1955
Foreword

Here is your 1955 Membership Directory of Gamma Tau Zeta, the Ohio State University Chapter of Lambda Chi Alpha Fraternity. We are sending a copy to each alumnus in the hope that it will be useful to him.

This booklet is divided into two main sections: the alphabetical section and the geographical section. In the former, the name is followed by the class year, then the position or title, firm, business address, and lastly, the residence address. In the case of students and servicemen, the record address is usually the permanent home address. An asterisk (*) preceding the name indicates a member of the undergraduates chapter.

Some members are "lost," and after their names appear the words: "correct address desired." If you know the whereabouts of one of these brothers, let us know.

In the geographical section, persons are located according to residence or permanent home address.

Though great care has been taken and much time and effort expended to make this record as up-to-date and complete as possible, errors and incomplete entries will be found. Your cooperation in furnishing corrections and supplementary information will be appreciated. All corrections and future address changes will be published in the GAMMA TAUROS.

Our thanks to those who have sent in their directory information cards and contributions to defray the cost of this publication. All contributions to the 1955 Directory will be acknowledged in the next issue of the GAMMA TAUROS.

Yours in Z.A.X.

WILLIAM M. GILBERT '57,
Directory Editor

CODY, Robert A., Student, O.S.U.; Box 64, Malinta, Ohio.

CRABIN, Robert L., R. 6, Springfield, Ohio.

11 placed on non-active status

Fraternity undergoes changes

5-20-71

About ten members are left in Lambda Chi Alpha fraternity. The national headquarters and local alumni of the fraternity conducted an evaluation of all members in the local chapter about a month ago. As a result 11 were placed on non-active status until they graduate.

According to Robert Gomer, sophomore from Wauseon and president of the fraternity, 15 other members withdrew from the fraternity "out of defiance" after the other members were placed on non-active status.

Over the past two or three years the members of the fraternity have become apathetic and have isolated themselves from University affairs, Gomer said. They wanted to have their own "fraternity within the national fraternity" without the national's rules and regulations, he added.

Representative visits

Gomer said in late February a representative from the national fraternity visited the chapter and made suggestions for changes. Even after his visit members were not motivated enough to cooperate with officers, Gomer added. He said he thought reorganization was the only answer.

As a result of the "house cleaning," Gomer said he feels he has a "good core group with which to reestablish the fraternity.

Dale Feneli, a junior from South Euclid and one of the members who left the fraternity, said he feels this group will be unable to rebuild the fraternity.

According to Feneli and Roy West, a senior from Annadale, Va. and past president, the core consists of four pledges and two graduating seniors. After the seniors graduate, only four inexperienced members will be left, they said.

West, who was ousted from the fraternity by the "house cleaning," said two petitions had been passed by the original fraternity.

One asked for a new election of officers. The other said the review board which "tried" all members had not been fully informed.

In both cases all members signed except Gomer.

Gomer went to the national fraternity and the alumni chapter, "secretly" and asked for a "house cleaning," according to West.

After this "house cleaning," a three-member nominating committee was appointed by alumni to choose a president.

This committee decided not to nominate anyone for president, West said.

Get members back

He said the committee didn't want Gomer as president because he had requested the "house cleaning." They wanted to get back some of the members who had left the house out of defiance before making a nomination. The committee felt other possible nominees were unqualified due to inexperience, he said.

Recently the alumni have approved Gomer as president, against the original wishes of the committee, West said.

West said he regrets what has happened to Lambda Chi. He has much hope in the new "achievement program" which Gomer has brought to the house.

For the past month West has been in contact with all of the brothers and is writing a critique of what happened at Ohio State for the national fraternity. Hopefully, this will prevent similar problems at other chapters, he said.

West said a "rebuilding" will take both time and officers who can relate to the members, but he said he is optimistic about the future of the fraternity.

Due to the small membership, the national fraternity and the local alumni will aid in rush next fall.
