities sex discrimination clause, Tuesday night.

Rebecca Nosil, sophomore from Dayton, and president of Alpha Lambda Delta, said if the group is not exempted from the ruling and still does not comply with the Code of Students' Rights and Responsibilities, they will not be allowed to hold any meetings on University property.

Nosil added, "If we do go along with it (allowing men in the organization) we will probably lose our national standing."

The sex discrimination clause says no student can be excluded from membership in any organization on the basis of sex unless the organization shows "a reasonable relationship between such exclusion."

Alpha Lambda Delta stresses developing leadership qualities among women. Betty Jo Hudson, an adviser to Alpha Lambda Delta, said, "It is difficult for a woman to rise to the position of president (in any co-educational organization)."

Nosil said the interests of any student denied membership in Alpha Lambda Delta on the basis of sex could be fulfilled in Phi Eta Sigma, the freshmen men's honorary fraternity.

Sandra Shullman, an adviser to Alpha Lambda Delta, said she doubted they would gain the exemption. Shullman said if they do not gain the exemption, they would obtain a provisional status.

The provisional status would last for a period of time to be established by the USG board that reviews his case. During this time the sorority would establish a stand on the issue and determine alternatives to propose to USG. Shullman said
Sex discrimination OK in honorary — for now

Alpha Lambda Delta, a freshman women's honorary sorority, was granted provisional registration with the University by James Trainer, coordinator of Student Organizations Office, who registers University organizations.

The provisional registration means Alpha Lambda Delta is temporarily exempted from the sex discrimination clause of the Code of Students' Rights and Responsibilities and thereby allowed to use University facilities.

Trainer said, "Due to national affiliation and fellowships (offered to Alpha Lambda Delta) members could be hurt by being forced to accept men and thereby losing national standing."

According to Trainer, the sorority will be given one year to contact its national office for constitutional changes concerning sex discrimination.

Becky Nosil, a sophomore from Dayton and president of Alpha Lambda Delta, said the national offices of the sorority have already proposed a constitutional change in the purpose of the organization.

The purpose, as now stated in the constitution, is "to promote intelligent living and a high standard of learning, and to promote superior scholastic attainment among the women in their first year in our institutions of higher learning."

The proposed constitution states the purpose of the sorority as "furthering women's unique role in society." Nosil said she doesn't know exactly what "women's unique role in society" is

ALPHA LAMBDA DELTA HISTORY

ALPHA LAMBDA DELTA was founded in 1924 at the University of Illinois. The purpose of Alpha Lambda Delta is to encourage superior scholastic attainment among students in their first year in institutions of higher education; to promote intelligent living and a continued high standard of learning; and to assist women and men in recognizing and developing meaningful goals for their unique roles in society. A lighted candle is the symbol for Alpha Lambda Delta. Its gold base, shaft, and light represent different qualities which Alpha Lambda Delta strives to achieve. The colors of Alpha Lambda Delta are red, white, and gold.

PHI ETA SIGMA HISTORY

PHI ETA SIGMA was founded in 1923 at the University of Illinois. The purpose of Phi Eta Sigma is to promote a higher standard of learning and to encourage high scholastic attainment among the freshmen in our institutions of higher learning. The colors of Phi Eta Sigma are black and gold. The insignia is a crest with the Greek letters for Phi Eta Sigma, a torch, a book, a pyramid, and a gold star. Each of these represents a different qualification. The key is also an insignia for Phi Eta Sigma. It has the motto, "Knowledge is Power."

ALPHA LAMBDA DELTA EMBLEM

The emblem of Alpha Lambda Delta is a lighted candle. The golden base signifies honesty and integrity, the foundations on which we build; the shaft signifies strength and courage; and the light signifies truth and wisdom which can dispel ignorance and superstition and give insight to live well in our time. Red, white and gold are the colors. Red represents the burning flame of knowledge, white represents the search for truth. Gold represents the strong base of honor. These symbolize the standards held by the members of Alpha Lambda Delta.

PHI ETA SIGMA EMBLEM

The crest of Phi Eta Sigma represents the symbols of the society. The torch and book are emblematic of scholarship; the pyramid of a strong healthy body; and the gold star, of a noble character. The chain links the symbols together, indicating that all three must be combined in a person who would attain the highest development. The Greek letters on the scroll, Phi, Eta, and Sigma, form the name of the society. They are the initials of the Greek words which mean "Lovers of Wisdom." The colors are gold and black. The motto is "Knowledge is Power."

Alpha Lambda Delta  

The officers work closely all during the coming  
year with the advisors of both organizations and with  
administrative and faculty leadership in the various  
colleges and central administrative offices.
New members are encouraged to attend the business meeting, whether or not they are interested in running for office. The continuation of the goals of these organizations is dependent upon students taking an active interest in them. Regular meetings are not held, because of the size of the groups. Approximately two organizational meetings are held per year, one in the spring and one in the autumn. Two initiations are held each academic year, thus making it important for some students to be interested in working on the planning and executing of them.

At the organizational meetings each year's membership is given the opportunity to set the goals and determine the projects for their membership year. Active membership is one full year from the date of initiation. Although members assume inactive status after that time, the benefits of membership continue as could be seen in today's program. Additionally, Alpha Lambda Delta annually awards nationally twelve fellowships of $2,500 each for graduate study. Phi Eta Sigma offers thirty national scholarships of $500 each to seniors who plan to work toward graduate or professional degrees.

The present officers will remain at the front of the Ballrooms after today's initiation ceremony is completed in order to answer questions you may have regarding the meetings and/or the officer's responsibilities.

Alpha Lambda Delta is proud to announce today that one of the National Fellowship Recipients is Kelly Kelleher, a second year medical student at Ohio State. We have been fortunate to have several students from our chapter receive one of these awards through the years, but Kelly is the first in five years. Perhaps one of you will win in three or four years!
CONGRATULATIONS AND WELCOME

We would like to express our sincere congratulations as you join Alpha Lambda Delta and Phi Eta Sigma. A warm welcome is extended to you to come to our meetings and actively participate in either or both of these groups. These organizations are an excellent way to get involved and gain valuable experience in University activities. Please consult the back of today's program book for details.

All initiates of Phi Eta Sigma receive one piece of jewelry which is included in the national dues which have been paid. This is stapled at the top of this page. Alpha Lambda Delta national dues do not cover the cost of jewelry; thus, only those initiates who ordered and paid for extra jewelry will have that item included in the packet. ALD jewelry is boxed in a plastic container which is approximately one inch square. Check your packet thoroughly before calling about errors or missing items.

Again, congratulations, and we hope to see you at our next meeting.

THERE ARE MANY WAYS IN WHICH YOU MAY CHOOSE TO TAKE ADVANTAGE OF YOUR NEW MEMBERSHIP IN THESE HONOR SOCIETIES. THOSE LISTED HERE ARE JUST A FEW.

1. Now that you have earned a public reward for high scholastic achievement during your early quarters at Ohio State, remember to list your membership on job applications and when applying for other honors. Both of these groups are nationally recognized names and have chapters on hundreds of campuses.

2. Attendance at meetings (which are infrequently called) will identify you as someone who is interested in the ongoing operation, without necessarily committing you to any certain amount of work. You may want to volunteer for some committee or project or you may want only to be present to participate in the decision making regarding who will be officers and what the projects will be.

3. Some will want to run for an office on Tuesday night, April 20, when the following offices will be available:

   President - - - - - - - - must belong to both groups
   Vice President for Programming - " " " " "
   Vice President for Membership-- " " " " "
   Recording Secretary -- -- -- can be a member of either or both
   Corresponding Secretary -- -- -- can be a member of either or both
   Treasurer/ Alpha Lambda Delta - must be a member of ALD but could belong to both
   Treasurer/ Phi Eta Sigma-- -- -- must be a member of PES but could belong to both
   Assistant Treasurer/ ALD- -- -- same requirement as ALD Treasurer
   Assistant Treasurer/ PES- -- -- same requirement as PES Treasurer
   Initiation Committee Chair- -- -- can be a member of either or both organization(s)

4. Suggested Attributes for Officers

   a. sincere interest in being the best leader you can be
   b. desire to work cooperatively with other officers
   c. willingness to try to learn how to be an even better leader
   d. interest in getting to know the operation of the University better through working with the faculty advisors
   e. commitment to give the time necessary to do the job well

WHETHER OR NOT YOU ARE INTEREST IN RUNNING FOR ONE OF THE OFFICES LISTED ABOVE, YOU ARE ENCOURAGED TO ATTEND THE APRIL 20 MEETING TO HELP SET UP THE OPERATION OF THE GROUP AND TO GET ACQUAINTED WITH THE CANDIDATES. IT IS IMPORTANT TO THE ONGOING EXISTENCE OF THESE GROUPS THAT GOOD OFFICERS BE ELECTED. YOUR PRESENCE AND YOUR KNOWLEDGEABLE VOTE ARE NEEDED.

MEETING: TUESDAY, APRIL 20, MEMORIAL ROOM, OHIO UNION.

GENERAL INFORMATION: AVAILABLE ON A DROP-IN OR CALL-IN BASIS ON MONDAY AND TUESDAY, 152 WEST HALL, 422-6344

CANDIDATES: PREPARE A BRIEF (3 MINUTE) PRESENTATION

Many, many other positions will be appointed. A mailing committee will be needed to aid the officers in putting out a large summer mailing, historians and editors of the materials for the national publications, membership liaisons for the regional campuses, scholarship committee members, publicity people, and many other interesting and challenging positions will be discussed at the April 20 meeting. If you will be remaining on a regional campus, you may want to be the contact person there who becomes a member of the executive steering committee. Ask the chair of your honors committee how you can do this.

OSU honor groups initiate freshmen, stress academics

By Loren Santiago
Lantern staff writer

"You are the best on this campus. Academically, you are at the top," said James A. Knight Jr., associate professor of agricultural education, in his speech to about 400 freshman honor society initiates Sunday.

These students became members of Alpha Lambda Delta or Phi Eta Sigma, or both, in a ceremony in the Ohio Union Ballrooms.

Any freshman with at least a 3.5 grade point average after completing 14, 28 or 42 credit hours may join either society. The societies are separate but similar organizations, and work together on many service projects.

The purpose of both honoraries is to encourage students to seek academic excellence during their first year of college.

There are currently 261,181 active members in the national societies. There are 1,112 active members at Ohio State.

Knight urged the students to become involved with organizations other than the honor societies and added, "If you leave OSU with this acknowledgement (of being a society member) but have done nothing else, you leave with only half of your education."

Last year, members of both organizations started doing volunteer work for the Office of Disability Services. Some students have recorded books for the blind. During winter quarter 1982, the groups sponsored a career workshop in the Ohio Union. Representatives from different colleges talked to students about internship opportunities.

The societies' adviser Betty Jo Hudson, assistant dean of University College, said about 60 percent of eligible students join these honor societies. She said this percentage might be due to the invitations being sent to the students' home addresses, so the parents can also see them.

She said parents see more importance in joining the societies and urge the students to do so.

Jean R. Geisman, professor of horticulture, spoke to the initiates. "The discovery of knowledge is like the first flower in spring. It is beautiful and an indication of what is to come," he said.

Russell Cunningham, a freshman from Columbus majoring in finance, said the initiation was a privilege and an honor. "It gives me a challenge to do better in the future," he said.

Chris Hill, who graduated Summa Cum Laude winter quarter with a 3.98 GPA, was given the annual Alpha Lambda Delta Book Award. The award goes to each year's top graduate at OSU. Hill received the book "Markings" by Das Hammarskjold.

The Ohio State chapter of Phi Eta Sigma was formed May 5, 1928. Alpha Lambda Delta came to OSU May 19, 1945.
