HONORED above all alumni, the members of Ohio State's first graduating class will celebrate the 50th anniversary of the University's first Commencement on "Alumni Day," June 9th. The picture above, taken upon the historic occasion of their graduation, is priceless in University annals and was presented to the Alumni Office by the late Mrs. Alice Townsend Wing, '80. All five of the living members of the Class are expected to attend the Golden Jubilee Reunion on the campus this June. In the front row, left to right, are—Ferdinand Howald, New York City; Curtis C. Howard, Columbus; Dr. Arthur B. Townsend, New York City. Standing—John F. McFadden, Steubenville; Walter Angus Dun, deceased; Charles Dietrich, Lexington, Ky.
