עמל שטרן אביגולד

 Saving the Jewish people from the Holocaust.

During World War II, thousands of Jews were targeted for extermination by Nazi Germany. Despite the danger, Rachel Steren Abigold, a brave woman, worked tirelessly to save as many Jews as possible. Her efforts included establishing a network of safe houses and disguising herself as a nurse to transport Jewish children to safety. Her courage and dedication saved countless lives and her legacy continues to inspire those who learn about her story.
