OHIO STATE EXPANDS FAMILY PRACTICE NETWORK

COLUMBUS, Ohio -- The Ohio State University Medical Center has expanded its network of family medical care centers with the opening of OSU Internal Medicine and Pediatrics -- Grandview, 1609 Northwest Blvd., at the intersection of King Avenue.

The office is staffed by Drs. Cami Curren and Autumn O'Brien who trained in both internal medicine and pediatrics and treat children and adult patients. Phone number for the office is 293-7980.

OSU Internal Medicine and Pediatrics -- Grandview provides primary care services including physicals, immunizations, and treatment of chronic and acute illnesses and minor injuries.

The physician office is the latest University Medical Center-affiliated practice to open in the central Ohio area. The network of community-based health care facilities includes more than 30 family care centers linking patients in those areas with physicians associated with The Ohio State University Medical Center.

University Medical Center is consistently recognized for the quality of its health care programs and is the only central Ohio area hospital named in a July 1999 issue of U.S. News & World Report magazine as one of "America's Best Hospitals."
