The complete copy of this booklet and Boyd Bode's address can be found in Boyd Bode's biographical file.

INDUSTRIAL ARTS AND THE AMERICAN TRADITION

AN ADDRESS BY
BOYD H. BODE
Professor of Education
The Ohio State University

EPSILON PI TAU
University Station, Box 3111
Columbus, Ohio
1942

The 1762 members of EPSILON PI TAU comprise the honors group in industrial arts and industrial-vocational education. They belong to twenty-one chapters and live in forty-two states, three territories, the District of Columbia, Canada, and India. In addition to many programs operated regularly by the chapters, it is the custom to hold frequent regional or national meetings, each climaxed by an address from a noted speaker. In these respects, the year 1941 was unusually rich.
