GAB ROOM - late 1890's

A gathering place for the women on Campus where they could eat, socialize ("gab") and/or study with one another. This room was located in University Hall. It would be 1922 before there was a building on Campus that accommodated women only for social and athletic events (Pomerene Hall).

The above photo and caption were used in a bulletin board display in the Main Library for Winter Quarter, 1994.
